Patriot **Patrick Henry** said to the British court, "I will never submit to taking your license. (501 c-3?) I am controlled by the Holy Spirit and authorized by God Almighty! I will not allow you to **control me by a license**, no matter what you do to me!" Three days later he was scourged to **death**.

"An unlimited power to tax is the power to destroy." Daniel Webster (1782-1852)

Our Founders realized that ***unrestrained power to tax in the hands of corrupt government bureaucrats leads to tyranny***. The IRS is engaged in some of the *most vicious ideological warfare in U.S. history*, systematically *silencing almost 500 conservative groups*. For more than two years (since February 2010), the IRS hasn't approved a **single Tea Party application** for nonprofit status. One by one, the IRS tried to pick off the President's opponents, using one of the most powerful tools in the President's shed - intimidation. In one instance, the IRS withheld approval for the *Coalition for Life of Iowa* until they sent a letter "stating that they won't picket/protest outside an Planned Parenthood." Only then would their application be considered. ***If that isn't government tyranny***, I don't know what is. Withholding nonprofit status until they surrender their constitutional rights to assemble is blatantly unconstitutional. The chief of the IRS's tax-exempt division, who oversaw the censorship of Christian and conservative groups, is **Sarah Ingram**. For her ***exemplary targeting of right-wing groups*** she was given more than \$103,000 in bonuses (since when did public servants get bonuses?) and **was promoted!** *She now oversees the largest power expansion in IRS history, as head of ObamaCare*, and she will **penalize** those who are considered *enemies of the administration*. **This is no joke!**

Did The IRS Try To Swing The Election To Obama?

Corruption: The IRS is waging a secret *war against conservatives*. The IRS's ***abuse of power*** threatens the very basis of our *system of government*. But it gets even more **diabolic**. The IRS took confidential information and gave it to Democrats to use against their opposition to help Democrats win re-election. This didn't come from some low level IRS official. *This came from the top*. This is a foretaste of life in a **totally Communist controlled country**. Think of the IRS having ***control over life-saving medical procedures***. They could determine what kind of health care you receive based on your *political affiliation*. If you are old, you will be referred to a death squad panel based upon your political thinking. If you're conservative, "Here's a **pill** to end it all." **This is no joke**.

The IRS is America's Version of the USSR's KGB or the Nazi SS

The IRS has become a weapon for liberals to punish conservatives, with lengthy questionnaires, intruding into their personal donor's info. Endless requests for "clarifying" information and mountains of similar paperwork have delayed applications for nonprofit tax status and some groups have finally given up. Meanwhile local chapters of the radical/anarchist "Occupy" movement have received nonprofit status within days. And even the *North American Man Boy Love Association*, the corrupt pedophile group, whose goal is to make pedophilia legal, was **immediately** granted tax exemption without delay. **I hear the Black boots coming!**

A Pattern Of Power Abuse

Tyranny: Perhaps the most sinister aspect of the president's parade of scandals is that Obama advised graduates at Ohio State University to ***put all their trust in government*** and reject those shrill "voices" that say government is *the source* of our problems. But Obama himself is proving our fears are well founded. Government by this *rogue regime*, needs *more checks*, not fewer; *more skepticism*, not less. **Tyranny** isn't lurking around the corner. It's now upon us, manifest in the pattern of misuse and abuse of government power by this presidency, as revealed in the abuse of IRS power to persecute political enemies; running guns to foreign drug lords and lying about it in *Fast & Furious*; the Benghazi cover-up and the denial of emergency help that led to the deaths of four Americans including our ambassador. This is an exceedingly power-hungry president who has no respect for the Constitution or rule of law. He will continue to run roughshod over our individual rights and economic freedoms, if we let him.

Investors Business Daily 5/15/2013

Ambassador Stevens *desperately and repeatedly* asked secretary of State Hillary Clinton for help, but she denied it. When she testified before the Congressional committee, she angrily exploded, "*What difference does it make*

now anyway?” But if it were her daughter Chelsea, who was the ambassador, would she ask “What difference does it make?” or ***demand an answer? What happened to my daughter?***

But the stunning part of the **Benghazi** story that you didn't hear in the liberal media*was the **incredible bravery, heroics, and courage** of two former Navy Seals. When they heard the shots and ran to the fight, they had no weapons but picked up the guns of the *fleeing Libyan guards*. Because of their courageous actions, 20 personnel in the embassy were able to escape to safety. Eventually, the sheer numbers brought against them, between 100 to 200 attackers, overwhelmed these two courageous men! But the stunning part of the story is Tyrone Woods and Glen Doherty ***killed 60 of the attacking force***. Once the compound was overrun, the attackers were incensed to discover that ***only two brave men*** had inflicted so much death and destruction. These **selfless heroes** knew they were going to lose their lives but not before they took a whole lot of bad guys with them!

