"Go ye therefore and **teach** all nations, baptizing them, **teaching** them; I am with you always, even unto the end of the world." MT 28:19-20 KJV

*Issues in Education celebrates 30 years of ministry!*

Our mission statement on **Issues in Education** has always been the **heart of the gospel**. Jesus said in the Great Commission, "Go & teach all nations, make disciples, baptize and **teach** them!" Teaching Christ's disciples is our mission statement. That's why our ministry is **Issues in Education**. Educating disciples is the core of Christ's Great Commission.

*Issues in Education was heard in Chicago, Minneapolis and San Diego on Salem Radio Networks!*

In an effort to excite and **increase voter turnout**, and *tip the scales* to conservative candidates in key cities, **Issues in Education acquired valuable airtime** in three major US cities to *awaken voters to the urgency* of this most important midterm election. So we got **Issues in Education** onto large population stations in Minnesota, Chicago and San Diego. That was **very expensive** but worth the price to persuade naive voters of the urgency!

- Chicago on WYLL 1160 AM - population that the station covers = 12.7 million
- Minneapolis on KKMS 980 AM - population that the station covers = 3.2 million
- San Diego on KPRZ 1210 AM - population that the station covers = 8.4 million
- Total potential listening audience, **24.3 million people!** That's a lot of voters!

Because of **one very generous donor to Issues in Education**, we were able to make our program available to **Salem Radio Network**. So we emailed an **Issues** program for audition by the VP of Salem Media, Chris Gould. He sent this **great endorsement**:

I have listened to your program and commend you for your *faithfulness and perseverance*. **It is very well produced and hard-hitting and impactful**. I would love to talk with you and **catch the vision** of your **expansion**. Chris Gould VP Salem Media Group

Chris Gould invited us to **be heard on all** of **Salem's Radio Networks**. Salem is the biggest Christian network broadcasting in the largest cities like New York, LA, D.C., Chicago etc. That's a huge OPEN DOOR! Salem owns hundreds of stations including *stations in the top 10 cities in America!* Chris even gave us a training course on how to **fit our program into their commercial broadcasting**. He has made quite an investment in us, because he believes in our broadcast ministry. Unfortunately, we **can't afford** to be on **all** Salem's stations, so we are *starting with just one* – **KPRZ** in San Diego and will **expand as the Lord leads and funding allows**.

**Which city would you choose** to broadcast **Issues in Education**? Please **write down the name of the city** on the insert card. Then please pray for that city and **help sponsor Issues** to be broadcast in that city, ok? This is where **you can join us**. If you would like to partner with us in the **city of your choice**, **this is your chance**.

**New Conservative Era** –Issues in Ed. program #1592 & #1593

**Gerard Lameiro**, a political expert on forecasting and author of **More Great News for America**, correctly predicted victory for Trump in 2016, when everyone else said *he didn't have a chance*. He correctly predicted the Republicans would **hold the Senate** in this past midterm election, but his forecast for Republicans holding the House was incorrect. Dr Lameiro predicts that *before Trump is out of office*, he will have selected a **super majority** (total of 6) on the US Supreme Court. *Liberal Justices Breyer & 85 year old Ginsberg may soon retire or die. Their replacements will* overturn Roe and **end the abortion holocaust**. Thus, **a new conservative era**.

In 1973, the evil Justice Harry Blackmun, writing for the 7-2 majority in *Roe v Wade*, stated, "We need not resolve the difficult question of *when life begins*." In other words, it's **morally right to allow mothers to have their unborn children killed whether or not "life" has already begun**. That it's wrong to legally **protect** innocent children from death, regardless of whether **their lives have begun**. This is the **evil of abortion**. The Justices never claimed that the *preborn child did not possess human life*. They voted that it **could legally be killed** in any case. **This outrageous decision was never based on the Constitution and should be overturned**.

