"It is for freedom that Christ has set us free. Stand firm, then, and do not let yourselves be burdened again by a yoke of slavery." Gal 5:1

## The Moral Outrage Has Been Building for Decades: NOW- Great News for America!

#1458 & #1459

**OUTRAGE:** Christians have seen our basic liberties come to an end as bakers, florists, pastors and government officials are fined, sued and jailed for simply believing in *traditional marriage*.

**OUTRAGE:** Obama has given Iran nuclear capability and the funding (\$150 billion) so they can launch an EMP attack over America to totally shut down all our electronics and devastate this nation!

**OUTRAGE:** Americans have seen businesses collapse because of extreme regulations (EPA), high taxes, and forced funding for abortion in Obamacare. *Basic liberties and prosperity hang precariously by a thread.*

**OUTRAGE:** Our government has *squandered the wealth of this nation* with over \$19 trillion in debt that can never be paid off and rising at a rate of \$800,000 per minute. As a taxpayer, your share of this debt is \$159,034. Obama has squandered over \$100 million on his lavish vacations at taxpayer's expense.

Because of outrageous and treasonous acts of our government, Americans will vote in historic numbers to take our country back. This election is *not just another election*, but it's about our identity as a nation!

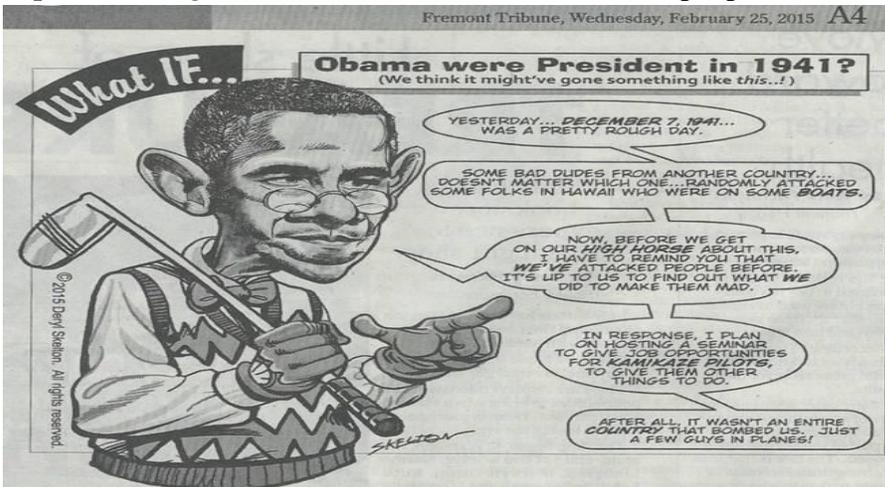

**Dr Gerard Lameiro**, author of *Great News For America- The Constitution, Freedom and Prosperity Are Coming Back*, extensively researched America's 240 years of political history, says;

- Every 32 to 36 years, or every 8 or 9 presidential elections, there is a **new Constitutional Era!**
- The **Republican** Party (as we know it) will end with the 2016 presidential election;
- The **Democratic** Party (as we know it) will end with the 2016 presidential election;
- The mainstream **media's** influence on presidential elections (as we know it) will end with the 2016 presidential election
- Liberal governance will end with the 2016 presidential election.
- Americans will turn back to capitalism and free enterprise and reject socialism and oppression!
- The new president will immediately REPEAL all of Obama's unconstitutional Executive orders and repeal Obamacare! And repeal Obama's treacherous Iran nuclear agreement!

A majority (84%) of young Americans under age 30 still don't get it. They are looking to elect socialists not capitalists. They think big government is *not just acceptable* but preferable to capitalism and free enterprise. What they don't realize is that socialism is *more than just another economic system* it's part of a worldview in which the state becomes *like a god* - the provider for the people determining who lives and who dies!