*Do you wonder why the media is so biased? The liberal media **is the Democrat Party**: **CNN** President Virginia Mosely is married to Tom Nides, who is Hillary's Deputy Secretary; **CBS** President David Rhodes is the brother of Ben Rhodes, who is a top Obama official; **ABC** President is Ben Sherwood's sister is Elizabeth Sherwood, who is an Obama Special Adviser.

When a soldier is killed in the line of duty, his family gets a flag and a note from the United States Government. But when a Black pro basketball player announces **he is gay**, he immediately gets a **personal phone** call from the President ***congratulating him for his courage***. Am I missing something?

*The White House made a congratulatory call to Jason Collins **for being homosexual** but ignored the desperate calls from the four men in Benghazi. Obama abandoned Americans under fire to let them be slaughtered. Just so he could try to keep up the illusion he had defeated Al Qaeda. His **political ambitions** are far more important to him than a few Americans who can be replaced. Then he fired an Admiral and a General who were attempting to aid those under fire. He's declared all videotapes top secret. What's he hiding? What kind of man is he?*

President Obama is finally admitting that *sexual assault* is a serious problem in the military--but what he hasn't conceded is he helped create it. According to a Pentagon survey, most of the victims were not female (12,000 incidents), but male (14,000)--highlighting a growing trend of same-sex assault. How could this happen? Well, for starters, the Obama administration ordered military leaders to embrace homosexuality--completely dismissing the concerns that it could be a problem to have people attracted to the same sex, living in close quarters.

Is America Becoming a Police State? parts 1 & 2 #1310 & #1311

Is our nation becoming *a police state* where we are simply *subjects to be controlled? enemies to be subdued?* **John Whitehead**, a Constitutional attorney for 40 years and President of *The Rutherford Inst.* and author of *Government of Wolves*, says if the police can arrest you without a warrant or without even accusing you of a crime, **if** they can take your property **or your life** without due process, **the Constitution is dead!** American citizens who are stopped by the police are being frisked, strip-searched and even **rectally probed** in public. The government now monitors our phone calls and emails without *cause or warrant*. Drones will soon peer invasively into your home. These are violations of the 4th Amendment that forbids *unreasonable searches and seizures*. Not only that, people are losing their cars, their money and property in *asset forfeiture cases where courts have upheld police seizure of YOU* without even charging you with a crime. The *Caswell Motel* (valued at \$1.3 million) was seized because a small percentage of guests had been arrested for drug charges. John Whitehead said, “These abuses are being executed on a populace that is **blissfully ignorant** of the ***radical shift*** in our government.”

From ***drones in the sky to surveillance cameras*** on the street to ***full body scanners*** at airports – YOU are a suspect of the *police state*. The chief architect of the Constitution, James Madison, predicted the weapons used on enemies abroad would be used on Americans at home: “The means of defense against foreign danger historically have become the instruments of tyranny at home.”

“The President now claims the right to murder any citizen anywhere, in or out of the country, if he thinks or feels that you might at some point pose a threat. Not only kill you, but also do it in secret, ***without even charging*** you with a crime or allowing you to defend yourself in court. Simply by asserting that you are an enemy, the Obama administration has given itself the right to kill you.” **John Whitehead**

Just as ***tyrants have done throughout history***, the groundwork for a police state, ruled by a tyrant, is now in place. King George of England treated us like *slaves of the state*, but he grossly underestimated the spirit and ingenuity

of the American people. He was shocked at the will and ability of the peaceful colonists to defeat the most powerful army in the world But this generation has been so subdued by a mind numbing school system, they would not go to war with the Brits to make this an independent nation.

