We thank You JESUS for motivating your followers to VOTE!

In this historic election, *the most transformative* of this age, the American people have made a very clear and *decisive decision in a landslide* for President Trump and a conservative Congress! **President Trump is the most popular President in modern political history since Reagan.** The Democrat Party was completely rejected!

The media has been thoroughly discredited and repudiated.

MSNBC's staggering 54% drop in *primetime* viewership following President Trump's historic landslide victory, means **Rachel Maddow and Joy Reid** could be finished as MSNBC is up for sale! CNN will layoff hundreds **as ratings continue to tank.** **Viewers saw their propaganda as lies and manipulations, NOT reliable NEWS.** These networks were simply *manipulating viewers as pawns with lies.* It's impossible to exaggerate the significance of this! The LA Times owner fires his entire editorial board acknowledging that his paper has been out of touch & vows to make it "fair & balanced."

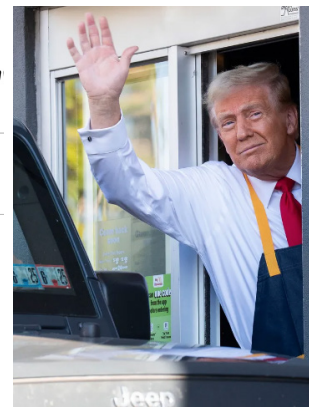

This election is culture changing

Issues in Education produced **11 twenty-six minute week-end programs, more than any other of our election programs,** because of the *significance* of this election!

Trump's Mass Firings Will Clean Out the DC Swamp!

The DC bureaucRATS are in a panic. Trump has sent a clear message to the CIA, FBI, NSA, DOJ, Homeland Security, and the Pentagon that he's coming after those *who interfered in the 2016 election, the 2020 election, and who tried to destroy him and his presidency.* It's not "revenge," but a cleaning out of corruption.

Trump's appointments are having a seismic impact on the world.

working man's friend

Ramaswamy and Elon Musk will head a new "*Dept of Government Efficiency to dismantle the huge federal bureaucracy, slash excess regulations, cut wasteful expenditures, and restructure Federal Agencies,*" **Marco Rubio:** *Secretary of State.* He said, "I want them to **destroy every element of Hamas** they can get their hands on. These *vicious animals* did horrifying crimes."

Pete Hegseth: *Secretary of Defense.* Served as a combat Army Major with tours in Iraq and Afghanistan as an infantry officer. Unlike so many he wasn't sitting behind a desk but was in combat. He was removed from his National Guard post at Biden's 2021 inauguration because of a Christian tattoo. Now he will *remove those military officers who promoted "left-wing" woke nonsense.*

Matt Gaetz: *Attorney General* replaces the corrupt AG **Merrick Garland** who sent the FBI to investigate concerned parents at school board meetings who he called *domestic terrorists.* He will end the weaponized government, protect our borders and dismantle criminal organizations to restore faith in the Justice Department.

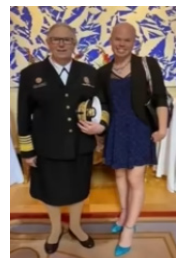

Tulsi Gabbard: *Director of National Intelligence,* a powerful position that sits atop the nation's spy agencies and acts as the president's top intelligence adviser. Gabbard is a former congresswoman and Army Lieutenant Colonel who served for more than two decades in the Army National Guard.

Robert Kennedy: Trump's *Secretary of Health and Human Services,* replaces Biden's trans-woman **Rachel L. Levine.**

Their arrogant and outright lies and accusations are insulting!

The outright lies and accusations against Trump being an *insurrectionist, a racist, guilty of felonies, a threat to democracy, a Russian agent, a dictator - a Hitler,* who would make abortion illegal and put women's lives at risk have been exposed **as lies.**

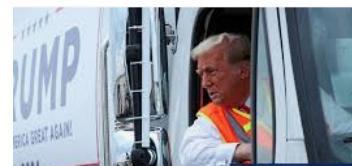

Voters saw through the lies such as the border being secure; that inflation is moderate (just go to the grocery store), all seen for the *lies they were, a desperate attempt to intimidate voters*. When in reality the Democrats *had no real plans to solve the problems they caused*.

