"God will wipe away every tear. There will be **no more death, mourning, crying or pain**, the old order of things has passed away." Rev 21:4

Problems Fade in Light of Eternity!

It's spring in Heaven – *all year – forever!* Heaven is *heavenly*, and we're *dying* to get there! Dale Black describes Heaven's majestic music, vibrant, brilliant colors in grass, flowers, and water. Everything is fully alive and filled with God's **ubiquitous** Light and Love radiating throughout! **Incredible joy awaits us.** You will travel through a *pathway of light* to a **real city** that's brilliant, resplendent and stunning with light brighter than bright. Yes, there are REAL mansions just as Jesus promised. It's like a *Kinkcade* painting.

Glimpse of Heaven #1337

It's all **brought to you** by the **only ONE** who could make it happen – **JESUS!**

MERRY CHRISTMAS! But MOST people don't know Who Jesus **IS**. Jesus is the Omnipotent *Creator of the universe, the Architect of the galaxies*, who flung the stars into the universe. "Unto us a child is born, and His name shall be called Wonderful, Counselor, The **MIGHTY GOD**, the **Everlasting Father**. The Prince of Peace." Isa 9:6 Christmas has been **trivialized**. The most astounding fact in all history is so **incredible**, so **astounding** that the eternal, infinite, incomprehensible God would come and live *in human flesh*. That the God Who Created *everything out of nothing* was born into the world He built. That means, when we pray, we are praying to One who understands what we feel, who understands and *feels our pain* and who knows what it is to love others. **The Greatest Gift #1342 When God Shows Up #1341**

Meanwhile we are engaged in a massive SPIRITUAL civil war for America!

"If you like your plan, you can keep it, period."

This is one of the **biggest lies** in our history that was repeated over and over by Obama and Reid and all the other Democrats. It's a **blatant** lie to sell Obamacare and institute *socialized medicine*. Obamacare was never about health-care, but it was a **complete transformation** of this nation into a **socialist state**. For the socialists, the price of causing millions of Americans to lose their insurance was minor compared with dumping *capitalism for socialism*. We will have no choice for **health insurance!** No choice for **school choice**. The **only choice** is to kill your unborn baby (paid for by taxpayers) or kill yourself by *taking the pill* instead of getting the healthcare you need. Presidential **lies sever the bond of trust between a president and the people**. Ironically, the goal of Obamacare was to provide insurance to those **without** it. Now millions are losing their insurance *because* of Obamacare and they're *forced to go to a website that doesn't work to buy health insurance they can't afford with money they don't have*.

God has **spared** this great nation from His judgment because **we have supported Israel**. (As God said in Gen 12: 3: "I will bless those who bless you, I will **curse** him who *curses you*.") But now America is **supporting the enemies of Israel** and standing against Israel and Almighty God. God is **with** Israel, while we are **with their enemies**.

Kooks with Nukes

Obama has agreed to cancel **\$6 to \$7 billion** in sanctions against Iran in exchange for Iran's **word** to curb their nuclear weapons program. America is helping to fund Iran getting the atomic bomb. Israel's very survival is threatened by an **atomic Iran**. Netanyahu said **America has betrayed Israel!** President Obama, **acting on behalf of all Americans, has guaranteed that the wrath of Almighty God will fall upon this country in ways we have never known in our history!**

Future generations will ask the same question the world asked about Hitler. **How did they ever let it happen?** Hitler would never have been able to become the fuehrer of Germany without the **cooperation of Germany's pastors and churches**. **The blood of Hitler's victims flows to the doorsteps of Germany's churches**. There were some 18,000 evangelical churches in Germany at the time of Hitler but **only 200** had

the courage to oppose Hitler. That equates to about 2%. **What happened in Nazi Germany is happening here.** We are beginning to see two kinds of Christians emerge. First, the so-called “Emergent Church,” that goes with humanistic secularism. In Nazi Germany, the term “Emerging **Theology**” was a term that was **actually used**. This will become the State approved Church, like the one Hitler approved of in Germany and currently in China. This type will be approved by a totalitarian state because it will empower that state through its complicity. But the true Bible believing Church will be persecuted because it stands for Biblical truth. This true Church will largely be driven underground, as it has been in China. The stage has been masterfully set for the great falling away. Mt 24: 12 “Because of the increase of wickedness, the love of most will grow cold, but the one who stands firm to the end will be saved.”