A Sign of Things to Come: Homeland Security has recently purchased 2.2 billion rounds of ammunition and 2700 armored personnel carriers. Why? DHS is planning to subjugate Americans. And make no mistake about it, Boston was a test for what's to come as soldiers and police in riot gear invaded homes without warrants. That's a police state. President Obama has secretly ordered the opening of America's gulag type of FEMA **concentration camps** in order to house 775,000 Americans *deemed to be terrorists* by the Obama administration. Presidential Decision Directive 51 gives **Obama dictator** status in times of a national emergency, and eliminates any roadblocks to martial law! It gives Obama the power to **suspend elections**. Some people speculate that **Obama will not leave office** in 2016. Domestic terrorists include: gun owners, Christians and Veterans...

Schools now **resemble prisons** rather than places of learning. Schools are being used to make compliant citizens *incapable* of defending freedom. Courts have ruled that parents and students can be fined (\$250) and jailed for simply being *late to school*. Students can be forced to wear RFID chips, like prisoners, so schools know where they are. Zero tolerance means a little boy who pointed his finger like a gun was called a ***terrorist threat***. A 3rd grader who brought a cupcake with a 1" toy soldier on top to class was thrown out for violating a zero tolerance for weapons. A 5th grade girl who brought a paper gun to class was suspended. Kids are being conditioned to live in a police state as schools call the police to ***arrest and jail*** students and sometimes their parents. When **security** is valued over **freedom** we have lost both; *"Those who trade liberty for security will have neither."* - John Adams

When our government ***treats us as the enemy***, they're no longer public servants but ruling masters - tyrants. When a patriotic Marine, **Brandon Robb**, who served two tours of duty in Afghanistan, can be arrested and locked up in a *psych ward*- ready to be injected with mind altering drugs, for simply criticizing the government *without being charged with a crime*, ***we have entered a police state***. This is what the USSR did to Christians.

Why is Homeland Security Buying Billions of Rounds of Hollow Point Bullets and Armored Vehicles?

Is our government going to war against its own people? The government wants to disarm citizens but arm federal agencies (Homeland Security/Social Security/Forestry...) with billions of bullets and armored personnel carriers to intimidate and control a naïve, unsuspecting populace. **John Whitehead**, President of the *Rutherford Inst.*, is defending our freedoms and hundreds of violations of the Constitution. For those who say they have *no concern* about government surveillance and strip searches because they have nothing to hide, they are **missing the point**. The government is deliberately disobeying the Constitution! Do you realize the seriousness of the times in which we are living? We need to stop the coming tyranny now! *Christians* need to **get involved** in **politics** and VOTE!

"IF you will not **fight for right** when you can *easily* win **without blood shed**; if you will not fight when **your victory** is sure and not too costly; you may come to a moment when you will have to fight with all the **odds against you** and only have a *precarious chance of survival*. You may have to fight when there's **no chance of victory** because it's better to perish than **lives as slaves**." Winston Churchill

Schools of Corruption part 1 #1314

What we are seeing in our schools staggers the mind. Homosexual role models are celebrated while our Christian Founders are ignored. Social engineers have targeted millions of school children to radically change our culture. Picture this: your 7 year-old daughter comes home from her first-grade class in tears. You ask her what's wrong, and she says she's afraid to go to the bathroom at school because ***an older boy***, who wants to be a girl, comes in while she is in there. Outraged, you call the teacher to demand an explanation and you are told, ***"It is the law."*** Or your 7th grade daughter goes into the locker room to shower and ***sees a boy, who "wants to be a girl" sitting on the bench across from her***. There's nothing you or the coach can do. The boy is allowed to be in the girl's locker room with her. ***It's now the law***. This indoctrination is a ***form of tyranny*** that drives a wedge between parents and *children and alienates children from God*.

The homosexual movement has almost succeeded in **redefining marriage** in the *minds of children*. But if two men can marry, how about three? or a brother and sister who love each other? Can you imagine the Founding Fathers reactions if they knew the US ***Supreme Court was hearing a case to redefine marriage?*** How has this happened? The greatest single victory of the homosexual movement in America has been to **shift the debate from**

behavior to identity. Where homosexuality was once considered a perversion, now it's simply an alternative. You prefer vanilla I prefer chocolate. You prefer the opposite sex, I prefer the same sex.

