*"Because of the increase of wickedness, the love of many will grow cold, but he who stands firm to the end will be saved." Mt 24:12*

Dear Brothers & Sisters in Christ,

Our nation faces immense economic, physical and spiritual perils. Listen, the hour is late for our nation, the barbarians are already inside our gates. They are pleasant and articulate. They carry briefcases, not spears. But their assault on our culture is every bit as devastating as the **barbarian invasion of Rome**. We have bred them in our families and trained them in our schools. Their ideas are persuasive and subtle but undermine the pillars upon which our civilization was founded. Can the tide be turned? Only by the sovereignty of God through the prayers of His people. Christians need to regain a vision of what it means to live as members of His kingdom and commit to following Jesus Christ.

God warned *His people* Israel, "Be careful, or you will be enticed to *turn away* and worship other **gods** and bow down to them. Then the Lord's anger *will burn* against you, and he will shut the heavens so that it will not rain and you will soon **perish**." Deu 1:16 What *other gods* are our nation turning toward? *Allah?* Allah is not the same as the Almighty God who created EVERYTHING from NOTHING. Allah is the "moon god." A *god of war*, not love. Who demands parents sacrifice their son in jihad, not the God who sacrificed His son for us.

Why is Islam even taught in public schools? Why do schools *sugar coat* Islam? Schools are closing for Muslim holidays to show tolerance and inclusiveness. Why no tolerance for Christian and Jewish holidays? Why do Muslims have their holidays celebrated by name but not Christian or Jewish holidays?

### **The Goals of Our Enemies** part 1 & 2 #1222 & 1223

America used to be a melting pot where different cultures amalgamated into one unified nation. But Muslims have refused to assimilate and have created "No Go" zones where Christians are arrested for simply sharing the gospel. **Richard Thompson**, President of the *Thomas More Law Center*, defends the freedom of Christians even in Muslim areas like Dearborn. Richard said, "Like a **Trojan Horse** Islam has entered America *disguised as a religion*." *Islam is not just a religion, it's a political ideology wrapped up in religious garb that regulates every aspect of human existence, personal, social, political, war, ethics and law. Muslim leaders don't want Islam treated like any other religion. Their goal is to make Islam **the only accepted religion**. Omar Ahmad, cofounder of CAIR said, "Islam is not in America to be equal to any other faith but to become dominate. The Koran should be the highest authority in America, and Islam the only accepted religion on Earth."*

**Islam is not compatible with our Constitution.** They are opposites. Islam offers no religious freedom for Christians or Jews. No representative government. No right for women to vote. Under Sharia Law women are stoned for adultery! *Polygamy, slavery, brutal dismemberment* and honor killings are mandated. It's a father's duty to kill his son or daughter if they leave Islam and convert to Christianity. Even in moderate Islamic countries like Egypt and Turkey, Christians are kidnapped, imprisoned and killed for converting out of Islam. *What's amazing is that public schools celebrate and teach Islam yet censor anything Christian or Godly, even Christian holidays. It wasn't Islam that gave us our freedoms. Baptists didn't fly the planes into the world trade centers.*

The fox is guarding the hen house as Obama appointed two devout Muslims to homeland security posts. Arif Alikhan and Kareem Shora are devout Muslims. Devout Muslims being appointed to critical Homeland Security positions? Doesn't this make you feel safer already? Wasn't it "devout Muslim men" who flew planes into U.S. buildings 10 years ago? Wasn't it a "devout Muslim man" who killed 13 at Fort Hood?

Muslims have set up Sharia Law controlled zones in British and French cities that post warning signs for non-Muslims not to enter because Sharia Law is strictly enforced. In essence, Muslim immigrants by refusing to assimilate, have conquered parts of their host countries **without firing a shot!** And it's happening here.

For over three decades, liberal leftists have been at war with religious freedoms in schools and public places. But when Muslims want to build a *Mosque of Triumph* at ground zero in New York, *Obama and other Muslims* lecture us on *freedom and tolerance*. Instead they should be lecturing *Muslim* nations to be tolerant of Christians and Jews. Even allow a Christian church, *just one church*, at Mecca! And stop bombing our churches in other Islamic countries. The religious freedom we've given Muslims is being used *by them* to destroy this nation.

Our nation's founders knew that the basis of our liberties was belief in God. **Brad O'Leary**, best selling author of *America's War on Christianity*, gives fascinating examples of how our culture is waging *war* with *God* by warring against Christians. **Richard Thompson's** *Thomas More Law Center* defended teacher and patriot Brad Johnson, who was forced to remove his patriotic banner that had quotes from our Founding Documents. Those who are trying to strip God from our culture are endangering our *continued existence*.

### Already Compromised #1224

The future of our country won't be determined on the battlefields but inside the classrooms. Students who go to a Christian college are eager to begin studying to become pastors, missionaries, teachers and business leaders, but what they don't know is that many of their colleges are compromised. Trusting parents pay huge sums of money for a Christian education but will that education undermine their student's faith? Are *even* Christian colleges compromised? **Ken Ham**, of *Answers in Genesis* and author of *Already Compromised*, surveyed hundreds of Christian colleges to find out if they were truly Biblical. What he discovered may surprise you, such as a majority teach evolution as a viable option or true! *Compromised colleges* produce *compromised students* who are weak and confused instead of courageous Christian leaders, teachers or pastors who have confidence and authority.