**Socialism is legal plunder! Period!** Socialism goes with *atheism and tyranny and impoverishes a nation!*

We've seen what socialism does *to this nation*. *We've got more people living in poverty on food stamps and dependent on government than ever.* When half the people realize they don't have to work because the others

Will provide for them, they quit work. Why work to see your pay taken so someone else doesn't have to work? Dr Adrian Rogers said, "You cannot legislate the poor into freedom by legislating the wealthy out of freedom. What one person receives without working for, another person must work for without receiving. The government cannot give to anybody anything that the government does not first take from somebody else. You cannot multiply wealth by dividing it.

*The government big enough to give you everything you need is big enough to take it all away.*

- Socialists want total control! That means your freedoms are gone.
- Socialists think they can better determine *how to run your life and spend your money than you can.*
- Socialists believe the **children belong to the state:**

“I believe the primary **role of the state** is to teach, train and raise children. **Parents have a secondary role.**” **Hilliary Clinton**, “*It Takes a Village.*”

- Socialists think the 2nd Amendment right to own firearms is ***just a roadblock*** to their fantasy world, just like Hitler, Mao and Stalin, who took guns away from their citizens ***for their own good.***

“I will get the NRA shut down for good if I become president. If we can **ban handguns, we will do it.**”  
**Hillary Clinton**, interview with the Des Moines Register, Aug 8, 2015

### **Universities propagate socialism**

Why? Because they’ve been seduced by Marxism, and they have rejected our Founding principles. **Dr Gerard Lameiro**, author of *Great News For America- The Constitution, Freedom and Prosperity Are Coming Back*, predicts this election will transform both political parties and the media. This election will be one of the most **historic, crucial** presidential elections in 120 years. *The colossal turnout will swamp all the voter fraud.*

- Minorities who have voted as monolithic blocks for Democrats for generations live in inner cities that have **become war zones.** No one wants to live in fear of getting shot if they go out at night.
- ***No one wants to live in poverty or drug riddled neighborhoods where violence and vice rule the night.***
- No one wants their children stuck in failed schools with no hope of *escaping the generational ghetto.*

The deceitful Democrat politicians have taken these minorities for granted *for too long.* But are these oppressed minorities ready for real change? Incredibly the Democrat Party is going further **to the Left.**

The Democrat Party will become the **“Socialist Democrat Party”.**

62% of Republican voters feel ***betrayed by Republican office holders*** who promised so much and did so little. No fight – just go along with Democrats. Because of the tarnished name “Republican,” and because they ***abandoned their core principles,*** the name *Republican* will change to “***Conservative*** (Republican) Party.”

There’s a moral **revolution coming through ballots not bullets.**

It will be a *landslide for Constitutional conservatives* who have seen their liberties and prosperity deteriorate by an out-of-control socialist government. They will vote in historic numbers to take this nation back! Dr Lameiro, a member of the 1980 *Presidential Electoral College*, cast one electoral vote for Reagan.

Reagan put it this way:

The issue of this election is whether we believe in self-government ***or we abandon the American Revolution*** and believe that a ***small group of elite politicians*** in Washington can make our lives better than we can! We have a rendezvous with destiny to preserve the best hope for man on earth or sentence our children to a thousand years of darkness. Ronald Reagan “A Time for Choosing” 1964

**We have been living in an anti-Constitutional era**

Obama and the Supreme Court have ignored the Constitution. The Supreme Court ruling ***homosexuals have a Constitutional right to marry*** is ***itself unconstitutional.*** These *renegade* “justices” have violated their oaths of office *to uphold the Constitution* and shown they are *unfit to hold office.* If they can rule *without the Constitution,* their decisions will be *null and void.* For example, they could rule that everyone is entitled to free food, free college, free medical, a free car, a free house, and \$50,000 a year. An out of control Court renders the Constitution meaningless and the very rule of law meaningless and guarantees chaos is sure to follow.

“The Deal”

It was not just *insanity* for Obama to “make a deal” where Iran gets the *capability to develop nuclear weapons,* **it was treason!** Article 3 section 3 of our Constitution ***defines treason*** as giving aid and comfort to our enemy in wartime! Giving our mortal enemy, Iran - the world’s greatest sponsor of Muslim terrorism, the ability to develop nuclear weapons, gave them the ability to set off an EMP (an electro magnetic pulse) that would devastate us! Setting off a high altitude EMP would shut down our electrical grid. *No electricity means no computers, no internet, no cell phones, no cars, no trucks, no water pumped to homes, no transportation, no food in stores, no medicine in*

drugstores... According to expert Peter Fry, **90% of Americans** could **die** as a result of an EMP. Iran could easily give these weapons to radical Muslim terrorists - *nuts with nukes*.