At first, all they wanted was **tolerance**. Then, **acceptance** and inclusion. Now it's **promotion** and **celebration required by law**, in the schools! Just as in the past, people never thought homosexuality would be promoted in our schools, so in the future the pedophiles will succeed in legitimizing pedophilia. That's next.

Homosexuals are ***not born*** with a "gay gene." *There is no scientific evidence of that.* In fact, the researcher who did the original research on the "gay gene," Simon LeVey, was a homosexual and he said, "My research did **not** show there was a "gay gene." The idea that homosexuals are born homosexual is a strategy. Cal. schools are now required to celebrate *Harvey Milk Day* with mandatory assemblies and activities celebrating the life of this notorious homosexual-pedophile-predator. ***This is required despite what parents want.*** This is a blatant violation of parental trust, and that's **just the beginning**.

There are now a host of laws now in force in Cal., Mass, and other states to promote ***gender confusion and force acceptance of transgenderism.*** Cal AB 1266 **forces** schools to allow boys into the girls restroom, girl's showers, girl's clubs and girl's sport teams. So a confused little boy can ***play on the girl's team.*** **Randy Thomason**, of *SaveCalifornia.com*, says public ***schools have become sexual indoctrination centers*** where homosexuality is held up for students to admire, and that homosexuals are good role models for impressionable students to aspire to.

Cal Gov Ed Brown signed legislation (SB 48) requiring Cal. public schools to **re-write textbooks** (that will be used throughout the nation), to praise homosexuals in history, science, etc. and promote "same sex marriages", disallowing any negative comments or mention of STDs. If teachers *are silent* on this issue, they can be prosecuted for discrimination and **hate crimes**. There will be **legal penalties** for citizens who do not cooperate with this movement. Public schools are no longer safe for children! ***How many more reasons do parents need*** to realize that "government" schools will **poison their impressionable child's mind?** *Home schooling is the answer.*

*The "Gay Activist-in-Chief" is leading the charge on restroom rights and gay-pride. The federal government has given \$1.5 million to GLSEN to train teachers to be **advocates for change** in their schools.*

Home coming queens can now be boys! ***Parents don't realize the consequences of this. What's it going to take for Church leaders to get their kids out of these schools? Pastors can no longer ignore the marriage debate. If pastors don't marry homosexuals, they will be fined. If they do, they are not true representatives of God.***

We're not talking about private lives of consenting adults. **We're talking about children...boys and girls,**...as young as kindergarten, being taught that no matter what their parents say or what the Bible says, homosexuality is good, acceptable and righteous. *The Left is totally **confusing** upcoming generations.* The Left is waging **war against the Church**, and the Church doesn't seem to even notice; and they've *already won at the university level.* **Leftism is a religion** that wants to destroy **gender identity, patriotism, and Christianity!**

Cal. AB 323 (authored by two homosexuals) targets all non-profits in California, including churches, Christian schools, and bookstores, the Boy Scouts etc., to include transgenders or have their status stripped. AB 323 would revoke any non-profit organization, such as the Boy Scouts, and require them to pay taxes, because they oppose homosexuals being scoutmasters. ***This is the punishment the homosexuals have long sought for the Boy Scouts,*** because they are "morally straight." The Boy Scouts is a private organization, but if homosexuals start their own *Homosexual Scouts*, no one would join. In order to ***destroy all sense of morality to corrupt this nation,*** they must **destroy the Scouts.**

So the mask is off. They say they want **tolerance** but they really want dictatorial power to force their immorality down everyone's throats. *There's **no tolerance** once they are in control.* **SB 1172** bans any counselor from counseling minors who want to change from homosexual to heterosexual. It's now **illegal** for counselors to counsel minors *out of homosexuality.* Students no longer learn about our *Christian American Founders* but are required to **celebrate homosexual activists.** **Randy Thomasson**, *SaveCalifornia.com*, says, "This is how corrupt we've become as a society where tax exemptions for churches, Christian schools, and the Boy Scouts is not for the *well being of children* but for the "well-being" of a small but powerful minority."

Why, in a nation **founded by Christians**, and where the majority call themselves Christians, is **Christianity banned** in our schools? Why are God and His Commandments banned in schools and courtrooms? How did this nation get to the point where the Bible is banned but the Koran is required? Parents who naively think schools just teach academics are very mistaken in today's schools where grade school kids, in a New York school, are prohibited from singing "God Bless America." The principal banned the patriotic anthem from the year-end kindergarten program because the lyrics are **inappropriate for 5 year olds and might be offensive to other cultures** in our diverse society. What happened to teaching **America patriotism**? Or is that also too offensive?