### Lessons From Nazi Germany #1225

"We elected Hitler to rule over us. Hitler didn't take Austria by force; we elected that monster in 1938 when 98% voted to annex Austria to Germany. I am an eyewitness to that history," said **Kitty Werthmann**. What was it like to live in Nazi (the National *Socialist* Party) Germany under Hitler's rule? Could it happen in this country? There are striking parallels as we've seen this Christian nation elect godless Marxists to rule over us, instead of *representing* us. They are imposing their socialist agenda on us by massive government spending and debt that will lead to bankruptcy hyperinflation and chaos at which point the people plead for a tyrant with an iron fist to rule over them to stop the chaos. It happened before. Is history repeating itself?

### Agenda - Grinding America Down part 1 & 2 #1218-1219

As the dark, oppressive shadow of socialism and even communism falls across our nation, more and more Americans realize, *yes it could happen here*. Just when the world thought communism was dead, it re-appears here, but under different names. The term "*communist*" has been replaced with *liberal, leftist, or progressive*, but their agenda remains the same. The communists simply use the socialists until time is right for a complete takeover, then the communists eliminate the socialist or as Lenin called them "useful idiots."

**Curtis Bowers**, producer of the film *Agenda - Grinding America Down*, went to a meeting of dedicated American communists in 1992, who told of specific plans to bring down our system through the media and education by using *environmentalism, feminism and homosexual marriage*. **Karl Marx**, father of communism said, "The goal of communism is to *de-throne God and destroy capitalism*." To dethrone God means to totally erase Biblical morality and destroy the family through feminism and homosexual marriage. This is their goal.

Socialism creates the situations for a Stalin or Hitler to come to power. It's the destination *we are traveling*. The high cost of socialism and communism isn't just in monetary terms but in the atrocities of human suffering. **135 million people** were deliberately murdered in the 20<sup>th</sup> century! Why aren't public schools asking *why* and teaching against what caused it - communism? Because it's the PC direction they are taking us.

In our entire history, socialists have never been as close as they've been in the past couple of years to taking control over this nation. That's the ultimate goal of the **ACLU**. Their founder, ardent communist, Roger Baldwin said, "Socialism is the GOAL!!" We've seen our Christian heritage run through our fingers like sand. There are those in our culture who are passionately trying to remove every vestige of God from public life! Without God, there are no freedoms. A determined atheist elite is committed to destroy our nation's faith in God. Freedom comes only from Christ. You are on one side or the other.

***You are either part of the problem or part of the solution. Neutrality in times of moral crisis is treason against the Lord.***

If the day comes when a socialist government ***takes your property***, your ***freedoms have vanished*** and your ***faith is banned***, we will regret we didn't do more when it could have been avoided. The shift is clearly underway! **Curtis Bowers**, producer of *Agenda – Grinding America Down*, said, "The biggest surprise was that our enemies understood that ***morality*** was our greatest ***strength***, that *immorality creates the need* for more government until the people **demand** socialism. *But our Founders knew it.* Ben Franklin said, "A ***virtuous*** people are not easily enslaved!" So the opposite is also true. An immoral and corrupt people ***ARE easily enslaved***. The socialists have been so successful they ***persuaded the American people to put one of their own in the White House***.

#### **Not of This World** part 1 & 2 #1220-1221

Why should it surprise us when students are given a socialist education that they become socialists? But socialism only brings *poverty*. Cuban refugee turned successful business owner, **Aurelio Barreto**, founder of *C28 Christian Stores* and *Not of This World* clothing, and author of *Not of This World*, tells how socialism stole his family's wealth in Cuba. Although he started with nothing in L.A., he became a multimillionaire but was not fulfilled until he had a personal relationship with Christ. He lost millions of dollars in the stock market but learned to trust Christ through trials and triumphs. Aurelio Barreto says God led him to start Christian stores in malls, but many malls would not let a Christian store in because it was too "controversial." Over 16,000 people have received the Lord through his *C28 Christian Stores*, because the staff's priority isn't just selling clothes but sharing the gospel and praying with customers. Aurelio tells how God healed his marriage and says, "If I lost everything but still had Christ, I would have it all." His business was severely attacked by the enemy, but God brought him through to teach him to totally trust in Him.

#### **Full Time Discipleship** part 1 & 2 #1214

As a new school year approaches, parents are going to make one of their most important decisions – how to educate their children. What's the *best* education for your child? What do you want them to become, to believe? There have been dramatic anti-Christian, anti-patriotic changes to school curriculum and textbooks. **Israel Wayne**, author of *Homeschooling From A Biblical Worldview*, gives scriptural mandates for parents to consider. Public schools do not train young minds to think critically and debate both sides of issues. They only get one side. ***God has a strong interest in your child's education.***

The biggest mistake a parent can make is to simply drop their child off at the local public school and trust the school to take control over their child's mind and in fact, disciple your child. What is a good education if it leaves God out? **Israel Wayne**, of the Homeschool Digest, says education today is not just academics. The Bible is out, the Koran is in. The new civil right of same sex marriage is in their civics and history textbooks. The Bible says, "Bad company corrupts good morals." Is God calling you to homeschool? Where God guides, God provides. Do you have a temporal or eternal view?

