*“Our Constitution was designed only for a moral and religious people. It’s wholly inadequate for the governing of any other.” John Adams*

The nation grieves over the senseless death of the 19 children and two teachers in an elementary school in Uvalde, Texas. It’s heartbreaking. But there is no grieving for the estimated 3000 babies who are aborted every day because their screams are silent.

**GOING WAY BEYOND ABORTION - TO INFANTICIDE**

Pastor Jack Hibbs of *Calvary Chapel Chino Hills* courageously testified before the California State Legislature as an expert witness. He *boldly avowed to the legislators,*

“Based on God’s law and California law, if this bill (AB 2223) passes, **all of you legislators will be held liable for MURDER! You will be liable for PREMEDITATED MURDER!**”

He also stated, “**We’ve elected people who play GOD!** It’s impossible for the church to stay silent. Any pastor, priest or **any Christian who remains silent** is an *accessory to murder and complicit in every baby killed!*”

Cal AB 2223 says, “When an infant dies in the ‘perinatal (i.e. after a child is born) period’ the bill would still *penalize any law enforcement personnel for even suggesting a baby’s death should be investigated.* This would mean police and coroners *will avoid investigating,* and district attorneys will avoid prosecuting, infant deaths. Pastor Jack Hibbs said it’s Governor **Gavin Newsom’s plan** to get ahead of the loss of *Roe v Wade* being declared unconstitutional by the Supreme Court. That’s why Newsom is behind this bill because he wants **California to be an abortion sanctuary state.** In essence Newsom is saying, you come here from any of the other states and **we will give you a FREE ABORTION! What kind of a ‘monster’ would say such a Satanic thing? It’s right from the pit of hell to Newsom!** *The End of Roe v Wade part 2 #1785*

The same demonic mind-set that killed the Jews in the holocaust and tortured innocent people in concentration camps is here in our nation. *And they were elected.* The ‘Nazi mentality’ that tried to play God to determine who lives and who dies is here now. What’s next? Kill the handicapped or euthanize old people? *The End of Roe part 2 #1785*

**The End of Roe v Wade** part 1#1784

Choice? There was *no choice* for babies and all the states that banned abortion before *Roe v Wade* overturned ALL their laws against child killing in abortion. For **185 years** after the Constitution was adopted, *individual states* had the right to regulate abortion! Then suddenly in 1973, the Supreme Court invented a right to abortion. Law professor, **Al Parker**, President of the *Justice Foundation*, said that single decision was an egregious violation of the Constitution that *doesn’t even mention abortion.* Al Parker filed two *Amicus Curiae Briefs* with the Supreme Court asking the Court to overturn *Roe*. In his brief, Al presented it with a picture of a woman in her 20s, **who had been an in vitro fertilized egg of just 3 cells in a petri dish that had been frozen for several years before being place inside an adoptive mother’s womb.** This is proof that life begins at conception and is not a *blob of tissue* as believed in 1973 when *Roe* was decided. Abortion isn’t **undoing a pregnancy;** it’s killing a child. Just think - you were once *that tiny.* You didn't come from an embryo, you didn't come from a group of cells, **you were that group of cells,** - you were that embryo, that was you - live or die- that was you. When you were that small **God was aware of you, ‘knitting you together’.**

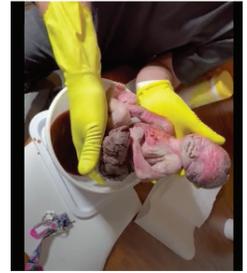

David says to God in Ps 139, "You created my inmost being; **You knit me together in my mothers' womb.**"

**A woman’s choice ends when she becomes pregnant. She is a mother.**

**Abortion has been a blight on our nation with over 62 MILLION babies legally slaughtered. Al Parker called abortion “a crime against humanity!” For 50 years, the Supreme Court has treated precious human life as garbage to be discarded at the whim of an unstable mother who murders her own child.**

In 1857, the Supreme Court in the **Dred Scott** decision, ruled that Americans of African decent, whether free or slave, were *not American citizens* but simply *property belonging to their slave owner just as a baby is the property of its mother that she can do whatever she wants with.*

Sept 22, 1862, five days after the battle of Antedum, President Lincoln **declared slavery illegal!** In essence, he looked Justice Tainey and *his Dred Scott decision in the face* and said, **"You are wrong."** Then declared the slaves in the south *thenceforth and forever free.* The current Supreme Court is now seeing *with moral clarity* that abortion is wrong and declaring that Justice **Blackmun** and **his dreaded Roe v Wade was wrong**, and then declaring every unborn child is thenceforth and forever free to LIVE.