With *control of the Senate*, Trump's judicial confirmations will *sail through* without the **scathing harassment and destruction** like Democrats did to Justice **Brett Kavanaugh**. On Nov 9<sup>th</sup>, Alabama and West Virginia approved amendments to their state constitutions to protect unborn children. Alabama's Amendment 2 lays the groundwork for the states to **make abortions illegal if the Supreme Court overturns *Roe v. Wade* or leaves abortion to states**. The Alabama Supreme Court upheld Alabama's *fetal homicide law* that declares a preborn **child is a person**. Tom Parker, Chief Justice, forcefully argued that the Supreme Court will overturn *Roe*.

**"It is not a *matter of if*, but *when* the Supreme Court will overturn *Roe v. Wade*,"** said **Mat Staver**, Founder and Chairman of *Liberty Counsel*. "This horrible opinion is unconstitutional and has wreaked serious damage to the rule of law and resulted in the deaths of many innocent and *helpless children*. There are many cases already working their way to the High Court that could be used to overturn *Roe v. Wade*. The voters in Alabama and West Virginia have declared they want to make the *womb a safe place again*," said Staver.

**The loss of the House of Representatives to Democrats was not as bad as it could have been.** In the past 100 years, only two Presidents have picked up seats in the mid-term election. Only 2! This mid-term shows President Trump is **more popular than President Obama**. President Obama's first midterm in 2010 was a **major defeat** for Democrats. This mid-term, Republicans lost about *half as many seats* as Democrats lost in Obama's mid-term election, and Republicans held THE SENATE despite Dems spending over \$200 million!

Remember when **Hillary Clinton** referred to half of Trump supporters as "deplorable and irredeemable"? She later tried to apologize by saying, "I regret saying '**half**' -- that was *wrong*." Well now we know that she really meant to say "**all Trump supporters**" were **deplorable**. Speaking on CNN, Hillary said: "*If Democrats win back the House and/or the Senate, that's when civility can start again.*"

Careful, Mrs. Clinton. That sounds a lot like **Adolph Hitler** who, in 1939, said "*We shall talk of peace when we have won the war.*" Clearly Hillary, you obviously think that there is *no need to be civil* to Republicans when **we** win elections. **Why would you be civil to "deplorable" people? Is that what you think about us?**

But even **after Democrats won the House**, they didn't seem to understand what "winning" or being civil means. A leftist **mob** showed up at the home of conservative Fox News commentator Tucker Carlson chanting, "We know where you sleep!" The left wing protestors attempted to break down his front door while Carlson's wife *hid in the pantry!* They also posted the home addresses of Ann Coulter, Sean Hannity and others.

**The Republican Party is the Party of Jobs. The Democrat Party is the Party of Mobs!**

The left preaches tolerance when in reality they have zero tolerance for free speech and diversity of opinion. The left doesn't **want to win the debate**, they want **NO debate** and use fascist tactics to shut it down.

**"The Democrats have no issues."**

*David Gelernter, a computer science professor at Yale wrote: "The Democrats have no issues. The economy is booming and America's international position is strong. The left's only issue is "**We hate Trump**." What the left **hates about Trump** is precisely what they **hate about America**. They **hate Trump's courage and willingness to stand up to liberals!** They hate his belief that **America is exceptional** and his **mistrust of intellectuals!** That Trump **loves simple ideas that work** and refuses to believe that men and women are **interchangeable**. The Trump-haters don't just disdain him; they hate him and even hate **the average American**. Many Americans were ashamed when **Ronald Reagan**, a movie actor, became President. But the direction he chose for America was a big success, and he turned out to be *a great president*. President Trump deserves our respect, because **Americans deserve it**—since he has the basic qualities that have made America great.*

A listener wrote: "**Get rid of the Electoral College!** It should be *one man, one vote*. Not one **area** and one **vote**." We wrote back, "Without the Electoral College, **Hillary Clinton would be President not Trump**. The

Founders were *geniuses led by God* to give us a near perfect system. In their infinite wisdom, the Founders created the Electoral College to ensure ALL the states were fairly represented. **Why should one or two densely populated areas speak for the whole of the nation?"**