Pastor **Rick Scarborough**, of *Vision America*, says it's time evangelicals *rose up, spoke out* and took back the country *God has given us*. **No church has ever lost tax status** for taking a stand and speaking about moral and political issues. Pastors are citizens and have the freedom of speech. People need leaders, so pastors LEAD!

Some Christians are deceived into thinking that **socialism** (taking from the rich to give to the poor) is Biblical. But it is not. The early Christians sold their possessions to **voluntarily** give to their **church**, not the **state**. It was **voluntary contributions not mandatory taxation**. *There's a huge difference*. Socialists don't get it. Once the wealth of a nation is consumed, that nation goes bankrupt. And we are right on the verge of bankruptcy.

*"A liberal's paradise would be a place where everybody has guaranteed employment, free comprehensive health care, free education, free food, free housing, free clothing, free utilities, and only law enforcement has guns. And believe it or not, such a place does indeed already exist: It's called **Prison**."* Sheriff Joe Arpaio

As Margaret Thatcher said,

**"The problem with socialism is that you eventually run out of spending other people's money."**

A little girl was asked what she would like to be when she grows up. She said, "I'd like to be President so I could give free food and housing to homeless people." But her dad said, "You don't have to be President, you can earn \$50 now by pulling weeds and cleaning the house. Then you could give the homeless guys the \$50 you earned doing housework." She thought and said, "Why not get the homeless guys to *do the work* and you can pay them the \$50 for **working**?" Her dad said, "Welcome! You are now a conservative."

❑ To those who say capitalism is the **unequal distribution of wealth**, we say socialism is the **equal distribution of misery!**

The New York Education Department's Board is defending its hotly debated plan that **allows illegal immigrants to be certified public school teachers**. Obviously New York wants to take over the #1 spot away from California for being the most *irritating, idiotic, irresponsible state in the nation*. This might just do it!

❑ **Christ's Resurrection** part 1 #1460

The greatest event in all history, even greater than the Creation itself, is the Resurrection of its Creator - Jesus Christ. God, Who was worshipped and obeyed in heaven, Who **created universes**, came to a tiny, rebellious planet, became a man and allowed himself to be tortured and killed to save us from hell. The greatest words ever spoken are "Christ is risen!" **Bruce Marchiano**, the actor who played the part of Jesus in *more movies than any other person*, says Jesus wasn't a victim caught by surprise, but He died an excruciating death so that we could be with Him forever as part of His eternal Family!

❑ **Do Heaven & Hell Really Exist?** part 2 #1461

If just being "good" could get you to heaven, why did Jesus have to die? What makes you think you deserve heaven? **Why should God let you into His heaven?** How can you be **certain** that you *will go to heaven*? For people who say they don't know what happens after they die, nobody ever came back to tell them, here are some *fascinating true accounts* of what people really experienced in the afterlife and tell it to you in their own words with *actual sound bites*. **Dr Maurice Rawlings**, a cardiologist who resuscitated many critically ill patients, was so shocked at what some of these terrified patients told him about hell, he became a Christian. **Ron Reagan** saw the faces of people who had died. He heard their screaming, being burned but **not consumed by the flames**. He said, "I saw someone **I knew** who had died of an overdose. I saw his **extreme agony**. **It was dreadful**. No escape and no hope."

*This is one of the most fascinating programs you will ever hear.*

**Bill Weise**, author of *What Happens When I Die? True Stories of the After Life and What They Tell Us About Eternity*, describes some fascinating accounts of what people experienced **after death**, and they came back to warn us of the *reality of eternity*. An atheist scientist, **Dr Don Whitaker**, came close to dying, said, "It's easy to be an atheist when you're successful. You don't think **you need God**. But on your deathbed, knowing you are going to die, you *begin thinking* about **eternity**. **What if there really is an eternity** of darkness and torment? It's hard not to believe when you're on your **deathbed** on the edge of eternity."