Issues in Education began 25 years ago with a prayer with **Pastor Chuck Smith** and Dr Robert Simonds. **Pastor Chuck** loved *Issues in Education* and said it was essential to inform God’s people. But within days of **Pastor Chuck Smith** passing into heaven, his replacement pastor (Brian Brodersen) took *Issues in Education* off Calvary Chapel’s KWVE radio. Please pray for **Pastor Brian Brodersen** to be the stalwart defender that **Pastor Chuck** was. You may write **Pastor Brian** (email) doublebee@mac.com or write: Calvary Chapel, 3800 S. Fairview, Santa Ana Ca 92704. Please put **Issues in Education** back on **KWVE!**

America was once renowned as a **defender of truth** and justice. Now it has become a **defender of baby killers, pornographers and perversions**. We are close to judgment! Hosea 9:9 "God will remember their wickedness and punish them for their sins." Psalms 9:17 “The wicked shall be **turned into hell** and all the nations that forget God.”

“Harry Reid, still seething that Republicans blocked three **radical nominees** to the D.C. Circuit Court with a filibuster, now has stripped the little power the Republican Senators had by ending the 225-year-old requirement that 60 votes are needed to end debate on a nomination. Now with just 51 votes **the Democrats have a blank check** to confirm anyone, no matter how **extreme or unqualified**. Since Democrats have forced all sorts of radical policies on Americans, they need a way to protect them. **And stacking the courts with Obama loyalists is the most logical way to sustain their radical agenda**. Democrats may be corrupt, but they aren’t stupid. They see the plummeting poll numbers. They’re power hungry beyond anything most Americans can imagine. This isn’t **just** about getting radical judges approved. It’s about **controlling and spying** on Americans and turning this **nation into tyranny**. You haven’t seen anything yet.” Joseph Farah WND

Barbara Crabb, the judge who tried to strike down the National Day of Prayer as unconstitutional, ruled that giving pastors tax-exempt housing allowances is unconstitutional. Churches are stealing from the government if they aren't taxed. This reveals an amazing level of arrogance AND what’s coming with **Leftist judges**.

WAKE UP! Can’t you see what’s coming?

“Socialized medicine is the keystone to the arch of the socialist state.”
Vladimir Lenin, founder and architect of the **Soviet Communist state!**

*If you are afraid to **speak out** now, you have already surrendered your freedoms and are a slave.*

What obligation does God have to save a people whose aggregate sin, as a nation in one day, is more than the sin of **Sodom and Gomorrah** in a year? **Sodom had no Bible** - we have millions. We have Christian radio, TV, publishing companies and millions of people who call themselves Christians. **Sodom had no histories of God’s judgment** to warn them. **Sodom perished** in spite of all these **disadvantages**. The only reason this country isn't a smoldering ash heap is because of **God’s mercy**. But with America siding with Israel’s enemies that mercy may be wearing thin. How are Christians reacting to these earth quaking events? Incredibly, there are church leaders who do not feel it’s the role of the church to confront **evil in government**. They don’t get involved in politics. They say they must concern ourselves only with spiritual matters, as though **killing unborn babies** doesn’t have **spiritual implications!**

To those who say we should simply retreat into our Christian enclaves, we ask; **At what point** will you **rise to defend** what you say you believe? Is there anything worth putting your reputation or **your life** in jeopardy? Will you object if your children are routinely indoctrinated in homosexual ideology in the public school, as it is in Cal.? Will you object if the state tells your pastor what he can say from the pulpit? Will you object if the

state assumes *ownership of children* and tells parents how they must raise them--under penalty of losing custody? Will you object if Christian businesses, even churches, are required to hire a quota of homosexuals?

1. To those who oppose Christian **political** involvement, (half didn't bother to vote in the past Presidential election), where will you draw the line? Is there any freedom or principle you would defend with your life?