There are **3,141** counties in the United States. **Trump won 3,084** of them. Clinton won 57. (Let that sink in!) There are 62 counties in New York State. Trump won 46 of them. Clinton won 16. In the 5 counties that encompass NYC, Clinton received well over 2 million more votes than Trump. **Large, densely populated Democrat cities (NYC, Chicago, LA, etc.) DO NOT and SHOULD NOT speak for the rest of our country!**  
**Non-citizens as Voters (oxymoron)**

The city of San Francisco spent more than \$385,000 to register *non-citizens to vote* in the midterm election. The high price tag for votes came from having to set up separate ballots, separate registration affidavits and a separate website page. The city's department of elections began *registering non-citizens to vote* in July, after residents approved "Proposition N" in 2016, giving non-citizens—including illegal aliens—the RIGHT to vote.

Gavin Newsom, the newly elected *governor of California*, when he was mayor of *Sodom* Frisco, he ordered City Hall to issue **marriage licenses to same-sex couples!** Gavin is an LGBT advocate who is called the "Champion for People's Rights" in a *first* grade textbook because of his advocacy for same-sex marriage. This is *political propagand*a that *blatantly promotes same-sex marriage*. Listing Newsom alongside heroes like Washington, Lincoln, and Jefferson is an insult to true heroes. It's a *slap in the face of the millions of Californians* who voted twice to define marriage as between a man and a woman! Jonathan Keller, *California FRC*.

**"Socialized medicine is the keystone to the arch of the socialist state."**

**Vladimir Lenin**, founder and architect of *Soviet Communism!*

### **The Planned Collapse**

Eric Lendrum, a millennial graduate from Univ of Cal in Political Philosophy, wrote *The Planned Collapse*: The new Governor of Cal. Gavin Newsom will spearhead **socialized medicine**. He *knows* it will cause the *state to collapse*. But he's willing to *lead his state off a fiscal cliff anyway* since the Democrats have already figured out how to engineer the *coming collapse* to work to their political advantage. The single-payer healthcare system would cost California **\$400 billion a year**—*twice the entire state budget*. **This will bankrupt the state. Once Cal goes bankrupt**, where will Governor Newsom go for a bailout? President Trump of course. Although Newsom has no intention of working with President, he will make a *token* effort to gain political advantage!

If **Trump** tells Newsom that it would be *fiscally irresponsible to bail out California*, it will allow Newsom and Democrats to claim that **Republicans are the reason for California's collapse!** Millions of loyal Democrats—namely **illegals and Millennials**—are *so brainwashed* that they will buy into this fable entirely. And just like that, Cal will continue to *re-elect the very people that brought about its destruction*.

**At what point will you rise to defend what you say you believe?**

What obligation does God have to save a people whose aggregate sin, as a nation in one day, is more than the sin of **Sodom and Gomorrah** in a year? **Sodom had no Bible** - we have millions. **Sodom had no histories of God's judgment** to warn them. Yet **Sodom perished** anyway. The only reason America isn't a smoldering ash heap is because of **God's mercy** giving us a window of opportunity, under President Trump, to repent.

I presented our *Issues in Education* newsletter and CD to a local evangelic Baptist pastor. He bluntly said, **"I'm not interested in elections!"** and pushed the newsletter and CD back at me and rudely walked away. Our very good friend Steve later wrote the pastor these words:

Bob & Geri are dynamic Christians spending more than 30 years in ministry, interviewing countless pastors, reading hundreds of books and *having such extensive material* that their **home** better resembles a **library than a residence**. They are **humble servants of God**. We all heard your sermon on abortion, but when Bob offered you a cd on the connection **between abortion and the upcoming election**, which I have

listened to at least 10 times, *you refused his gift as unworthy of your interest, no value to you, irrelevant to you, without even listening to it!*

The pastor remained *uninterested and unapologetic*. For those, like this pastor, who say *we're not interested in politics*, we ask **YOU**; **At what point** will you *rise to defend* what you say you believe? Is there anything *worth putting your reputation* or *your life* in jeopardy? Will you object if your children are routinely indoctrinated into homosexual ideology in the public school? **Will you object if the state tells YOU what YOU can say from your pulpit?** Will you object when **the state** tells parents how they must raise their own children? Under penalty of losing custody? Will you object if churches are required to hire homosexuals?