The Media Image of Kamala Harris

The Democrats and the media (*which are one and the same*) fabricated *an image of Kamala Harris* to be a qualified candidate when she was *inexperienced and unqualified* to hold the highest office in the nation. She is a weak, *feckless* candidate who *never went through a primary election* to even give the *Democrats* a choice. She was simply *appointed by elites* within their party without *a single primary vote!* She is just another **puppet** like Biden who would continue taking a *wrecking ball to our nation*. Their ads were insulting trying to deceive voters, as *if we were too stupid to think for ourselves*. They arrogantly *treated us as naive school children* who would believe their obvious lies they tried to ram down our throats.

Biden in essence said if you support Trump you are garbage.

It was one thing to go after Trump, but when they called us, his supporters, uneducated, deplorables, irredeemables who cling to their *religion and guns*, that was *too much*. *Biden called Trump supporters GARBAGE!* Mark Cuban said Trump is “never” seen around “strong, intelligent women!” ENOUGH! As a Democrat, we wonder if Cuban even *can define what a woman is?* Trump’s chief of staff is a very intelligent woman. Melania Trump is fluent in 5 languages! Cuban’s comments are insulting to the millions of women who support Trump!

Turning insults into votes

Voters turned the electoral map RED, because *they didn’t believe* the media or Democrats. They knew inflation was too high and the border was non-existent. It was a landslide!

Congratulating Hilter? What hypocrisy.

A few days before the election, Biden called Trump *a Hitler*. Then, after the election, Biden congratulated Trump. *Why would he congratulate Hitler if he believed Trump was ‘a Hitler’?*

Trump had the best showing for a Republican with young people (age 18-29) in 20 years. He had the best showing of black voters in 48 years! And the best showing with Hispanic voter in 52 years. With this showing, the *Democrat monopoly of young and minority voters has been shredded*.

When Trump was first elected in 2016, there was a sizable number of ‘**never Trumpers**’ in the Republican ranks. Now there are no more RINO senators like John McCain, Jeff Flake or Liz Cheney in the House. Even RINO Mitt Romney has been replaced by John Curtis in Utah. *Now those in office are strong supporters of Trump!*

The Democrats had *massive amounts of money from foundations and wealthy donors!* They had celebrities, Hollywood, the media and universities all supporting them. Harris paid Oprah Winfrey \$1million for her endorsement. How did they spend \$1 billion and not win? *All they lacked was the PEOPLE!* This was a huge win FOR THE PEOPLE showing the elites we weren’t deceived! We are not the simpletons they assume us to be.

Why were the Dems so desperate to stop Trump from running ?

Trump was impeached twice on ‘*trumped up charges*’, indicted four times, and tried as a private citizen. Democrats attempted to remove Trump from 16 state ballots. His home was invaded in the middle of the night by the corrupt Justice Dept. for things Hillary and Biden had done without being charged. He was subject to criminal and state civil suits *to bankrupt him*. He spent more than **\$100 million** on lawyers and other costs. He was once *shot in the head* and targeted for assassination twice. *Anyone else would have quit*. But not Trump. Just the opposite. There he was, blood on his face, fists in the air, yelling, "fight, fight, fight." *What an amazing man*.

This Is What Real Leadership Looks Like

Look what Trump has done even before being sworn in as President:

- Putin of Russia said he is *ready to work with Trump to end the war with Ukraine*. Trump informed Zelenskyy that *war is over* so prepare for negotiations. *No additional funds or weapons will be sent*.
- Obama decimated our military *while rebuilding Iran*. He gave that terrorist nation \$1.7 billion in cash in 2016. His naivete was astonishing. An utter failure that a high school student could have foreseen.

➤ Plans are being made to **isolate Iran and boycott their oil exports** to cut off their funding for terrorism. Iran's currency has crashed. This is the **opposite** of Biden's pacifism of giving Iran and the Palestinians billions of dollars. Terrorists only understand that strength, not pacifism.

➤ Two days after the election, Trump called the President of Mexico and told her to **stop these caravans** of people streaming toward our border. He reminded her that a **stiff tariff of 25% on their imports** would not help Mexico, and **she agreed to stop the caravans. With just a phone call!! What was wrong with the Harris-Biden administration that they couldn't do this?** How could intelligent people even consider voting for them?

Illegals easy to spot.

➤ Illegals are reconsidering coming here since they realize their stay in America would be short with Trump's massive deportation plans!