2. Let us ask the leaders of the church who believe we should stay out of the political fray. What would have been your teachings about slavery and abolition if you had led a congregation in 1855? Would you have avoided the divisive slavery issues? Would you have even addressed its evil? What would you have done if you had lived and worked in Germany during the late 1930's and early 1940's?

How well would your philosophy of non-involvement have held up against the terrors of the Nazi regime? If you had known Hitler was exterminating people in concentration camps, would you have focused only on your local responsibilities? Would it have been appropriate to take an a-political posture?

That is what the mainline church did in Germany. It chose not to confront the evils of the Third Reich. In 1933, the Lutheran Church in Germany actually passed a resolution *condemning Jews* and *excluding* them from their worship services. They looked the other way for more than a decade; while millions of Jews, Poles Gypsies, Christians and the physically and mentally impaired were systematically murdered.

Hitler murdered 6 million Jews; we in the United States have killed over *55 million unborn* babies since '73. What have Christians done? So what are we to do as the Christian ethic comes under greater attack?

Where do we go from here?

First, we must fortify ourselves with *prayer*. Pray for our government, our president and church leaders. Second, hold tightly to your *courage and moral convictions* during the stressful days ahead. God has not given us a spirit of fear. What is occurring in our country is the *moral equivalent to (spiritual) civil war*.

If Winston Churchill had cowered before Hitler in 1939, the British might well be living under tyranny today. General Washington fought the Revolutionary war with support from only about 15% of his countrymen. Lincoln's entire Cabinet opposed the Civil war and would have permitted the Confederate States to secede. In Sept 1941, the US Congress buckled *in terror* at the Nazi threat. Unbelievably, when our friends in England and Europe were being ravaged, our Congress came within one vote of emasculating our military.

Many Christian leaders say they avoid political issues and "just preach the Gospel." But over the last five years, many of them are beginning to wake up to reality. There is a growing understanding that even preaching the Gospel is being threatened under an administration that is redefining religious freedom. There have always been appeasers, "We can't win; The Church should not be involved in politics; It's too late." ***That's all irrelevant! It is not our duty to win. It is our duty to be faithful.*** If we will die defending what we believe, we will go down knowing we did the best we could to stand for GOD, righteousness and integrity.

What's at stake at this stage in our history is profoundly more significant than the whims of **politics**. Hanging in the balance is the *essence of the Christian faith and the gospel itself*. What is needed are millions of believers who will ask God to help us against **overwhelming** odds. Will you join that army of committed soldiers? Let's do it for our children and grandchildren.

Non-Affordable Healthcare #1345

What's the purpose of public education? Is it to train students to become socialists? **Ed Klein**, author of *The Amateur – Obama in The White House*, says the real issue is not about healthcare for the poor but a complete socialist takeover of our nation. **Amy Ridenour**, author of *Shattered Lives – 100 Victims of Government Health Care*, says, "Socialized medicine will have *the compassion of the IRS, the efficiency of the Post Office and all at Pentagon prices.*" Socialized medicine pits a government bureaucrat between you and your doctor and determines who lives and who dies based on **costs to the state**. *Rationing boards* are "death panels."

Bonhoeffer – Cost of Discipleship #1344

The way to teach character is through role models and biographies. In past generations, it was Christians who stood against *the evils of slavery and communism and Nazism*. It was the brilliant young German

theologian, Dietrich Bonhoeffer, author of *The Cost of Discipleship*, who boldly challenged Hitler and the compromised German Church when others caved in. Out of 18,000 German pastors only 200 stood against the personification of evil on earth – Hitler. Bonhoeffer was unafraid to speak *truth to power* and rescue Jews.

Bonhoeffer asked, “What did Jesus mean when He said, ‘If anyone would come after me, he must pick up his cross and follow Me?’” He wasn’t talking about a pretty cross necklace but to die to self. That’s exactly what Bonhoeffer did. Although he had made it to safety in the USA, he went back to Germany to help rebuild the Church. *He lived a cross centered life. He also died a martyr’s death at the age of 39.*

He wrote, “Cheap grace is *costly* to the Church and culture. But costly discipleship means *following Jesus even when facing certain death.*” American Christians prefer success, victory and achievement, but Bonhoeffer said, “When we are weak Jesus is strong. Success can make us arrogant. Bearing the cross doesn’t bring misery and despair but peace and the greatest joy.” During the Allied bombing, there was chaos with shaking buildings, bottles and books falling and breaking but there on the floor of the Flossenburg prison, we see Bonhoeffer in deep prayer. Prayer was his life-blood.