Let us ask YOU Christian leaders who believe we should stay out of the political fray:

- *What would have been your teachings about slavery and abolition if you had led a congregation in 1855? Would you have avoided the divisive slavery issues so as not to offend slave owners?*
- *What would you have done if you were a pastor in Germany during the late 1930's and early 1940's? Just sing louder as the trainload of Jews rumbled down the tracks to the gas chambers?*
- *How well would your non-involvement have held up against the terrors of the Nazi regime?*

If you had known Hitler was exterminating people in concentration camps, *would you have focused only on just teaching the Bible?* Would it have been appropriate to stay out of politics and *not offend anyone?*

That is what the mainline church did in Germany. It chose not to confront the evils of the Third Reich. In 1933, the Lutheran Church in Germany actually passed a resolution *condemning Jews* and *excluded Jews* from their worship services. They looked the other way for more than a decade while millions of Jews, Poles Gypsies, Christians and the physically and mentally impaired were systematically murdered.

Hitler murdered 6 million Jews; we in the United States have killed over **55 million unborn** babies since '73. What have Christians done? So what are we to do as the Christian ethic comes under greater attack?

### **Where do we go from here?**

First, we must fortify ourselves with *prayer*. Pray for our government, our president and church leaders. Second, hold tightly to your *courage and moral convictions* during the stressful days ahead. God has not given us a spirit of fear. What is occurring in our country is the *moral equivalent to (spiritual) civil war*.

- If Winston Churchill had cowered before Hitler in 1939, the British would be living under tyranny today.
- General Washington fought the Revolutionary war with support from only about 15% of his countrymen.
- Lincoln's entire Cabinet opposed the Civil war and would have permitted the Confederate States to secede.
- In Sept 1941, the **US Congress** buckled *in terror* at the **Nazi** threat. Unbelievably, when our friends in England and Europe were being ravaged, our Congress came within one vote of *emasculating* our military.

Many Christian leaders say *they avoid political issues* and "*just preach the Gospel.*" But the Father of American Education, **Noah Webster**, said, "The *education of youth* is an employment of *more consequence* than making laws and *preaching the gospel*, because *it lays the foundation* on which *both law and gospel* rest for success." Preaching the *Gospel is a political issue* that's eliminated in some countries. The gospel and even *Christmas are eliminated in America's public schools. There's NO gospel, Bible or prayer in public schools!*

What's at stake is profoundly more significant *than the whims of politics*. Hanging in the balance is the *essence of the Christian faith and the gospel itself. Politics involves religious freedom and freedom of speech.*

### **Patriots Arise** #1595

Lincoln said, "If America would ever be defeated, it would come from *people within our borders*. We will die by *suicide*." Many people thought communism was defeated. **They were wrong**. New Zealander **Trevor Loudon**, the author of *The Enemies Within- Communists, Socialists and Progressives in the US Congress*, *exposes the Marxist connections in Congress*, says he's involved in American politics because if America is lost

*the world will lose.* If we lost WWII, New Zealanders would *speak Japanese.* **Sharia opposes our Constitution.** He said, “Trump’s election is just a short reprieve. 30 years ago, Democrats opposed illegal immigration *as a threat to American workers.* Then Marxists took over the unions and the Democrat Party so *now they favor illegals since they will vote Democrat* and make the nation *a one party nation like California.*”

#### **Not of This World** #1600

Cuban refugee **Aurelio Barreto** came here with nothing, became a multimillionaire yet was unfulfilled. He screamed at God, “If this is all there is, **I want to die!**” Christ was right there to give his life meaning. He is the author of *Not of This World*, and later founded *C28 Christian Stores*, where over 16,000 people have received the Lord. Now he says, “If you have marital or other overwhelming problems, it’s because you’re not putting Christ first!” He says, “If I lost everything but had Christ, I would have it all. I will take all the trials of life and with Christ I can do all things.”