Bill Weise's neighbor was dying in the hospital of cancer but asked Bill not to talk about religion. But later, as Bill's neighbor felt his spirit slipping out of his body, he became horrified. He was a tough war hero, but the dread of total darkness made him realize he was going to hell. He called Bill back, and they prayed together.

- Billy Graham said, "***Seconds after you die, things you thought are important won't matter at all.***"
- Pastor Erwin Lutzer said, "If Stephen saw our Lord before he died, and if Paul was caught up into paradise before he died, and John saw the Revelation, it's possible others also could experience the after life."

#### **How can a *loving God send people to hell?***

God has done everything to ***save people from hell***. God Himself came to the earth He built to ***die for your sins***. If you reject God's infinite sacrifice, there is an infinite penalty you must **pay for your sins**. You are in essence saying to God, "I don't ***value your sacrifice for my sins***." How long is an eternity in hell? Since there is no amount of time you can serve in hell to ***pay for your sins***, you never get out. ***You must forever pay for your sins***. It's one thing to kill an ant, yet another thing to kill a dog, or a horse. But it's a far bigger sin to kill a person. ***But to sin against the awesome Holy God is an infinite -enormous sin that requires an infinite eternal hell as payment!*** Consider carefully what you do about Christ. Your eternal destiny hangs in the balance.

#### **□ Why Muslims Want to Kill Us #1456**

Why do Muslim terrorists want to ***kill us***? **Walid Shoebat** knows – *he was one – a Muslim terrorist*. Americans have no idea *the motivation of Muslims* or how to combat Islamic terror. What if you believed that ***your only chance to go to heaven was to die in Jihad?*** That killing you is his only hope of heaven? **Walid Shoebat** believed that and wrote, "To die killing Jews would ease Allah's anger toward my sins, and I would be assured a place in heaven with beautiful virgins." His education centered on killing Jews. He began attacking Jews when he was just 8 years old. His lullabies and childhood poems were about flying body parts and games where children dipped their hands in red paint mimicking bloody hands after blowing up Jews.

Walid says. "Muslim terrorists are no different from Nazis throwing Jews into ovens." The idea that a person should be killed because of their religious beliefs is foreign to our thinking. But Walid's own family would be obliged to kill him for leaving Islam and becoming a Christian.

Walid came here from the Middle East as a college student, but his real motivation was to raise money and ***recruit students for jihad***. For naïve Americans who think Islam is just another religion, he details the horrors of jihad and the *barbaric Sharia Law*. Walid, now a Christian and author of *Why I Left Jihad* and *Why We Want to Kill You*, warns of the dangers of Islam that's winning university students.

#### **How do you fight someone who wants to die in Jihad?**

We are involved in a war of ideas, of religious ideas. The enemy is totally committed to their beliefs. Our side is indifferent, apathetic and uninformed. Muslims have infiltrated our universities under the guise of multiculturalism. And they are winning the minds of students. Our universities cater to their every need, building ritual foot bathing sites, separate swimming pools for men and women, granting prayer time, even prayer rooms for Muslims. Our textbooks describe Islam in glowing terms, tolerant and true, but portray Christianity in a harsh light as warmongers. When students don't hear the truth, what do you expect them to believe? We need to combat the lies with the truth that founded this nation.

Iranian **ayatollahs** have said they would ***win a nuclear war with Israel***, because they would decimate all of Israel, but nuclear retaliation by Israel would damage just a portion of the vast Muslim world. There will be no peace, no matter what land Israel gives up, as long as ***Muslim children are brainwashed to kill Jews***. The primary goal of the land is secondary; they want all Jews ***dead and totally eliminated from the earth***. Who but ***Satan (Allah)*** could ***brainwash an entire culture*** to kill God's people so they mistakenly think they have a chance go to heaven? They even turn children against parents and parents against their children.