Professor Stephen Nichols, professor at *Lancaster Bible College* and the author of *Bonhoeffer – On the Christian Life, From The Cross, For The World*, sees parallels between Germany in Bonhoeffer’s day and our society today and what it means to be a true disciple. It’s chilling to compare the German Church that blessed the Third Reich and the compromised American Church today. “Silence in the face of evil is itself evil,” wrote Bonhoeffer. We don’t pop from immaturity to maturity any more than we go from being a child to an adult overnight. Bonhoeffer’s final words before being hanged (days before the war ended) were, “For me this is but *the beginning of life!*”

Spiritual State of the Nation #1340

Dec 7th, *Pearl Harbor Day*, was the beginning of WW II, but today we’re involved in another war, a spiritual war that threatens our survival. It’s when people say peace and safety that destruction comes. Joel Rosenberg, author of *Implosion- Can America Recover From It’s Economic & Spiritual Challenges in Time?* prophetically warned about 9/11 months before it happened, now warns that, “This nation is headed for a collapse of catastrophic proportions.” What happens to our nation in end times prophecy? Are we still a nation? He says, “What we face today is God’s judgment in The Great Tribulation.”

The Greatest Gift #1342

Christmas! That wonderful time of year when we celebrate the birth of the most wonderful Person who ever lived. There’s a wonderful spirit at Christmas that goes beyond other holidays, beyond gifts, friends, family and music. Renowned author, Max Lucado, says people never tire of hearing about God’s love for them. Jesus went from *holding the stars* in His hands to *clutching Mary’s little finger*. The God who created the universe came to earth as a single, tiny cell inside a woman. Why? What is He like? He stopped the storm at sea but allowed soldiers to nail Him to a cross. Actor Bruce Marchiano, gives such a dramatic, inspirational, description of Jesus, *you will never forget it*. Jesus’ profound love has no limits.

When the angels rebelled against God there was literally *hell to pay!* Lucifer, the most powerful being ever created persuaded a third of the angels of Heaven to rebel against God. Then the wrath of God came down hard upon them as they were cast out of Heaven into the depths of darkness, waiting for the final judgment. So the angels saw humans *shake their fists in the face of the Almighty*, they waited for judgment on them. So when they were told they would bring a message to humankind, they figured the day had arrived. But to their astonishment, the angles saw God’s grace as they brought *good news*, instead of destruction and damnation. And that “great joy” came with the birth of God, Jesus, to forgive us of our sins.

When God Shows Up #1341

Christmas is the celebration of God coming to the earth He built. The little Babe in the manger was the One who created the universe. RT Kendall, best selling author of more than 50 books, and respected Bible scholar who served as the pastor of the *Westminster Chapel* in London for 25 years, is the author of *When God Shows Up – How to Recognize the Unexpected Appearances of God in Your Life*. As God slipped almost

unnoticed into human history, life on earth forever was changed. God cares about common people. He chose His angelic choir to perform for lowly shepherds. He chose peasants to raise His Son.

Maturing In Christ #1343-

“A man wrapped up in himself makes a very small bundle.” Ben Franklin

For people *burned out* on “religion” but still searching for a genuine *faith experience* - *I WILL Be Found By You – Reconnecting with the Living God* – is for YOU!! 12 apostles **changed the world**, yet millions of Americans Christians are **being changed by the world!** **Francis Frangipane**, author of *I Will Be Found By You – Reconnecting with The Living God*, says the key to a blessed life, to overcome our anxieties and fears, is to become **like Christ**. Christ was in constant communication with and *dependant upon His Father*. Maturing comes when we break the cycle of seeking God only in times of trouble but seek Him all the time. At a time of unimaginable depravity, the apostle Paul says he can **do anything** through Christ. But before we transform a culture we need to let Christ **transform us**. How? The problem with American Christians is we **need more of Christ** and less of ourselves. More of His wisdom, power and love and less of us. **We’ve trivialized the God who built the universe out of nothing** to one who has trouble finding us a parking place.