#### **The Truth of Noah’s Flood** #1601

Is the Genesis Flood *true history or a fable?* The most sobering words in history are in Gen 6 when the Creator said, “I will destroy man whom I have created from the face of the earth; both man, and beast, and birds.” God was so grieved that He had ever made man that He drowned *all the billions of people*, plants and all animals outside the Ark except one man and his family who survived. What a strong message to not **go along with the crowd.** Before the flood people lived to almost a thousand years of age.

A scientist with ICR, **Dr Frank Sherman**, explains how the steep walls in the Grand Canyon show a *rapid rush of water* not a slow gradual erosion as evolution claims. The Canyon was formed by the rush of receding waters from the Flood. Why did God do it? **Tom Dooley**, author of *The True Story of Noah’s Ark*, describes the Ark, with the capacity of 522 railroad box cars. Where did all the water come from and where did it go? The flood water came from the **firmament** in the atmosphere that formed a water canopy which fell to earth as well as the fountains of the deep! What would it have been like to step off the Ark into the New World? The rain stopped and the sun came out and a new day on a new earth was beginning. The old world and all the people were gone forever. This is a fascinating program!!

#### **The Elimination of Christmas** #1602

**Christmas is celebrated almost everywhere in the world except America’s public schools.**

**Joe Infranco**, of Alliance Defense Fund, says, “It’s not just the elimination of a holiday but persecution.” **John Whitehead**, of The Rutherford Inst. says, “The 9<sup>th</sup> Circuit Court banned the instrumental version of Ave Maria because someone *might think* it’s religious.” **David Limbaugh**, author of *Persecution*, says, “Christianity is targeted for extinction.” **Steve Halliday**, author of *Mighty God: The Enduring Mystery of Emmanuel*, says, “Christmas is not just the baby in the manger, but the birth of Mighty God Himself!”

**“If stores are selling items for Christmas, they should call it Christmas!** More retailers are recognizing that it is about the birth of Jesus, *not a winter holiday!*” said Mat Staver, Chairman of *Liberty Counsel*. If boycotting retailers that don’t celebrate Christmas is important, how much more to **boycott schools** that censor out anything even vaguely related to Christmas, not even calling it Christmas! It’s just winter break!

Alaskan schools don’t even allow students to ask **whose birthday** is celebrated at Christmas. Not even allowing **red and green colors** since someone might think it’s about Christmas! No Christmas trees. Trees! Never mind that trees have nothing to do with the birth of Jesus.

#### **The True Meaning of Christmas** #1603

It’s amazing that the God who created everything from nothing came to earth as a single cell. **Bruce Marchiano**, the gifted actor who played the part of Jesus in more movies than any other actor, gives a profound description of the joy and wonder of Jesus Christ. Jesus was a man of joy and a man of sorrows acquainted with grief, who demonstrated the Kingdom with miraculous signs. He came to serve and give people healing and life, but many, to their own detriment, walked away. God gave up the riches of heaven to live a humble life and die for others. *God in the flesh* describes Himself as gentle and humble. He’s sensitive and full of love for the lost.

**Bruce Marchiano**, in his book *Jesus Wept*, wrote:

We were filming in Morocco, and the man who played the blind beggar really was a blind beggar. Suddenly I found myself *down in the dirt with this filthy, blind, beggar*, face-to-face, eye to eye, just as Jesus undoubtedly did when the encounter took place two thousand years ago. I was so overwhelmed with this man's **brokenness** that I started to *cry and cry*. What really hit me was Jesus' *heartbreak over people like this blind beggar* and the **depth** of Jesus' **compassion** for them. I knew about Jesus' love for people before, but I never really "got it" until that moment. For the very first time, with every tear that I cried as I knelt in that Moroccan sand, I understood that *Jesus was crying a thousand more*. He loves that man so much – streams of tears must have flowed from Jesus' eyes. **I just broke completely**. I pulled the guy into my arms, and I *kissed those filthy hands. I kissed them*. And long after the camera stopped rolling, I cried and cried. You could have heard a pin drop; the cast and crew were frozen. I will never forget what one cast member told me: "I've known Jesus a long time, *but I don't think I ever really KNEW Him until now.*"