➤ *The Houthis surrendered just hours after Trump won the Presidency.*

➤ *European leaders say they will buy oil from the USA and not Russia.*

➤ *Dow soars a record high above **1500 points in-a-day** after Trump wins.*

➤ *He will make an executive order to cut all federal funding for any school that tells a child they are **trapped in the wrong body** or for recommending sexual mutilation surgery or hormones to transition to the other gender. **No more boys in the girls locker rooms or in girl's sports. Gender insanity is over!***

➤ *Trump has saved the Supreme Court from being packed with liberals, the electoral college, the economy, the military, the Constitution and another 20 million illegals! Everything was on the ballot.*

Trump Has Done More in his first days since being elected than Biden/Harris did in 4 years. All these amazing results would have been totally reversed and made worse if Harris had won.

Trump Announces Plan to Retake Colleges From the Radical Left

President Trump plans to reform colleges and universities that have become left-wing **indoctrination factories**. Trump promises to **fire far-left accreditors that have allowed colleges to be dominated by "Marxists, maniacs and lunatics,"** and lays out a plan that includes protecting American tradition and free speech, and fighting racial discrimination based on skin color.

Forgive and forget?

*When Jesus told his followers, "If you forgive others..." (Mt 6:14). He was speaking to individuals not nations. If our government simply **forgave criminals, there would be lawless chaos**. Paul wrote, "Government is established by God to bring **judgment on evil doers.**" God established government to bring law and order. Government exists to **protect its people from evil doers, not to be the evil doers.***

Unity?

There can be no **unity** with **people who have been encouraging the assassination of Trump**. The media spent years calling Trump a fascist and comparing him to Hitler! Their lies and nonstop propaganda should not be forgotten. They are enemies of the American people, whom they openly despise, and there can be no real unity with them no matter what they might say in the future. **You can't smack someone in the face then insist everyone calm down and unite.**

Propagandists – not journalist

The media lies, distortions, and unhinged rhetoric about Trump **cost the media its credibility** so that their readers and advertisers should abandon them! **Let's not pretend that MSNBC, CBS, and CNN are journalists**. They are **propagandist** like *Pravda* in the USSR **who work for the Democrats** and the destruction of this nation. Kamala Harris was **never ahead and never had a chance of winning**. She didn't even win the Democrat nomination, it was handed to her in a backroom deal. She's the most **fake person** ever to run for president. She is a MEDIA FABRICATION. We should never trust them again as "news".

For the government officials who tried to **bankrupt and jail Trump** there should be **severe consequences**. Everyone at Biden's DOJ who was involved in these **Stalinist court cases against Trump** needs to be held accountable and punished.

Weaponizing the Federal government is tyrannical

What the Justice Department and the FBI *did to Trump* was one of the most *egregious abuses of power in American history, and we shouldn't just shrug our shoulders at it because Trump won*. These agencies need to be dismantled entirely and re-built. The **FBI** has shown itself *to be an enemy of the American people* and a danger to our republic. Its director, Christopher Wray, should *not simply be allowed to resign. He should be placed under criminal investigation*. Same goes for New York Attorney General Leticia James, who should be disbarred for trying to bankrupt Trump with a *bogus fraud* case in which there were *no fraud victims*.

"We gotta lock him up"

If Trump had lost, *he would be going to prison*. President Biden said this before Trump was elected, *"We gotta lock him up,"* and the crowd *applauded*. That's exactly what leftists wanted to do. *They wanted to put Trump in jail and celebrate the day he dies there*. That's why he faced 91 charges and 700+ years in jail. *Free nations don't jail their opposition*. That's what *totalitarian nations* do. That's what this election was all about- *freedom or oppression!* For supporting Trump, **Elon Musk** would have been persecuted, bankrupted, and subjected to years of *Stalinist* court cases. Before *unity*, there must be a **reckoning and justice**.

So why the extreme hate for Donald Trump?

It's spiritual warfare! The *hordes of hell inflamed their puppet people to despise the man*. Why? Trump is a Christian who was not ashamed to say these words:

God's Hand

President Trump said, "As I look back at my life, I recognize that *it's been the hand of God* leading me to where I am today. And *my faith* took on new meaning on July 13th in Butler, PA, where I was knocked to the ground by what seemed like a *supernatural hand*. And I would like to think that *God saved me* for a purpose, and that's to make our country greater than ever before."