No more do students even hear how our Founders like George Washington prayed at crucial battles, or Ben Franklin prayed to unite the nation under a Constitution. The godless ACLU has done incredible damage by **destroying every vestige of Christianity in public**. Courts now side with the ACLU, because many of the judges are former ACLU attorneys. So the illogical becomes their logic. They say, in order to keep religious *neutrality*, *religious freedom* must be banned. To protect the rights of the minority, the majority must give up their freedoms. **Dr Jerome Corsi**, author of *The Bad Samaritans – the ACLU's Relentless Campaign to Erase Faith From the Public Square*, says the roots of the ACLU are atheism and **communism**. To replace our Christian roots with **Marxism**, the ACLU promotes everything against God - evolution, porn, Islam etc.

If we abandon belief in God, we abandon our *freedom and hope*.

A first grade girl in West Marion, North Carolina, wrote a poem for the school's Veterans Day Assembly. But it crossed the line, because she wrote that her grandfather **prayed to GOD** for peace and strength. The word GOD had to be removed, so it wouldn't appear that the school was endorsing one particular religion. The schools and courts have taken a **sledgehammer** to religious freedom and are on such a relentless campaign to obliterate Christianity that courts and schools see it as their **duty to deny religious freedom to Christians**.

God did not inspire our Founders to create this nation only to see **our generation squander** that precious freedom and replace it with atheistic Marxism. **Jesus came to set the captives free**. If this nation abandons belief in God, we will see all our freedom gone – forever! The only way we lose is if **God's warriors** give up and give our precious heritage, **our children**, over to the now corrupt, anti-Christ schools. Giving our children over to that system is a denial of the faith Christ entrusted to us. In the Great Commission of Matthew 28, Jesus commands us to make disciples and **teach them**. How have Christians missed this **command from Jesus**? Making disciples and teaching them doesn't mean dropping God's kids off at the **pagan school** for *heathens to disciple*. That's the exact opposite of what God **commands**. **That's disobedience**. To paraphrase Christ, "What good is it to gain home, car, vacation, career, entertainment etc, yet lose your child's precious soul at **schools of atheism**?" **RAISE YOUR CHILD TO LOVE CHRIST!** It's easier to prevent a wayward child than spend your life repenting over a rebellious atheist who was indoctrinated in atheist schools that forbid any mention of God.

Schools of Indoctrination part 1& 2 #1316-1317

We are witnessing the collapse of our nation morally, spiritually and financially. For all the problems, there must be some root cause. It's not because of abortion, homosexuality and corruption. These are symptoms. What is the root cause? **Colin Gunn**, producer of the film *Indoctrination- Public Schools and the Decline of Christianity*, says our culture becomes what our **schools** teach. Secular teachers are given awards for promoting atheism and homosexuality, yet Christian teachers are fired and students censored for any mention of their faith at school. Jesus said a student will become like his teacher. So an **atheist** education will produce **atheist** students and an anti-God, immoral culture. We are losing our culture, because Christians have refused to educate their **own children**. **A new vision for changing our culture must include educating children**. Parents! Why would you trust your child's mind to strangers you know nothing about and a **school system of atheism**? RC Sproul, "We don't lose children, we *give them away*."

Remembering Our Military #1312

Remember the expression: "There are no atheists in foxholes"? If the Obama Administration has its way, there would **ONLY** be atheists in foxholes. America's soldiers, sailors, airmen, marines, and guard are being told they must not share their faith in the God of the Bible. If they do, they may be disciplined, discharged, or even court-martialed for proselytizing. **No one who believes in God can stand idly by** in the face of these unprecedented attacks. Army command says **hate groups include Christian groups** like the *Family Research Council*. The military has gone from **tolerance for homosexuals to intolerance toward Christians**. Obama's military chief told

a chaplain to “get in line” with open homosexual behavior including same-sex marriage or “*resign your commission.*” Bibles sent to U.S. troops in Afghanistan were confiscated and **destroyed**. The Bibles were translated into Afghan languages and were intended as gifts that U.S. soldiers could give to the people. But the Pentagon said giving out Bibles is a violation of proselytizing. At the same time, U.S. military has been ordered to go to extraordinary lengths not to “defile” a Koran. At GITMO, our soldiers are required to wear gloves when handling the Koran so as not to offend Muslims. Is it too much to ask that Bibles have the same respect?