**Thankful for God** part 1-#1598

Why did the Pilgrims come to America? Was it simply for *religious freedom as commonly thought*? Not according to historian and **Peter Marshall**, author of *The Light and The Glory*, who says they came here to *bring the gospel to the Indians. They were missionaries*. Pilgrims have been portrayed as drab, sour, killjoys but in reality were Bible believing Elizabethans who *celebrated life*. He describes the first Thanksgiving when Pilgrims had only 5 kernels of corn. **Connie Ricks**, a 4th grade teacher, reads from a diary of a 12 year- old girl who came to America on the Mayflower and her dreadful voyage. **Vaughn Shatzer**, author of *The History of American Education*, describes how foundational Christianity was in Law, education and every aspect of life.

**Thankful for America** part 2 -#1599

Influential professors in our universities are at work to change our nation to socialist, *even communist*. So when **Jamie Glasov** came to this country and heard his Marxist professors misleading naïve students into believing the *utopian lies of Marxism and discrediting capitalism, he was shocked*. He lived with terror and oppression in the USSR, when people who just whispered a complaint were taken away in the middle of the night to institutions and drugged since they were 'mental' for not loving their communist paradise! Jamie Glasov describes the wonder of seeing grocery stores in America with shelves filled with delicious food and the freedom to speak out for his beliefs. **Quong Win**, who survived communism in Viet Nam, says he loves our veterans who gave him freedom. Holocaust survivor, **Maria Rybarczyk**, describes the joys of America!

Robert Whiting, an elderly gentleman of 83, arrived in Paris by plane. At French Customs, he took a few minutes too long to locate his passport. The *impatient* customs official asked the elderly gentleman, "Have you been to France before, monsieur?" Mr. Whiting admitted that *he had been to France previously*. "Then you should *know enough to have your passport ready*." Robert said, "The last time I was here, *I didn't have to show it.*" "Impossible. Americans *always have to show their passports* on arrival in France!" Robert gave the Frenchman a long hard look. Then explained, "*Well, when I came ashore at Omaha Beach on D-Day in 1944 to help liberate this country, I couldn't find a single Frenchman to show a passport to.*"

**A Tribute to Veterans** #1597

How can we raise heroes to defend our freedoms, if young people don't know the price others paid to win them in the past? On the Korean Memorial are these words, "Freedom is not free!" Think of the high price paid by our brave veterans. *Many gave their tomorrows for our todays*. This Veterans Day, inspirational program features a captivating account by Korean veteran **Ed Reeves**, who fought for his life in minus 30 to 40 degree temperatures. It was so cold, the bullet holes in his body froze shut and kept him from bleeding to death. He later had to have his hands and feet amputated. Even after almost all the others were killed, **Ed Reeves** clung to his faith and small Gideon Bible, and fought on despite his life-threatening wounds and no ammunition. This miraculous account is spell binding. It's as if you are there.

As President Reagan said: "*Freedom must be fought for, protected, and handed down to the next generation, or we'll spend our years telling our children and grandchildren what it was like in the USA where men were free.*"

### **The Difference Between the Parties** #1596

This was the most important *mid-term election* in our history, yet some low information voters said, "I don't *vote for the party, I vote for the person.*" We say, "**The person is the party!**" Once in office, the person will govern *according to their political party.* What's the difference between the Parties? **Mat Staver**, founder of *Liberty Council*, says, "The Republican Party platform is the most conservative in history, while the Democrat is the most radical and socialist. It's a difference between life and death, good and evil, morality vs immorality, homosexuality vs religious freedom, rule by the Constitution or the whims of a few elites."