**Amazing:** A Muslim man in Egypt killed his wife because she was reading the Bible and then buried her with their infant baby and 8 year old daughter. The girls were buried alive. 15 days later another family member died. When

they went to bury him they found the 2 little girls under the sand – ALIVE! The older girl was asked how she survived. She said, “A man wearing shiny white clothes, with bleeding wounds in his hands, came every day to feed us.” There was no other way they could have survived except through this miracle.

The CSP Poll (2015) reported: 25% of Muslim-Americans say that violence against Americans in this country is justified as “Jihad.” To Muslims we say: Allah is Satan, who wants you to *die for him* for your sins. But God, Who gave His only Son, Jesus, already died for your sins, so you don’t have to. *He loves you. Come to Him.*

At a time when we shake down 80 year old grandmas at airports, *we have opened the borders to 1.5 million Muslims since 911*, many of whom are or will become Muslim terrorists. It was just 15 Muslim terrorists who hijacked the planes and flew them into the Twin Towers on 911. Some of them learned to fly right here.

### Why we might lose to Islam.

The real danger is not radical Islam *per se*; its danger is indirect. What Americans suffer from is a **deep dose of relativism** where there is no objective truth, *no religion is any better than any other*, God is the *same as Allah*... Muslims believe Islam is true. But this generation of Americans have lost the concept that, “Blessed is the nation whose God is the LORD!” PS33:12 That this a nation worth defending. Without this basic belief, we are already defeated. They won’t fight for beliefs they don’t believe.

#### □ Salt & Light #1457

Never in history has any nation turned its back on its God in such a short time as this nation! Never have so many millions of Christians been so *irrelevant to a culture*. Why? Where is the salt and light? Many *Christians have been deceived* to believe government can be the answer to their problems. Many believe *economic equality* comes through socialism. **James Robison**, co-author of *Indivisible - Restoring Faith, Family and Freedom*, says God is giving Christians a mandate to be salt in this degenerate culture. James Robison was the product of rape, but his mother chose not to abort him.

### Abortion kills a child. It doesn’t un-do a pregnancy.

James Robison said, “A **personal** relationship with Christ should have **public** consequences!”  
“What good is it to say you have faith but have no deeds?” Ja 2:14

The intellectual elites have done everything they could to *destroy morality and Christianity*. But Washington said, “Morality and religion (Christianity) are the twin pillars upon which the foundation of the country was built. Let no man who undermines these pillars, morality and religion, *call themselves a patriot.*”

**Jay Richards**, co-author of *Indivisible*, and author of *Money, Greed, & God*, dispels economic myths taught as facts in schools that lead students to become socialists. Were early Christians socialists, communists or capitalists? How can we best help the poor? How do moral issues affect economic issues?

Marxists/socialists realized a violent overthrow wouldn’t work, so they have slowly, stealth-fully transformed our nation by changing our most basic ideas and beliefs through our education systems to adopt their beliefs as ours. In a non-violent **revolution**, the education system, media, and government have transformed our nation.

*Liberals like to be called “progressives.” Progress for a termite means **destroying your house.***

#### □ A Nation Born in A Day part 1 #1454

What would the world be like if *Israel owned all the oil rich land God gave Abraham and his descendants*? If Israel got all the land promised by God, it would turn a *10 million population into 300 million people* living in an area the *size of America*. Some people talk about *Israel occupying Palestinian land*. But *Palestine* didn’t exist in Jesus day. The *Philistines* were *enemies of Israel*. The name “*Palestine*” *came from the Romans*, who wanted to take the land *away from Israel*, so the *world would forget* the land was given to Abraham’s descendants **by God**. The Roman strategy worked so well that many *people called it Palestine*. But God wasn’t fooled. **THE LAND IS STILL ISRAEL’S land and God’s promise remains forever.**

### God owns lots of land, like the entire universe!

It’s all His so He can give it to anyone He wants, right? Thousand of years ago God made a covenant with Abraham in Gen 15:18. God said to Abraham, “To your descendants I give this land.” Today that would include Lebanon, 2/3 of Syria, 1/3 of Iraq, Jordan and part of Saudi Arabia.