To produce heroes who will defend our freedoms, we need to teach students about the sacrifices and courage made for their freedoms. **Jeremiah Denton** tells how God brought him through his *severe torture* in Viet Nam. **John Steer** gives a fascinating account of his experiences in Viet Nam and how he took the gospel to former generals in the Russian army.

In all the years since D-Day 1945, there are only three occasions when the sitting President of the United States of America failed to go to the D-day Monument that honors the soldiers killed during the Invasion. Only Three Times... The three were: Barack Obama 2010, Barack Obama 2011, Barack Obama 2012!!!

For the past 68 years, every single president, except Obama, has paid tribute to the fallen American soldiers killed on D-Day. Last year, instead of honoring the soldiers, he made a 3,000-mile campaign trip to California to raise funds for the past election. Priorities? - - It speaks volumes... doesn't it?

Parents Demand Obama Explain Why Their Military Son Had A Muslim Cleric Curse Christians at His Funeral!

Why, at the funeral for SEAL Team 6 members, who were **Christians**, did a **Muslim** cleric give an invocation, in Arabic, which ***cursed Christians as infidels***? At the same time, any mention of God was forbidden. In August 2011, the helicopter carrying the SEAL Team members was shot down in Afghanistan. These patriots killed Osama bin Laden. Karen and Billy Vaughn's son Aaron died in that helicopter crash. They said that the administration's ***political decision*** to publicize SEAL Team 6's role led directly to thirty-eight deaths, including that of their son. They said that Obama **protected Korans** at Guantanamo, gave Osama bin Laden a ***full Muslim funeral***, yet refused to allow any mention of God Almighty at their son's funeral. This is the first time that at an official military funeral the Pentagon *prohibited any mention of the God of the Bible* and made sure to have a local **Imam** say a prayer – a prayer that ***cursed Christians as infidels***.

The following letter was sent to Obama from a 95-year-Old Pearl Harbor *Survivor*. This revered and honored WW II vet has seventy-plus years of service to patriotic organizations and causes.

Dear President Obama,

I enlisted in the U. S . Navy in 1934 and fought in WWII. **I am amazed, angry and determined not to see my country die before I do**, but you seem hell bent not to grant me that wish. I can't figure out **what country you are the president of**. You tell lies like: "We're no longer a Christian nation." "America is *mean-spirited*." Try preaching that nonsense to 23 generations of our war dead buried all over the globe who died to free strangers from tyranny and hopelessness.

I don't see an ounce of gratefulness for the obvious gifts this country has given you. **Shape up and start acting like an American**. If you don't, I'll do what I can to see you get shipped out of that fancy rental on Pennsylvania Avenue. You were elected to **lead not to bow**, not to apologize and kiss the hands of murderers and corrupt leaders.

And just **who do you think you are** telling the American people not to jump to conclusions and condemn that Muslim major who killed 13 of his fellow soldiers and wounded dozens more? You don't mind **offending the police**, calling them stupid, but you don't want us to offend Muslim fanatics by calling them what they are, **terrorists**.

I realize **you never served in the military** and never had to defend your country with your life, but you're the Commander-in-Chief now, son. Do your job! When your battle-hardened field General asks you for 40,000 more troops to complete the mission, give them to him. But **if you're not in this fight to win, then get out**. The life of one American soldier is not worth the best political strategy **you're thinking of**. Our greatest threat is not economic. Our greatest threat is losing the **heart and soul** of who we are as Americans. And I sure as hell don't want to think my **President is the enemy** in this final battle. Sincerely, Harold B. Estes

“According to far-left consultants, *Christianity is one of the chief problems plaguing our troops*. HOW ABSURD IS THAT? As the Washington Post reported, some are saying that "religious proselytizing" is **at the top of the list of problems** in the armed forces -- even on par with sexual assault. The Air Force has a directive that leaders (including chaplains) may not "promote their personal religious (Biblical) beliefs..." The penalty for non-compliance is **court-martial**. Christians within the military, who speak of their faith, could be prosecuted as

enemies of the state. This could destroy military recruiting as Americans realize that their faith will be suppressed by joining the military. If chaplains are censored, there is no religious freedom in the military.” Gen. "Jerry" Boykin