### **Rebuilding The Foundation** 1594

The intensity of spiritual attacks from all over the world are besieging this nation and nearly overwhelming it. Americans have been lulled into complacency, forgetting *our vulnerability* to enemy attack. But firefighter and chaplain, Dr **Bruce Porter**, author of *Destroying the Shadow Agenda – How God's Astonishing Plan Will Overcome the Shadow Agenda*, *stood on the rubble of the World Trade Center when the steel girders were still glowing hot and the smell of burning and rotting flesh filled the air for weeks after the attack.* You could hear the muffled sobs of firemen, police and doctors under their masks. The horrific collapse was so sudden and powerful that the *bodies of many people inside were vaporized.* Others came crashing down and just exploded on the concrete. More and more jumped from windows to escape the intense fire. No one on *this day, just hours before*, expected to enter eternity forever – heaven or hell.

Our greatest enemy isn't Muslim terrorists or communists but the *ignorance and apathy of American Christians!* President Lincoln, after the horrendous civil war, said this in his Gettysburg address: "That this nation, under God, shall have a *new birth of freedom-* and that government of the people, by the people, for the people shall not perish from the earth."

### **Anti-Semites Elected to Congress**

Democrat Rashida Tlaib **wrapped herself in the Palestinian flag** at her victory party. Since she is now an American Congresswoman, where's the American Flag? **Does she represent America or Palestine?**

Rashida Tlaib was one of *two Muslim women* elected to Congress, along with **Ilhan Omar**, who replaced outgoing Muslim Keith Ellison of Minnesota. Both Tlaib and Omar have extreme anti-Israel views that **support the destruction of Israel to be replaced with a Palestinian nation.** Rashida Tlaib, the first Palestinian and Muslim in our history, said, "A lot of my strength comes from being Palestinian." She declared her "first fight is for Palestine, always Palestine." Since many in her family still live in Palestine, is her primary loyalty to **Palestine and not America?**

**"Giving away land for peace won't work when one party doesn't recognize the right of the other to exist!"**

Electing anti-Semites into Congress is a dangerous threat to Israel and to America! Dancing with a Palestinian flag and chanting in an Islamic greeting is just the beginning of what these two anti-Semite women will do to try to reverse *everything that the Trump administration* for Israel," said Mat Staver, Chairman *Liberty Counsel.*

"I will bless those who bless you. I will curse those who curse you. Through you I will bless all nations." Gen 12:3

### **Everyone Is Smart, Except Trump**

"That's why *they all are billionaires* and *all got elected President.* **Only Trump does not know what he is doing.** Only Trump *does not know how* to negotiate with Vladimir Putin. **Anderson Cooper and Jim Acosta** know how to stand up to Putin. The whole crowd at MSNBC does. But because they got a graduate degree in journalism and got a job as analysts, they're now experts, ready to run the world.

Trump won the Presidency because his voters were not like the **snow-flake, decadent journalists** who never negotiated tough life-or-death serious deals. So understand this: we saved NATO —in World War I that cost

us 116,456 Americans dead, and again in WW II with another 405,399 Americans dead. And then we had to rebuild **them!** And yet we pay 4% of our ***gigantic gross domestic product to protect them***, and they will not pay a lousy 2% of their GDP towards their **own** defense. They expect America to send boys to *die for them in war*, AND expect us to continue to pay for their NATO defense a century later.

So Trump did what any effective negotiator would do: he ***stared them right in their glazed eyes*** with cameras rolling and told them point-blank, ***it's going to stop! Either they start paying, or we will have a trade war!*** Or pull all our troops out of Europe. And he convinced them—that he just might be crazy enough to actually do it. So the liberal media attacked Trump for days: ***He is destroying the alliance! He attacks our friends!*** (That was President Obama who did that!)

It is no different from a parent telling a 35-year-old son: 'I have been supporting you for thirty-five years. I put you through college and have been asking you to get a job, but you sit home playing video games. So, I love you, but if you are not employed in six months, we are *throwing you out of the house.*' ***That boy is NATO. Trump is Dad.***” Rabbi Dov Fischer, adjunct professor of law and Editor of UCLA Law Review

**The Bottom Line:** Donald Trump has had his businesses go bankrupt, *but he's learned from those experiences to be a **billionaire and President.*** This man has turned around the American economy, brought us near full employment, reduced the welfare state, wiped out ISIS, moved America's Israel embassy to Jerusalem, is rebuilding the military, and renegotiated with Canada and Mexico on NAFTA. He has slashed taxes, protected religious freedoms and appointed *brilliant conservative* federal judges and two Supreme Court Justices. What have Anderson Cooper and Jim Acosta achieved during that period? They have not even found the courage to admit the failures of eight years of Obama! We will take Trump any day.