Israel has shown what it can do with the tiny sliver of land it has now with scientific inventions in medicine, finance, and technology and turning the desert wasteland into a verdant producer of crops that go throughout the world. If Israel possessed its inheritance, there would be massive new inventions and innovations. **Paul Toberty**, who owned radio stations and hosted programs on TBN, is the author of *A Nation Born in A Day - How God's Land Grant to Abraham Affects World Affairs and End Times*. He says, "The sooner the land grant to Israel is fulfilled, the sooner this age comes to fulfillment in Christ." God's promise will be fulfilled. What are the signs it's going to be soon? Get Paul Toberty's booklet *A Nation Born in A Day* from the return card.

□ **A Nation Born in A Day** part 2 #1455

We are witnessing Biblical prophecy being fulfilled in our time. Fulfilled prophecy is proof that the Bible is Divinely inspired. ***Throughout human history, no nation dispersed for millenniums, ever became a nation again with their language, culture and religion intact.*** But Israel became a modern nation after 2,000 years (since they were dispersed in 70 AD by the Roman destruction of Israel) **in a day!** This was the fulfillment of prophecy in Isa 66:8. Prophesied thousands of years ago, Israel became born in a day on May 15, 1948!

Prophetic scriptures also say ***all nations*** will come against Israel. **Does that include America**, as this nation turns away from Israel and supports Israel's enemies? **Chuck Crismier**, author of *King of the Mountain, the Eternal, Epic, End-Time Battle*, says, "The culmination of prophecy with world wide nuclear war could usher in **the end of our age.**" **Joel Rosenberg**, author of *Damascus Countdown*, says, "An atomic Iran could do in 6 minutes what it took Hitler 6 years to do, kill 6 million Jews."

□ **Revisiting Nazi Germany** #1453

Can you imagine Americans electing Hitler? In 1938, Austria did just that! "Hitler didn't take Austria by force; we elected that monster in when 98% voted to annex Austria to Germany. I'm an *eyewitness* to history," said **Kitty Werthmann**. In 1933, Austria was in a deep economic depression with 33% unemployment and 25% inflation. People were begging for FOOD! But they were told that Germany didn't have any crime or unemployment because of the ***Socialist Party leader Hitler***. They believed the big lie!

Americans twice elected a **Marxist President** to rule over us. And with him came a government that no longer represents us ***but ignores us, ignores the Constitution, and imposes a socialist agenda.*** America was founded on the idea that government is our *servant, not our master*, and **God** is the **basis** of our **rights**, not government!

**Where were the pastors when Hitler was rising to power?**

Hitler's message to pastors was, "You pastors should worry about getting people to heaven and ***leave this world to me.***" Sounds like ***separation of church and state!*** Out of 18,000 German pastors, only 200 refused to sign a ***loyalty oath to Hitler***. Many Germans said Hitler was a **gift from God**. They may have had great bible studies, beautiful music and fellowship. But they neglected the most important issue of their day.

We love this quote from revivalist Charles Finney (1792-1875) who said, "The church must take ***right ground in regard to politics.*** If immorality prevails in the land, the fault is ours. If there is a decay of conscience, the pulpit is responsible for it. If Satan rules in legislation, the pulpit is responsible." If you ever wondered who is greatly responsible for the moral decay in our culture, it belongs to those who are called to preach.

If the church has *limited impact* on society, it's because ***their focus is on their church*** and not the ***Kingdom of God***. A myopic vision keeps churches divided, ingrown, and unable to transform the culture.

Martin Luther stated, "Christianity is not Christianity until it ***impacts the culture.*** It's cowardice to claim you're preaching the gospel **if it doesn't impact your culture. Anything else is empty religiosity!**"

***Politics is not our primary purpose, but it enables us to achieve our primary purpose - to keep our freedoms so we can impact the nation for Christ!***

***The great horrors of the gas chambers didn't begin in Auschwitz. They began in the minds of people who had forgotten God and abandoned His absolute values, who made the state their god in determining who lived and who died.***

So if the state says abortion is legal, they are putting *themselves in God's place*. If the state says two men can marry, they are putting *themselves in the place of God*. If the state says the children belong to the state, they are *putting themselves in the place of God*. The children belong to the Lord. But have Americans forgotten that America was founded in opposition to a king who wouldn't listen? Have they forgotten that the same spirit that causes men to stand or fall on a battlefield also causes them to protect our freedom at the voting booth? Throughout our history, ordinary people did extraordinary things so that we would enjoy freedom of religion, freedom of speech, and *freedom from oppressive tyranny* and taxation.