Porn Plague #1313

There’s a porn plague capturing millions of young minds and destroying individuals, families and crippling our nation’s morality. Millions of people, including Christians and pastors, visit porn sites. **Fred Stoeker**, author of *Every Young Man’s Battle – Strategies for Victory in the Real World of Sexual Temptation*, says, “We’re in a spiritual war but the enemy is seductive and camouflages *sin as pleasure. Instead it brings pain.*” How can we control what comes into our eyes and minds? **Your eyes are the windows of your soul.** **Clay Allen**, president of *Avenue*, and **Fred Stvoeker**, give excellent techniques for avoiding the deadly trap of pornography.

Damascus Countdown parts 1 & 2 #1306 & #1307

No generation has witnessed more fulfilled prophecy, since Christ, as this present generation. Yet many more prophecies are on the threshold of fulfillment. Iranian leaders believe the only way to bring the Caliphate into world dominion is to destroy Israel. **Joel Rosenberg**, author of *Damascus Countdown*, who predicted 9/11 nine months before it happened, now suggests Israel will launch a preemptive strike against *Iran*, but if they fail to get all the nuclear warheads, retaliation from the Islamic world would be *overwhelming*. He says, “**An atomic Iran could do in 6 minutes what it took Hitler 6 years to do, kill 6 million Jews.**”

What if Iran gets an atomic bomb or already has it? Would Israel launch a preemptive strike against Iran? What happens if Israel is then overwhelmed with a massive retaliation from the entire Muslim world and one of thousands of missiles is atomic? **Joel Rosenberg**, author of *Damascus Countdown*, says Isaiah 17 prophecies that when the nations come against Israel, God will defend Israel and Damascus will *cease to exist as a city*. God is bringing Muslims to faith in Christ and a very dramatic example is **Kamal Saleem**, who was a powerful and dedicated *Muslim terrorist*, before he had a direct encounter with Jesus Christ. **How else could a Muslim terrorist be converted to Christ?** Now Kamal goes into mosques to witness to other Muslims **about the love of Christ.**

Made in Heaven #1308

Some of the best inventions come from *God’s design in nature*, yet inventors and scientists don’t give God credit or even *acknowledge* Him. Aerospace engineer, **Jeff Seto**, co-author of *Made in Heaven -Man’s Indiscriminate Stealing of God’s Amazing Design*, gives many examples of ideas that came from *God in nature*:

- Painless needles came from the *design of the proboscis of a mosquito*.
- Mussels produce a sticky adhesive that’s formed in minutes and bonds to *underwater surfaces*. Just think of the applications of an adhesive that bonds to anything, even under water, and holds up to 1000-pounds/in. Scientists are working on glue that could glue blood vessels and organs back together.
- A Swiss engineer and his dog picked up small burrs as they walked through a field. Under the microscope, he could see tiny hooks and loops. He later invented Velcro.
- God made each of us unique just as He made each snowflake unique. Thus, we are God’s little snowflakes!
- God’s engineering is beyond brilliant and into the *infinite depths of God’s genius*.
- God designed cuddly soft cats to purr and give us love. God designed them this way to show us His LOVE.

God created animals that are just the perfect size and shape to be held by us, to bless us, and entertain us, and love us. God created them for our enjoyment. This is an expression of His awesome love for us.

Ray Comfort, says, “It’s dishonest to say that **everything came from nothing**. Yet that’s what schools teach. It’s mandated by law, but intellectually dishonest. **It’s an insult to God and an insult to thinking people.**” “*Go to the ant you sluggard! Consider its ways and be wise.*” Pr 6:6 Out of the 20,000 different ants, there’s one called the **slave making ants**, because they raid another colony, steal the pupae and take them back to their colony to raise. The kidnapped baby ants *serve their captors just as if they were their real parents*, even **fighting their true parents** to protect their masters. It’s much like Christians who give their children over to a system that teaches the opposite of their parent’s beliefs. The children learn to serve and believe the humanistic beliefs and turn away from the faith of their parents.