#### **The Decline and Fall of America** part 1 & 2 #1216-1217

Our national debt may be the downfall of the greatest republic the world has known. Our government has guaranteed the collapse of this nation through our colossal debt! We owe nearly \$15 trillion dollars, yet socialists in government say we need to continue to *spend more* to get us out of the recession. **Blaise Ingoglia**, producer of Web videos called *Government Gone Wild*, says, "Our government has put us on the verge of a disaster, where every dime collected in taxes will go to pay off generational debt." Our nation's sovereignty is in the hands of our creditor nations. Only God can save this nation.

The wealth of this nation has been squandered and is bankrupt and on the precipice of economic calamity. How can you survive in a bankrupt nation? Our economic freedoms that led to America's greatness and world-renowned innovations have been ruined by a federal government that is turning free enterprise into socialism. More government means less opportunity. **Jerry Robinson**, author of *Bankruptcy of Our Nation- 12 Key Strategies for Protecting Your Finances*, says, "In just 60 years, America has gone from the largest creditor nation to the largest debtor nation." Find out what you can do.

### **The Book That Made America** part 1 & 2 #1210-1211

America has been blessed with prosperity and freedom, but today our nation is headed toward bankruptcy, economically, morally, and spiritually. What was the secret to America's greatness? **Jerry Newcombe**, host of the *Coral Ridge Hour*, and author of *The Book That Made America – How the Bible Formed Our Nation*, says public schools have re-written history and removed every trace of God, the very thing that made this nation great, and are imposing secularism. Our Founders had a Biblical worldview; in fact, America began *as a church relocation project* as one congregation settled this nation.

Why in a nation founded by Christians is Christianity forbidden in our schools? What is it about the Bible that gives people and nations freedom? Christianity created freedom and prosperity but that freedom has been misused to censor out the very ideas that created it. **Jerry Newcombe**, host of the *Coral Ridge Hour*, and author of *The Book That Made America – How the Bible Formed Our Nation*, says, "Our nation's Christian heritage is a precious gift from God but has been lost along with our freedoms and prosperity." Will we regain the vision that gave us our greatness before it's too late?

### **New World Order** part 1& 1 #1212-1213

With a staggering national debt of 14 trillion dollars, has America mortgaged away our future – even our national sovereignty? Will this crippling debt bring us into a one-world government? The Bible predicted one man would control the world's economy so that you would not be able to buy anything without his ID mark. How could this happen unless the world's economic system is cashless? When the world goes cashless, can the Antichrist and economic apocalypse be far behind? **Mark Hitchcock** is the author of *Cashless- Bible Prophecy, Economic Chaos, & the Future Financial Order*.

President Obama says, "Our nation is no longer a Christian nation... that Islam has been part of our history." But it was ***Puritans and the Bible***, not ***Muslims and the Koran***, that founded this nation. (Cuts of Obama speaking about his Muslim roots.) Why did the White House ignore Easter but recognizes Muslim holidays? Is Obama a Black Muslim? In 1952, President Truman established a national day of prayer. In 1988, President Reagan designated the First Thursday in May as the National Day of prayer. In 2009, President **Obama canceled** the 21<sup>st</sup> annual *National Day of Prayer* with a ceremony at the White House under the ruse of "not wanting to offend anyone." Yet on Sept 25, 2009, **Obama held a National Day of Prayer for Muslims where he and over 50,000 other Muslims gathered to pray to Allah. I guess it doesn't matter to Obama that Christians, and God, might be offended!**

Why is it every year at this same time Obama doesn't wear his wedding ring or watch? Is it just a coincidence that Muslims are forbidden from wearing jewelry during the month of Ramadan? We have to believe he's a committed Christian "because he said so during the campaign!" Could it be we have a MUSLIM in the White House who doesn't care about the role of CHRISTIANS in American history?

If young people know nothing about our nation's heritage, they will easily shift loyalties. Are we still governed by a Constitution? **Patriot Pastor Garrett Lear** says, "God blessed us for a reason, to be a beacon of hope to all men to all time to come."

The prayers in Houston on August 7, 2011, must ***just be a beginning*** of imploring Almighty God to bring this nation back to God. How often do 65,000 Americans gather to simply fast, pray and worship all day? We need more pastors and government officials, like Rick Perr, leading America in prayer! Congressman Louis Gohmert said "Your government is putting you on the verge of a disaster. It's far worse than you think."

***This is time for a 3rd Great Revival.*** The Houston prayer rally was simulcast in 1300 locations as people prayed in all 50 states. Christians literally stormed the gates of hell - violently. The demonic powers that are leading this nation to hell were trembling. It shook their dark strongholds. We will see the fruit of this. Be ready and be encouraged beloved. *Millions of Muslims are coming to Christ worldwide. Pray for Obama and other Muslims to be saved.*