**There is no word 'ABORTION' in the Constitution but the RIGHT TO LIFE is.**

- Liberals tell a pregnant woman not to smoke, it'll hurt her baby, but it's all right to **abort** her baby!

The Supreme Court upheld the **Jim Crow laws in 1896** that made *segregation legal.* They said, "**separate but equal** was constitutional for segregating colored races." Al Parker's Amicus brief stated, "That the **Democrats** and the **KKK denied equal protection for blacks the same as Roe denied equal protection for babies.**"

**Abortion is a sacrament of the Democrat Left. They worship at the altar of DEATH! So they become hysterical when it's threatened.** Without the right to life, **no other rights matter.** Substitute the word "murder" for "abortion" and you get this nonsense, "**Murder should be a personal decision for each woman** to decide."

**The End of Roe v Wade** part 2 #1785

College students have had **abortion legal as birth control** but are now confronted with the FACT that **abortion is murder.** Most young people have never heard why abortion should be **illegal.** A university student, who doesn't believe a "fetus has value," challenged speaker **Ben Shapiro!** Ben asked the student where he would draw the line for being fully human: Is it a natural beating heart? Some fully human people use a pacemaker. Is it *sentient* or conscious? What about fully human people who are in a coma

or who are asleep?

- ❑ Since it's a woman's body she can do what she wants **with her body.** **Does a woman's body consist of 4 eyes and 2 hearts? Two people are involved in abortion, but only one comes out alive.**
- ❑ A white religious person has no legitimate reason to object to abortion. Ben said, "White religious people had a valid reason for **objecting to slavery even though they didn't own slaves.**" **Men have a valid reason for objecting to slavery and legalized murder!**

Another student said that she wouldn't have an abortion but wouldn't stop someone else from having one. That's like saying, "I wouldn't kill anyone, but I wouldn't stop someone else from murdering someone."

Ben Shapiro says that a **baby is fully human** and its life begins at **conception.**

Students who have been raised without absolute values say abortion should be allowed for rape and incest. But Ben Shapiro asks, "**Why should an innocent baby be punished for the crime of its father?**"

Can you imagine someone coming up to you and saying, "We've done some research into your parents and found out **you are the victim of rape or incest, so we're going to have to kill you?**"

**Pastor Jeff Durban,** testifying before the Colorado legislature, **said 98% of abortions are for convenience.** Pregnant women say, "I'm not ready to be a mother." "I want to look slim in my bikini." "I need to finish school first." Rape, incest and to save the life of the mother (today both can be saved!) are tiny cases used to justify the overwhelming abortions done for mere convenience. Abortion does not 'UN-DO' a pregnancy. It's killing a baby.

**If you are pregnant, you are already a mother.**

18-year-old Melissa Drexler paused in front of the mirror in the bathroom to touch up her makeup before rejoining her date on the dance floor after she had just tossed her 6 pound 6 ounce baby boy into a trash bin next to the blood

stained stall in the restroom where she gave birth. She had grown up with the killing of a child simply being a "choice," like choosing to chocolate over vanilla. Thus a mother treats her own son as inconvenient and akin to a bowel movement. If it becomes a child at a prom, it must be killed quickly, lest the whole night be a bummer.

"I'm against studying civics in school unless we also study other cars. I mean, why should we show favoritism towards Honda?" 🤔🤔

***There's virtually nothing more important to the modern Democrat Party than the ability to destroy innocent life.*** Joe Biden wants *Roe* codified into federal law. He wants every American to subsidize abortion with their hard-earned tax dollars. **FICTION:** As *Roe* is overturned, all abortions will be illegal, forcing women into dangerous, back-alley procedures. **TRUTH:** As *Roe* is overturned, the people in the states will be free to decide the issue.

When *Roe* was incorrectly decided in 1973, Justice Blackmun dodged the central issue, declaring, "We need not resolve the difficult question of when life begins." What? That's crazy. If it's not alive, what is it? It's easier to talk about "privacy" and "choice" than killing innocent life.