Irena Sendler saved 2500 Jews, mostly children, by smuggling them out of the Warsaw Ghetto in the bottom of her tool box or in a burlap sack. In 2007, Irena Sendler was nominated for a Nobel Peace Prize, but she wasn't selected. The *winner was Al Gore* for his slide show on *Global warning*. These dictators were nominated for the Nobel Peace Prize: Mussolini (1935), Hitler (1939) and Stalin (1945, 1948). The **2009 Nobel Peace Prize** was awarded to President **Obama** for his "extraordinary efforts to strengthen international diplomacy." Really?

#### ❑ **End Times & Israel** #1452

Since our nation was brutally attacked on 9/11 by Muslim terrorists, killing nearly three thousand innocent people, *we have brought in nearly 1.5 million more Muslims*. Why are we opening our borders to those who *have sworn to annihilate* us and bring this nation under Sharia Law, its bondage and oppression, and make this a third world nation? Scripture says, "Our struggle is not against flesh and blood, but against the rulers, against the authorities, against the powers of this dark world and against the spiritual forces of evil in the heavenly realms." Eph 6:12 Our borders being breached by Isis and Syrian Muslims is *minor* compared with the invasion of the spirit of *anti-Christ*. Will this spirit of anti-Christ change our nation's allegiance from God to Allah?

➤ *Patrick Henry said, "It's when a people forget God that tyrants forge their chains."*

➤ Ps 9:17 says, *"The wicked shall be turned into hell, and all the nations that forget God."*

Has America forgotten the God that founded this nation? Schools and public places disallow any mention of God. It's illegal! Schools have banned prayer, Bibles, Christmas -even red and green colors, but Islam is taught throughout the nation as cultural. *Schools now openly proselytize into Islam with field trips to mosques!*

(see our homepage: [issuesineducation.org](http://issuesineducation.org))

What needs to happen in prophecy before Christ's return to earth? Satan is doing everything he can to delay Christ's Second Coming, including his strategy to selectively eliminate all Aaron's descendants so there will be no Aaronic priests to operate the 3<sup>rd</sup> temple. Satan believes no operational temple would delay the return of Christ. In Zec 14:2, the Lord says, "I will gather all the nations to Jerusalem to fight against it; the city will be captured, the houses ransacked, and the women raped ... Then the Lord will fight against those nations and on that day His feet will stand on the Mt of Olives splitting it into two... and the Lord will establish His eternal Kingdom." **Eric Walker**, an expert in Biblical prophecy, is the author of *The Codist -The Aaron Chronicles*.

It's no secret that those who will lead the next attack on America have grown up and *gone to school here*. FBI reports and eyewitness accounts show a large percentage of the mosques urge their congregations to wage jihad against the infidels (us) and impose Sharia Law on all Americans. *This is sedition, not religion*. Freedom of religion doesn't include the right to preach the destruction of the U.S.A. & violent jihad. Horowitz's *Freedom Center*

#### ❑ **None Dare Call It Islam** parts 1&2 #1451-52

Are we witnessing the start of an *Islamic invasion* as the *single deadliest attack* since 9/11 happened here in our heartland in San Bernadino? Islamic terrorism isn't "just over there," it's here. **The threat is real**. Why do Muslims want to kill us? What did we do to them? *It's their religion*. But *fear of terrorism* is heightened, by a President who won't *protect us, won't even name our enemy, but enables massive numbers of Muslims access* into our nation. Sound bites of Obama, born and raised a Muslim, saying, "Islam is a religion of peace!"

**Obama is an Islamic propagandist.**

For the first time in our history, we have a **Black Muslim** as *Commander in Chief* controlling the mightiest military in the world.