There is coming a time **when you will need a very close relationship** with the Lord. As we ask God for more of His power and love we will actually get closer to Him and become more Christ-like. For Jesus, the power and direction for miracles came out of His time in prayer with His Father. Experiencing Christ’s profound love is transforming and makes us into His Image. **It’s the secret** to how 12 apostles changed their world.

Jesus spent time alone in solitary places in prayer. If the Son of God found time to regularly be alone with God and pray, who are we that we should do less? He often spent entire nights alone with the Father in prayer. Learning the discipline of being quiet, unplugged and alone with God is one of the most revolutionary lifestyles you can do to get your JOY back and have the ABUNDANT LIFE. Frangipane, *I Will Be Found By You*.

Moses at age 79 was on the backside of a remote desert taking care of sheep. He was, in the world's eyes, a failure. Yet his life, for the next 40 years, would be like no other man who has ever lived on the face of the earth. In the kingdom of God, there are unlimited possibilities. God has infinite resources and unbounded creativity to change the world! And that includes you and me, amen?

Why doesn’t God just take care of everything for me?

God took care of all the Israelites needs as they wandered in the desert. God met directly with Moses in the *Tent of Meeting!* By day, the LORD went ahead of them in a **pillar of cloud** to guide them on their way and by night in a **pillar of fire** to give them *light and warmth*. Neither the pillar of cloud nor the pillar of fire left its place in front of God’s people. God spoke to Moses “face to face” out of the cloud. God directly protected them and provided for them. He was all they needed. God provided food for 40 years. He kept their clothes from wearing out and brought water out of rocks when they were thirsty. But this did not produce a people who had great faith in God. Just the opposite. The people rebelled against God. So why doesn't God jump in when things don't go well and fix everything? That's not the way to **produce the kind of faith** God wants. He wants us to have **trust in Him when we don't see or hear Him**, even when things don't go well for us.

“God is teaching us to **see and hear** Him spiritually, *not physically*; to spiritually *see in the dark* and *hear in the silence*. To become **spiritually sensitive** and not **physically dependant**. That means tune out the noise and fears and focus on the invisible to increase our spiritual perceptions.” Francis Frangipane *I Will Be Found By You*.

Jesus sets a pattern of life for us

On the eastern shore of the Sea of Galilee lived people **known to be the enemies of God**. They were pagans who worshipped Baal or *the devil*. The Jews feared the area and avoided going there. But not Jesus! Amazingly, Jesus got His disciples in a boat and had them row directly toward the forbidden world.

When they got to the other side, a demon-possessed man came running out from the tombs to meet them. Jesus spoke to the *demon within the man* and said, “Come out, you evil spirit.” The demons begged Jesus to let them go to live inside pigs. Jesus gave them permission, and the impure spirits came out and went into the pigs that rushed down the steep bank into the lake and were drowned.

Those tending the pigs ran off and reported it. When the villagers came to Jesus they saw the man, who had been possessed by the legion of demons, sitting there, dressed and in his right mind and they were afraid. They pleaded with Jesus to leave their region. He was ruining their pig business. He was bad for business.

How many Christians today don't get involved because it might hurt their business?

But not Jesus! He didn't remain in the *safe areas* but sought those who needed His help and confronted the evil - head-on, regardless of the consequences. He wasn't just trying to pick a fight with Satan but to help people, especially the demon possessed man. Because of His great love for that man and the other people, he went over to the forbidden lands. That's the same reason He came to earth – to rescue us.

Jesus turned his face toward Jerusalem, where a horrible death awaited Him. He didn't have to make that final journey. He could have escaped to Egypt. But Jesus faced His executioners without fear for His own life. Yes, there is a price to pay for taking the offensive. It cost Jesus and most of His disciples their lives, but what a glorious investment in eternity. Jesus gives us a pattern as a model for all believers. Jesus didn't flinch from confronting wickedness and neither should we. We have Christ living in us!