- ❑ The penalty for destroying an eagle's egg is 6 months in jail & \$1,000 fine. The government recognizes that an egg will produce an eagle, yet UNBORN BABIES don't have the legal protection UNBORN EAGLES have?
- ❑ Calling abortion, "termination of pregnancy" is equivalent to calling the killing of a spouse "termination of marriage." Or the killing of a worker, "Termination of employment."

### **Standing Up For Liberty** part 1 #1786

Our 2<sup>nd</sup> President John Adams said, "Our Constitution was designed ***only for a moral and religious*** people. It's wholly inadequate for the governing of any other." What did he mean? Without **absolute** moral values, we are left only with **chaos** where everyone decides what's right or wrong in their own minds.

### **How has our culture gone from Christian & capitalist to radical & socialist?**

*Our precious freedoms are not based on government but on God.* Freedom isn't appreciated until it's lost. **Todd Starnes**, a *Fox News* commentator and author of *Culture Jihad- How to Stop the Left From Killing a Nation*, says, "What's happening in our country is the **result of the radical left running the schools**. Without Biblical values, we are left with chaos." The left, synonymous with Democrats, knew that to change a culture they had to change the education of impressionable youth, because when they become adults their beliefs are set for life.

So many Christian pastors/leaders and parents have not learned from this grave error and continue to let the PUBLIC SCHOOLS disciple their children out of Christianity and into humanism/atheism. Many pastors say, "I **don't get involved in politics**. I just preach the **gospel**." If the gospel doesn't include educating children and teaching morality, **it's not the gospel**. Jesus in the Great Commission said, "Go and make disciples and **teach** them!" This is the Gospel! Making disciples and teaching them. Not turning them over to the pagan public schools.

The **church can be the most influential factor** in elections. The **opposition wishes** they had what we have. Millions of us, **meet every week**, with the **same values**, and confer with **God Almighty**. December 4, 1873, **Pastor Charles Finney**, a major leader to abolish of slavery and leader in *The Second Great Awakening*, said:

If the press lacks moral discernment, the pulpit is responsible for it. If Satan rules in our halls of legislation, the pulpit is responsible for it. If our politics become corrupt, the pulpit is responsible for it.

Only **1 to 3** good sized churches in a community **can radically change the education** policies in that community. The 5 to 7 people who get elected to the school board are the most important people in determining school policy.

**Os Guinness**, author of *Last Call for Liberty- How America's Genius Has Become Its Greatest Threat!* said, "It took **God one day to get Israel out of Egypt. But it took God 40+ years to try to get Egypt out of Israel.**" "Freedom comes from self- government, not external force. As our freedoms end, it's a catastrophe, not just for America, but also for the whole world."

### **Standing Up For Liberty** part 2 #1787

Young people today know virtually nothing of the sacrifices made for their freedoms. To destroy a culture, destroy their history. **Peter Marshall**, author of *The Light and Glory* –vividly describes the horrendous starving army at

Valley Forge, barefoot in the snow, and the courage Washington infused into them to fight on against impossible odds. God miraculously protected our Continental army with a heavy fog that hid them from slaughter from the British. **Tom Dooley**, author of *One Nation Under God-America's Lost Dream*, describes the cost of freedom in the sacrifices our forefathers paid with their lives.

### Gender Confusion part 1 #1780

Biden wanted a **black woman** to replace Justice Stephen Breyer on the Supreme Court. That's racist! Choosing someone **based on the color of their skin** is racist – black or white. Choosing a person just because they are a woman is sexist. *What about choosing the most qualified candidate?* The 19<sup>th</sup> Amendment to our Constitution says *we can't discriminate on the basis of sex*. Ironically, when Biden's selection, **Ketanji Jackson**, was asked by TN Senator **Marsha Blackburn** to define "woman" she said so could not define "woman." Yet she was chosen **because she was a woman**. But she can't define "woman?" She said, "I don't know, I'm not a biologist."

You don't have to be a brain surgeon to know what a brain is. *As if only a biologist knows the difference!* Anyone with common sense knows a "woman" is an adult female, but Ketanji has been **educated beyond her intelligence** with a WOKE LGBT education! She admits she doesn't know the difference between a man and a woman yet she will determine crucial cases that will determine our future. She should be disqualified.