His solution for the 14 dead Americans in San Bernardino is **GUN CONTROL!** *As if it's the weapons and not the people who pulled the triggers! As Americans are getting massacred, his solution is to take our protection away!*

**This defies logic.** If our government won't protect us, and in fact, lets 1.5 million Muslims in since 911, we need to ***protect ourselves!*** Obama was more concerned about *negative stereotyping* of Muslims than dead Americans! If Obama were President during the Pearl Harbor attack, would he be more concerned about *negative stereotyping* of Japanese than going to war to protect this nation?

But some people say that Obama has only so many months left in office. But it's **not the time** he has but the ***irreversible damage this one Muslim can inflict on this nation.*** He is keeping the southern border wide open and even using tax money to bring in refugees from the Middle East Islamic war that ***he could have prevented.*** Among these refugees are terrorists whose goal is not just to hit our military ***but kill and maim innocent civilians, like us.*** Obama has at least 72 workers in the Department of Homeland Security who have been on the **terrorist** watch list – *potential terrorists* working at DHS! Not comforting!

How can Islam be a religion of peace when 109 verses in the Koran say to ***kill infidels! and Muslims are doing just that?*** Right after the terrorist attacks in Paris, Obama said the greatest threat the world faces is **climate change!** Obama says that the shooting at a Jewish market in Paris by a Muslim was simply a “*random shooting.*” That the Ft. Hood shooting by a Muslim shouting "Allah Akbar" was just “*workplace violence*”. Obama says, “It’s shameful to discriminate based on religion.” Yet he discriminates *against virtually all Christians fleeing Syria for their lives,* denying them immigration, while bringing in thousands of Sunni Muslims. Christian immigrants **pose no threat to us,** but among the Muslim refugees **are terrorists.**

Islamic terrorism is here! *The enemy is within our gates.* We have been invaded, and we are losing the war against Islam. The twice-elected ***Muslim President Obama*** criticizes Christianity and praises Islam.

**John Rabe,** TV producer for *D. James Kennedy Ministries,* and author of *None Dare Call It Islam,* says, “Islam is ***not just a religion but a political and legal system*** dictating every aspect of life under the barbaric Sharia law.”

Islam is a military system that seeks global conquest! Islam tells women what they must wear, with religious police forcing **women to wear** the *suffocating hijab* in the extreme heat in summer. Sharia says women must be with a male chaperone and tells them what they *can eat and not eat.* Islam condones slavery, wife beating, rape (the *victim is punished*), beheading, stoning and dismemberment. Islam could never have founded a nation with the freedoms like America, yet we are losing this ***war to Satan who is called Allah.***

#### You Might Be A Radical Muslim If...

You refine heroin, but you have a *moral objection to beer.* You own a \$3,000 machine gun, a \$5,000 rocket launcher, but you can't afford shoes. *You have more wives than teeth.* You think vests come in 2 styles: bullet-proof and suicide. You were amazed to discover cell phones have uses other than setting off roadside bombs.

#### You Might Be A Liberal Leftist If...

If you think “*progressive*” means progress. If you believe Hillary & Obama are telling the truth. Your first response to a Muslim terrorist attack is to disarm all gun owners. You think a border fence won't work but you live in a *gated community.* You feel its ok to ask for an ID to get a library card but ***racist to require an ID to vote.*** You think the Free Market is where they hand out Government cheese. That a Flat Tax should be 95%. The military should hold ***bake sales*** to pay for weapons. It's wrong to execute a murderer, but abortion is OK.

A man kept his dead mother in a refrigerator for 3 years. But it was still better treatment than she would get under Obamacare. A mechanic told his customer “*I couldn't repair your brakes, so I made your horn louder.*”

#### PUNS

- I stayed up all night to see where the sun went, and then it ***dawned*** on me.  When chemists die, they ***barium.***
- I'm reading a book about anti-gravity. I just *can't put it down.*  I didn't like my beard at first. Then it ***grew on me.***
- Did you hear about the *cross-eyed teacher* who lost her job because she couldn't control her ***pupils?***
- Broken pencils are pointless.  I got a job at a bakery because I ***kneaded*** dough.  Velcro - what a rip off!