Raising Godly Boys #1338 #1339

“It's easier to build strong children than to repair broken men.” F. Douglass

At the start of each day, Dr Greg Jantz's 6th grade son would see boys parade up to the teacher's desk and line up to take a pill for ADHD. Boys are being drugged right there - in their classrooms! Why? A boy's natural energy is seen as disruptive. His competitiveness is boisterous and aggressive. A boy's natural tendencies are treated as abnormalities to be drugged. Boys are seen as **flawed** and *need to be subdued*, thus **quenching God's design** in a boy's nature, by an education system that doesn't understand that *boys learn differently* than girls. Why are two-thirds of the D's and F's given to boys?

Why do girls do better in school than boys?

There are scientific differences between the way boys and girls *think and learn*. **Dr Michael Gurian** and **Dr Greg Jantz**, authors of *Raising Boys By Design, What the Bible and Brain Science Reveal About What Your Son Needs to Thrive*, have done extensive research in brain science to help parents and educators understand boys and help them succeed. There is a gender bias against boys in schools. But it's not just boys and girls. Men and woman's brains are hard wired to think differently. This might help you understand your spouse. Just as men like action and competition, so women like to bond and form networks. While men focus on one project, women are multi-taskers and can do several things at once. Women want to talk, men withdraw.

Why should *we expect boys* to act like girls? **Boys are NOT girls**. In an experiment, boys were given dolls as toys and girls were given toy trucks instead of dolls. The boys used the dolls as toy soldiers, even using them as projectiles to be catapulted into an enemy fort. While the girls used the toy trucks as dolls, cuddling up to them and covering them with blankets as they slept with them. **God designed** boys and girls to be different.

Heaven Hears #1336

What do you do when tragedy strikes and a terrible accident dramatically changes your life? **Lindy Boone Michaelis** is the daughter of famed singer Pat Boone and author of *Heaven Hears – The True Story of What Happened When Pat Boone Asked the World to Pray for His Grandson's Survival*. Ryan fell 46 feet onto the concrete. Lindy tells how she became so incredibly close to Jesus and that is what sustained her. Incredibly, through the seasons of crying and praying, she says this tragedy developed her character, perseverance, faith and love. Completely turning her son over to Jesus gave her profound peace in the midst of suffering.

A Glimpse Into Heaven #1337

What's heaven like? Is it a real place or just a vague concept and hope? What will happen after **you die**? **Captain Dale Black**, author of *A Pilot's True Story - Flight to Heaven, A Plane Crash, A Lone Survivor, A Journey to Heaven and Back*, vividly describes his horrific plane crash and his wondrous experience in an incredibly awesome place - heaven. **He was there. He saw heaven and came back** to tell us what it's like! What do angels look like? Jesus promised mansions. But are they real? What are they like?

Dale Black beautifully describes heaven! Everything is vibrantly, fully alive, even the colors! God's love and light radiates through everything filling all of heaven. This *music-filled* story is life changing. After you leave

your dead body you will travel through a pathway of light to a real city that's brilliant, resplendent, stunning with light brighter than bright. Others will be waiting to greet you with open arms, joy, hugs and laughter.

God's Gift-The Animals #1334 #1335

Some people say *animals have no emotions* but are just conditioned to respond. Do animals have feelings and emotions? How do they express them? Do *wild* animals have personalities? Why did God create animals?

Austin Miles, an award-winning writer of such things as the TV series *Ancient Secrets of the Bible*, was the ringmaster in the circus for 50 years. Austin tells touching stories, such as a huge circus elephant that showed love for her small dog friend and how a pregnant chimp gave birth just before she died and handed her baby to the trainer. Look at God's *infinite thought and design* in creating lovable, furry cats, faithful dogs, the inspirational eagle, and the amazing camel. Animals show intelligence and feelings, such as the old goat that acts as eyes for the blind horse. **Austin Miles**, tells poignant stories such as an elephant blockading the ring and stopping a stampede of elephants and saving many lives. He tells a tear-jerking story of an old, shaggy dog that was once a *circus-performing dog*. The dog knew Austin's routine and watched from a hiding place. As the circus left town the dog followed and barked, but sadly, they had to leave this faithful dog behind.