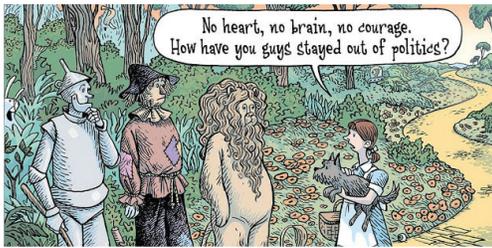

She was asked by **Sen John Kennedy** when *does life begin*, and she said she didn't know when life begins, it's a **religious** issue. That's the same *nutty idea* the Justices said in their 1973 Roe decision to **legalize child killing**.

- ❑ **Dennis Prager** says the confirmation of Judge Jackson *is the clearest marker of the rapid decline of our culture and a decline of civilization*. **The implications are such an epochal shift in such a short time in our culture that it is breathtaking**. There is a spiritual component to re-defining a male or female. It's part of the rebellion against God. So the secular left tries to take God's place and make up their own reality. It's up to each person to decide what sex they are. Prager asks if there's anything **your child is taught** that would cause you to say ENOUGH! And take them out of public school. We would ask parents if their child's eternal destiny would be the line for them to say "ENOUGH!" 90% of Christian children lose their faith by graduation!
- ❑ **Michael Gurian**, author of *Raising Boys By Design*, says boys learn differently than girls and need to be taught differently. Giving boys dolls turns the dolls into soldiers. Giving girls trucks turns the trucks into babies.
- ❑ NC Lt Gov. **Mark Robinson**, gives a powerful *speech* saying, "There are just 2 genders. JUST TWO! You can get cut up, made up, drugged up, but at the end of the day you are just a cut up, made up, drugged up, man or woman." The **transgender** movement is Satanically propagated in the public schools **to change our culture**.
- ❑ A **public school teacher** in Boston boasts that **he's transgender to his second grader students!** He said, "Sometime doctors make mistakes calling a newborn a boy a girl or a girl a boy." So doctors just guess at the sex of a newborn? Can you imagine how this teacher confuses little 2<sup>nd</sup> graders?

**Gov. Ron DeSantis** signed legislation to ban sexual orientation or gender identity in K-3<sup>rd</sup> grades to protect grade school kids from being sexualized at school. But the leaders of *Disney* objected saying it was anti-gay! The word "gay" or homosexual isn't in the bill. But **just protecting school children from perversion is objectionable to Disney leadership!** DeSantis says Disney is making a huge mistake.

- ❑ **Karey Burke**, *Disney* Corporate President, who is as *nutty as a jar of Planters peanuts*, said, "I am the mother of two 'queer' children, and one is *transgender*. We need more lead characters who are gay." She is on an *ideological campaign* to promote more "queer" lead characters in *Disney* films. She's not alone.
- ❑ The CEO of *Disney*, **Bob Chapek**, pledges to be an ally of the LGBT cause. He's deceived into believing *Disney* will do better catering to the homosexuals than moms and dads. Walt *Disney* would roll over in his grave to hear what they are doing to the wonderful company he established. It used to be a crime to corrupt the moral of a child yet that's what *Disney* is doing.

In 2019, Disney announced the *first gay parade* in its Paris park. Yes, in a park for children. Disney is transforming their wholesome Walt Disney Studios into a *celebration of perversion* and all things LGBTQ. Vivian Ware, *Diversity & Inclusion Manager of Disney*, said that Disney "No longer says ladies and gentleman, boys and girls," to create that *magical moment for children* who don't identify with tradition gender roles.

### **So little boys can magically become princesses and little girls princes?**

Disney is recruiting 'queer,' 'trans,' and 'pansexual' employees to implement the gay agenda adding queerness to children's programming and their theme parks to become leaders in promoting sexual orientation.

**It looks like the magic is gone from the magic kingdom. The costs of visiting Disney's theme parks have soared out of range for the average**

**American family, in dollars and morals.**

### **Moral Confusion** part 2 #1781

A new sex ed. curriculum re-defines abstinence to promote perversion as normal. **Mat Staver**, of *Liberty Council* says, "Many schools are leading children in to harmful and sometimes deadly *sexual experimentation using graphic magazines and videos*. The "*Advocates for Youth*" curriculum promotes abortion and *trains students to be advocates for abortion and homosexuality*. Teachers coerce students into participating in the *Day of Silence* and become activists to support GLSEN and Planned Parenthood."