**Mark Twain said, “Don't let your schooling interfere with your education!”**

- Heaven has a wall and strict immigration policies. Hell has OPEN BORDERS!
- Don't give up. Remember Moses was a *basket case.*
- Noah was brave to sail in a wooden boat with two **termites.**
- House speaker Pelosi, “We should only deport **illegals** if they *do something illegal.*” Huh?
- *Liberals live in gated communities but say a border fence won't work.*
- *Liberals tell a pregnant woman not to smoke, it'll hurt her baby, but it's all right to abort her baby!*
- How can Democrats *oppose foreign interference* in our elections while *supporting illegals voting in them?*

“These are the times that try men's souls: The *summer soldier and the sunshine patriot* will, in this crisis, shrink from the service of his country; but he that stands it now deserves the love and thanks of man and woman. ***Tyranny, like hell, is not easily conquered.*** Yet we have this consolation with us, that the harder the conflict, the more ***glorious the triumph.***”—American Freedom Fighter and Founder -Thomas Paine

### **Equal Distribution of GPA**

A college student considered herself to be a **Liberal Democrat**, in favor of *higher taxes* to support government programs. She was ashamed that her father was a staunch conservative. Her dad asked her how she was doing in her first year. She answered haughtily that she had a 4.0 GPA, that she was taking very difficult classes and was constantly studying, with no time for parties. Her father asked, 'How's Audrey doing?' She said, 'She takes easy classes, never studies, goes to all the parties and doesn't even show up for classes because she's too hung over.'

Her wise father asked her, 'Why don't you go to the Dean's office and ask him to ***deduct 1.0 off your GPA and give it to your friend who only has a 2.0?*** That way you'll both have a 3.0 GPA, which would be ***equal distribution of GPA.***' The daughter, visibly shocked, angrily fired back, 'That's crazy! I've worked really hard for my grades! She played while I worked!' The father smiled said gently, '*Welcome to the conservative party.*'

***“Prayer can do anything that God can do.” E.M. Bounds***

- The Lord says to you, “Learn to **enjoy** this life I am giving you. I offer you the abundant life, your

part is to **totally trust** in me and refuse to worry about anything.”

- “Most people miss the *joy of today by worrying about tomorrow. Let it GO! TRUST ME!*” says the Lord.
- **Heaven** is a real place where *every house is a mansion or a palace*; every second an enchantment, a paradise, an ecstasy. We will experience the *full love and joy of Jesus* and enjoy wonderful fellowship with Him. *As you go through this day, especially when circumstances get you down, turn your thoughts toward heaven! Let the hope of heaven buoy you up right now!*
- **Laugh more, worry less. Laughter lightens your load and lifts your heart.**
- The Lord *spoke the universe into existence*. What *little problem* do you have that He can’t handle?

#### **Children Are Quick**

Teacher: “Why are you late?” Student: “Class started before I got here.”

Teacher: “Johnny, why are you doing your math on the floor?” John: “You told me to do it *without using tables.*”

Teacher: “Simon, do you say *prayers* before eating?” Simon: “No I don't have to. My Mom is a *good cook.*”

Teacher: “Why didn’t George Washington’s dad punish him for cutting down the cherry tree?”

Student: “Because George *still had the axe in his hand?*”

Teacher: “Jim, what do you call a person who keeps on talking when people aren’t interested?” Jim: “A *teacher!*”

- A man asked for a small donation towards the local swimming pool, so I gave him *a glass of water.*
- I changed my password to "incorrect" so whenever I forget it, the computer will say, "Your password is incorrect."