Just as opposing winds cause an eagle to soar higher so adversity strengthens Godly people.

- Military Veteran Put On Leave for Saying "**God Bless America**"—Right Before Veteran's Day 11/14/13. Pacific Justice Institute President Brad Dacus said, "Rarely do we see something as shocking as supervisors placing a hard-working military veteran on leave right before Veterans' Day **for saying something patriotic**. It's outrageous and illegal" America soldiers have died to give us our freedoms! Now they are told they can no longer be Christians. **WAKE UP! We're losing our precious freedoms?**
- Just when it seems assaults on Christians couldn't get more bizarre, comes this story. After battling cancer, Linda Baker passed away. But her last wish was that her tombstone be engraved with an Ichthus fish with Jesus' name in the center. But the director of the Sterling, CO, city-owned cemetery told them he couldn't allow it because, as he said, "It **might offend** somebody," and asked *what they would think if someone wanted to put a swastika on a headstone!* Imagine **comparing a swastika to a cross!**

WAKE UP! We're becoming a nation AGAINST God! WAKE UP! Can't you see what's coming?

The historic chapel at West Point was the scene of its first **same-sex "marriage"** involving two men. (There were two unions of women in late 2012.) Why should God save such **a country?**

In 1887, a history professor wrote: "A democracy will continue to exist up until the time that voters *discover that they can vote themselves generous gifts from the public treasury*. From that moment on, the majority always votes for the candidates who promise the most benefits from the public treasury. The result is that every democracy will finally collapsing over loose fiscal policy, which is always followed by a dictatorship."

"The average age of the greatest civilizations from the beginning of history, has been about 200 years.

During those 200 years, these nations always progressed through the following sequence:

- From bondage to spiritual faith; From spiritual faith to great courage; From courage to liberty; From liberty to abundance; From abundance to complacency; From complacency to apathy; From apathy to dependence; From dependence back into bondage."

The real danger to America isn't Obama, but a **citizenry** *capable of trusting a man like him* with the Presidency. Obama won votes from people living in low income, tenements, and living off government welfare. Now forty *some percent* of the nation's population is in the "governmental dependency" phase.

Where in the "death spiral" sequence do you think this nation is in NOW?

If Congress grants amnesty and citizenship to twenty million criminal invaders called illegals, and they vote, then we can say goodbye to the USA in fewer than five years. **Apathy** is the greatest danger to our freedom.

We always hear how Social Security is going to run out of money.
But why don't we hear about **welfare running out of money?**

God says to you, "There could never be anyone who loves you more and is as devoted to you, as 'I AM.'" When you really believe this, ***fear loses its grip*** on you. ***Opportunities are disguised as difficulties.***

- Its through your problems, failures and weaknesses that you will rely more on the Lord.
- God says to you, "**This is my world! I created it! I control it!**"
- "I am Almighty God, NOTHING is too hard for ME."
- With Him beside you, you can ***laugh at your worries*** knowing He will ***weave miracles*** into ordinary life.
- ***Laugh more, worry less. Laughter lightens your load and lifts your heart.***
A Father loves to hear his kids laugh.
- ***Don't take yourself so seriously.*** If you have the Lord, *Who spoke the universe into existence*, beside you, what are you worried about? You don't need to be afraid of anything.
- The Lord says to you, "Learn to enjoy the life I am giving you more. I offer you the abundant life, your part is to ***totally trust*** in me and refuse to worry about anything. Let go of your possessions, even your loved ones, and yes, even let go of ***your life***, and HOLD ON TO ME, says the Lord.
- The Lord says, "If you try to ***live too safely*** you will miss the ***thrill*** of seeing ME work in and through you.
- Most people miss the ***joy of today by worrying about tomorrow.*** ***Let it GO! TRUST ME!*** says the Lord.
- Although you are an earthly vessel, you ***are designed to be filled with heavenly contents.***

Take a moment and ask the Lord to forgive you, of sin, worry, or holding too tightly to things and other people.
Ask Him to take over your life.

In Christ,