A sex educator says, " We are not promoting promiscuity, just telling them that if they **choose** to have sex, it should be **protected** sex." A child's reaction is, "If they are teaching all about sex, it must be OK to do it." Using the same *logic, why not give out cigarettes* and tell students that we're not **promoting smoking**, but *here's a pack of cigarettes* just in case **you choose to smoke**. That's silly because it's tempting students to try smoking. **Think for a moment**. If you show boys and girls *in the same classroom graphic videos and birth control devices with explicit descriptions*, do you think they won't *want to try it?* Especially in a system where there is *no right and wrong!*

**Virtue** appears prudish but **promiscuity** is common. Children learn that "responsible" behavior means using contraceptives instead of abstaining. **The problem for teenage pregnancy is lack of character education, lack of purity, values and morals. It's not a teen pregnancy problem; it's a morality problem.** God has a built in **defense mechanism** to protect us from the dangers of pre-marital sex – it's called **MODESTY!** It's irresponsible to turn your precious child over to a school system **you know nothing about** and allow them to teach them whatever they want. **That's more irresponsible than giving your credit card to someone you don't know and let them do whatever they want.** And a child is far more precious than a credit card.

### **Tampons in the Boys Restrooms?**

*Portland Public Schools* plans to provide **free menstrual products in both the boys' and girls' bathrooms**. So 'female-born' students who **choose to be male**, who still have a uterus and female cycles, will provide feminine products in all K-12 bathrooms regardless of gender. In other words, boy's bathrooms will have tampons available to them! God made two genders, Democrats made six...wow!

**"I tremble for my country when I reflect that God is just; that His justice cannot sleep forever."**

Founder Thomas Jefferson

### **E.M.P.- A Real Threat** #1778

What happens *when* the electrical grid is shut down? Former CIA Director, **James Woolsey**, says we are very vulnerable to an enemy EMP attack. **Mike Maloof**, author of *A Nation Forsaken-EMP: The Escalating Threat of An American Catastrophe*, spent 30 years with the Defense Department protecting us from terrorism, and now warns that it's not "if" but "when" an EMP will be exploded over this country. The results will be catastrophic. It's preventable, but our government is ignoring it, so we need to be prepared

### **E.M.P.**

At least **two-thirds of the American population could perish from starvation**, disease and societal collapse within a year following an electromagnetic pulse (EMP) attack according to Dr. Peter Pry, the executive director of the *Task Force on National and Homeland Security*. The U.S. has done nothing to prevent a possible EMP attack.

Woolsey and Pry had earlier warned that rogue nations like North Korea and Iran have the basic ingredients for an EMP attack, such as simple ballistic missiles like scuds that could be fired from a freighter near our shores!

### USA is an easy target for an E.M.P. attack

Former CIA double agent Reza Kahlili, who is affiliated with the Iranian Army, confirmed that Iran has carried out missile tests in the Caspian Sea that are consistent with an EMP attack. Reza said, “Ballistic missiles can be launched **at a moment’s notice**, and they wouldn’t care about the **repercussions**.”

An EMP attack would immediately demolish any means of telecommunication; bank accounts will vanish; planes will drop from the skies; reactors of nuclear plants will not be able to cool down; water pumps will stop delivering running water; and every piece of electronics that people use will cease to operate.

This is a real threat that Iran, North Korea, China and Russia are working on. If a nuclear weapon explodes 275 miles above the U.S., it will create an EMP that will **fundamentally send America, Canada and Mexico back to the Dark Ages**. A counter attack after a nuclear strike won’t be happening with most of its ICBMs rendered inoperable after an EMP blast. The communication lines and mobile phones will also become useless. America’s ballistic missile defense system will not be able to work after a strong high-altitude EMP.

### The Beginning of the End #1777

When nuclear Russia and the Muslim nations come against Israel, we are near the end of this age! The super sign of end times is Israel being restored and threatened by a nation from the north. **Jimmy Evans**, author of *Where Are The Missing People? The Sudden Disappearance of Millions and What Happens Next*, says Russian president Vladimir Putin could be “Gog” in Ezekiel 38. Russia is motivated to invade Israel for their wealth and their recently discovered natural gas. Muslim nations aligned with Russia must invade Israel for their Imam to appear. When Gog attacks Israel, God will destroy their army with burning sulfur.