God created a **spirit in people** that will live forever. But most people are more concerned about their BODY than their soul! You do not simply HAVE a soul. You are a soul **who has a body**. Jesus said, “Do not be afraid of those who kill the body. Rather fear the One (God) who can destroy both soul and body in hell.” Training a child has eternal consequences.

GOD SAYS TO PARENTS:

- (Deu 6:6-7) “Love the Lord with ALL your heart... Impress these commandments on your children. Talk about them when you sit at home and when YOU walk along the road, when YOU lie down and when YOU get up.” That means teach YOUR CHILDREN *all the time*. That’s written to you parents and it means **home schooling!**
- (Eph 6:4) “Fathers do not exasperate your children; instead (YOU!) bring them up in the training and instruction of the Lord.” Training your children does not mean giving them over to heathens to *train in schools of atheism*.
- (Ro 12:2) “Do not conform any longer to the *pattern of this world* but be transformed by the renewing of your mind.” Schools transform a child’s mind into *the pattern of this world*. Scripture says to do **just the opposite**.

Don’t Let Freedom Die #1309

“We elected Hitler. Hitler didn’t take Austria by force; *we elected that monster* in 1938 when 98% voted to annex Austria to Germany. I am an *eyewitness* to that history,” said **Kitty Werthmann**. What was it like to live under Nazi (the National *Socialist* Party) Germany with Hitler? Are there parallels in our nation today? A socialist bureaucracy takes control over education, healthcare, businesses, gun ownership, and the economy -with massive spending that leads to hyperinflation. Out of **18,000 German pastors, only 200 refused** to sign a loyalty oath to **Hitler**. Many said Hitler was given to them **by God**.

“Following Christ is not something that can be done *half-heartedly* or just on **Sunday**. Being a follower of Christ must be central to **everything** we do. If your life is no different from unbelievers, *how are you a follower of Christ? Nothing is as important as teaching your child to love GOD*. Nothing! How much do you want your child in heaven with you? *What are you doing about it?* The *maker of a billion trillion galaxies* is Great and deserves to be served and worshipped with everything we have and every thing we are. **Don’t take God for granted**. He will determine your *eternal destination*.” Francis Chan- *Crazy Love- Overwhelmed by a Relentless God*

The threats to our nation and to our faith are very real. But if we take responsibility for doing our part and follow God's direction for real change, there's no limit to the **great revival** America could experience. If you’re a parent, there’s nothing more important for our nation and the Kingdom of God and YOUR CHILD than **giving your child a Christ-centered education**.

Life-changing words: Psalm 46:10, God says to YOU, "**Be still**, and know that I am God; *I will be exalted* among the nations, I will be exalted in all the earth!” Relax. Trust in God. This is an invitation from God to give all your cares to Him and seek His PRESENCE. *Be thankful for his Love*. God says there’s no one as devoted to you as He is. Realizing His concern for every detail of your life diminishes your fears. **If you are fearful, you are not trusting God. If you trust God, you don’t have fear. As fear loosens its grip on you, you will enjoy living. Try it.**

Difficulties become opportunities to grow closer to God. God says, “This is MY world. I made it. I control it. Trust ME.” *Spiritual blessings come wrapped in trials*. Your trials and troubles are specifically designed by God to develop your trust in Him. Think of what it means to have **God as your Strength**.

God simply spoke and the entire universe came into existence.

God says, “I know *every one* of your thoughts **before** you even think them. None of your thoughts escapes My notice. Among all my creatures only humans can anticipate the future. It’s a blessing, but it can become a curse *if you let it*. You don’t need to **fear the future** for I am *already there*. Anxiety is trying to envision the future *without Me*. So lighten up and **laugh with Me**. What are you worried about? When you feel anxious, it’s because you’re focused on the visible world and **not on Me**. **Focus on Me**, not the obstacles to peace and joy, and soon *they will pass*. This too shall pass. With Me, you can handle **whatever comes your way**.”

“I *weave* MIRACLES into the most mundane day. I AM MIGHTY GOD! Nothing is too difficult for ME. **Learn to enjoy life more. Relax!** Remember I am with you. Think of your life as an adventure with Me as your Guide. **Heaven** is your true home. When you arrive you will hear me say, ‘**Well done** my good and faithful servant.’”