### True or False Conversions? #1783

What does it mean to be a true follower of Jesus Christ? What’s a false convert? How can you tell if a child is truly saved? Cuts from the movie *The Atheist Delusion*. Almost 9 out of 10 (88%) of church children lose their faith before high school graduation. What can a parent do to be sure their children keep their faith? **Ray Comfort**, evangelist and author of *How To Bring Your Child To Christ and Keep Them There*, says, don’t give your children a false image of God. Give them a true understanding and view of the God of the Bible not “Santa Claus!” Parents should teach their children the fear of the Lord to resist their temptations.

### Valiant Vets #1782

Although some veterans have gone to help secure Ukraine’s border, our commander-in-chief has opened up our borders to illegals! **Mark Levin**, author of *American Marxism* says, “The greatest crisis of our time is Biden’s violation of our immigration laws to change the populace of America. **John Steer**, author of *Wounded Soldier*, gives fascinating accounts of his experiences in Viet Nam. **Gary Horton**, a former Army Ranger, who fought for our freedoms, is not given the freedom to speak about his Christian faith in public schools. Schools have re-written our history, banned the flag, and banned the motto and the pledge.

### Crisis in Education #1779

Spiritual forces are turning this free and democratic nation into a socialist even a communist state, and it’s being done through the schools, over schoolchildren. **Alex Newman**, author *Crimes of the Educators: How Utopians Are Using Government Schools to Destroy America's Children*, says there is a deliberate dumbing down of children by using a reading method that’s a proven failure producing functional illiterates. Public schools are breaking down the morals of children by confusing them about their gender identity, and bringing **drag queens** into the classroom under the guise of “career literacy!”

### The Reality of the Resurrection #1776

Most people have no idea of the infinitely high price God paid for their salvation! **Pastor Robert Nash**, author of *Last Words -7 Sayings From the Heart of Christ on the Cross*, says while Jesus was gasping for every breath, he spoke words filled with hope and compassion. **William Frey**, author of *The Dance of Hope*, tells how the Resurrection changed life on earth. Death lost its power over us. The disciples became fearless and transformed the world. Professional actor, **Bruce Marchiano**,

Resurrection by Bob Boyd

dramatically tells how the lifeless body of Jesus, dead for three days, came vibrantly back to life and showed us the new kind of body we will have.

### **Transforming America**

***Given the current record of illegal immigration, fully 20% of the people in the United States will be here illegally by the end of Joe Biden's first term. 18,000 a month of illegals That's a complete transformation of America as President Obama promised, only they did it through Obama's puppet Joe Biden!***

President Trump said, "Biden is deliberately bringing in millions and millions of foreigners, illegals, to infiltrate (invade) our country, violate our laws and trample on our sovereignty, something no other nation has ever witnessed in history."

### **America is being fundamentally transformed by Biden's open borders policies.**

***Your government, without the consent of the people, is literally transforming the population of America right in front of our eyes.*** Virtually ALL of the people overwhelming our border will become dependent on government and therefore socialist/democrat voters. These illegals are not successful European businessmen, doctors, German engineers or the educated class who would help build our nation, but they will be *dependent on working Americans*. Many are criminals, and some are in a drug cartel and some have contagious diseases.

Approximately **40 million people in Latin America want to migrate to the United States**. The number of people worldwide who would move to America if they could is about **160 million**. It seems Joe Biden is eager to take them all, no matter how much it costs the American taxpayer.

If an enemy of the United States had **secretly converted our president so that he was working for them** instead of us, that traitorous president's immigration policy **would look exactly like what Biden is doing right now** - erasing our border, and letting the world walk in. They're applauding this chaos in Beijing and Moscow.

### **The real danger to America is not Biden, but a citizenry capable of electing him**

The danger to America is not Joe Biden, but a citizenry capable of *entrusting a man like him with the Presidency*. It will be far easier to limit the follies of a Biden presidency than to restore the necessary common sense to a **depraved electorate** willing to **have such a man for their president**. Biden is a mere **symptom** of what ails America. The Republic can survive a Biden, but is less likely to survive a multitude of those who elected him.

### **The Culture War is a Communist Takeover**

The **left** is out to **conquer the America** that our Founding Fathers bequeathed to us. They intend to replace it with an authoritarian socialist regime in which any dissenting voices will be smashed, isolated and punished. Every institution of our country is under brazen attack by the left. They have infiltrated agencies like the CIA and FBI and used the vast powers of those agencies against their political opponents.

We've seen the federal *Department of Education* turned into an **ideological cesspool of indoctrination**. We've watched as thousands of schools were infected with leftist, **Marxist indoctrination**. We've seen attacks on American history **as if it was written as enemy propaganda**. When a radical activist teacher tells your seven year-old **son that he could be a girl**, you must understand, **you are at war**, that your family and your values are under attack. Just like the Nazis and like Soviets, the American left intentionally **goes after the children**.

Our liberties – the freedom of speech, religious freedom, right to peaceably assemble, and our Second Amendment rights – are all under methodical, well-financed, merciless attack. There is virtually no common ground here. Only one side can prevail in the battle for the heart and soul of America.

The most important thing that every American patriot can do is to ask themselves: **Do I realize the moment in history this is?** This is either the final years of the American Republic, or the moment we wake up and save the country. **Those are the only two options**. It's time to stop being "shocked" at what the left is willing to do. It's time to start fighting back for the sake of our families and our future.

***The United States has the largest combined gas, coal, and oil deposits in the world.*** We possess the safest pipelines and to ensure the cleanest energy development on the planet. Yet we import oil and the price goes up exorbitantly. Biden is part of the radical “new green deal” to eliminate fossil fuels with no practical alternatives.

***Inflation was a deliberate Biden choice.*** Biden, a socialist, kept printing trillions of dollars to deliberately initiate massive inflation. Socialism ruins

economies! **Argentina's** inflation will reach nearly 60% this year. That takes a steep toll on Argentines, almost 40% of who already live in poverty. **Venezuela** has experienced extreme hyperinflation, which has gotten so bad that money in Venezuela is nearly worthless.

Biden has kept the border wide-open so that impoverished immigrants will undermine the legal immigration system to repay the left-wing Democrats at the ballot box. California's one party rule is a good example. Although the

American people reject his calamitous policies, Biden will still push them through by executive orders. **Why?**

### **The Left has disdain for the people and our constitutional government.**

So as the public pushes back, expect at the ground level more violent demonstrations to try to pack the Supreme Courts with radical leftists, and flood the November election with hundreds of millions more dollars of dark money from Silicon Valley. When revolutionaries undermine the system, and face looming disaster at the polls, it is then they prove most dangerous—as we shall see over the next few months.

### **We just sang a little louder**

An old man told this story through his tears: "I lived in Germany during the Nazi holocaust. I considered myself a Christian. We had heard the stories of what was happening to the Jews but tried to distance ourselves from the reality of what was really taking place. A railroad track ran behind our small church, and each Sunday morning, we would hear the whistle from a distance and then the clacking of the wheels moving closer to the church.

We became disturbed when we heard screams coming from the train as it passed by. We grimly realized that the train was carrying Jews to their death in the camps. We would dread to hear the sound of those wheels, because we knew that the Jews would begin to cry out to us as they passed our church. **Their screams tormented us.** We knew the time that whistle would blow, and we decided the only way to keep from being so disturbed by the cries was to **start singing louder.** By the time that train came rumbling past the churchyard, we were **singing at the top of our voices.** Years have passed, but I still hear that **train whistle in my sleep.** I can still hear them crying out for help. God forgive all of us *who called ourselves Christians, yet did nothing to intervene.*

What's the purpose of church if not to reform our culture? Let us not just SING A LITTLE LOUDER but let us do something NOW! Moral/character **education is the key to stopping promiscuity, pregnancy and abortion.** If the church won't educate it's OWN CHURCH CHILDREN, the devil sure will.

- If you're bored, go to the mall, find a great parking spot and **sit in your car with the reverse lights on.**
- If a stranger sits next to you, stare straight ahead and say, **"Did you bring the money?"**
- If women do the same job for less money, why do *companies hire men* to do the same job for more money?
- If Liberals don't believe in biological gender, then why did they march for women's rights?
- ***If guns kill people, then pencils misspell words, cars kill people, and spoons make people fat.***
- The amount of people older than you never goes up.
- Worrying only means you suffer twice.