I believe in God and the Bible. Our country *needs a Savior right now and we have a Savior*. It's not me but Someone much higher up. *The life, death and resurrection of Jesus Christ changed the world*. It's impossible to *think of our country without His example and His teachings*. Our miraculous founding, overcoming civil war and becoming a truly great nation **could not have happened without Christ and His followers**. We need to remember *Jesus Christ is our ultimate strength and hope*. Let us thank Almighty God for our nation and our precious freedoms and most of all for the gift of His everlasting mercy and grace. We ask God to bless our nation and our people with faith, hope, love and peace.

Why would Trump EVEN say these words *if he didn't mean them?* He's not trying to fool anyone or garner support. He's already elected. Why would he say them unless he really believes them. He is the real deal.

We've never heard a President who spoke like this in our lifetime.

If the Lord is using Trump, and we believe He is, then like him or not, *if you are against Trump, you are against what God is doing*. Here is the video: <https://www.facebook.com/itua.ebhomomen/videos/542546352072370/?sfnsn=mo&mibextid=6AJuK9>

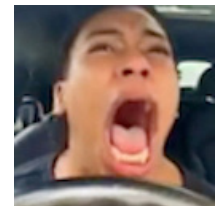

We believe that God had Trump move his head at precisely the right moment to avoid the assassin's bullet.

Trump has done more for the pro-life cause than any president in our lifetime by appointing 3 pro-life SC justices who reversed Roe and gave the decision to the states. Trump is not **perfect**. He's not a **pastor** but the president. And please don't give us that 'Trump is a sinner or criminal'! In God's sight, we are all sinners only saved by God's grace. **God saved Trump** from two assassinations for such a time as this!

Why would Donald Trump even *want to be President?* It's not for money or fame. But because he is a patriot who loves this country and wants to save it from becoming another 3rd world COMMUNIST NATION!

Christians not welcome at the Democrat rally

Two Wisconsin college students attended a rally for Kamala Harris. They were shocked by the enthusiasm of the crowd, which was *celebrating abortion*. One student yelled, **"Jesus is Lord,"** and the other shouted, "Christ is King!" Harris saw these young men and immediately said, "You guys are at the wrong rally." The crowd roared at *her mockery* of their faith as the students were ejected from the event. The message from the Democrats is, **"We don't want to hear from people like you. Your faith isn't wanted here."**

Trump ELECTED!

Christians Welcomed at the Republican Rally

But at another rally, J.D. Vance was speaking about the left's attacks on Judeo-Christian values and religious liberty, and someone in the audience yelled, "Jesus is King!" Vance immediately replied back, "That's right. Jesus IS King!" That crowd enthusiastically cheered. No one was mocked, and no one was kicked out of the rally.

Prayers For Our Nation #1909

Jonathan Cahn, author of *The Harbinger II*, said, "America is following the same pattern as ancient Israel, warring against God!" **Dr James Dobson**, recited the sins of our nation, then gave a heartfelt, profound prayer for repentance and revival. Pastor **Carter Conlon** of Times Square Church in NY city, says, "God is a God of love but also He's a God of justice. We have taken God, His blessings and patience for granted." **Foley Beach** says, "Christ wants our nation to be RED hot, not lukewarm for Him." In times of moral crisis, neutrality is treason. David Stuckenberg warns that our nation is falling to communism.

A Time For Choosing #1908

ICE recently reported staggering statistics showing that the Biden/Harris open borders policy has allowed 13,000 murderers and 425,000 convicted criminals released into our country This is the biggest crime story in our history. President Trump has been proven right about the risks of a Harris/Biden administration. (Cuts of Trump.) Pastor **Gary Hamrick** says voting is a Godly duty because of what God has entrusted to us. Sen. **Tom Cotton** says Trump was the most pro-life President, while Harris is the most pro-death. Pastor **John Bevere** says if Christians don't vote, they will allow ungodly rulers to rule over us.

RFK's Campaign to Help Children #1904

Robert Kennedy didn't just leave the Democrat Party, it left him. It has become the party of corruption and censorship. Now he supports President Trump so he can help end the corrupt Democrat Administration who turned the powers of the federal government into agencies that censor and prosecute all opposition. Government corruption has led to allowing toxic chemicals/pesticides in our food that are causing chronic diseases like diabetes, cancer and autism. 77% of our kids are too disabled to serve in our military. New leadership will end the corruption in federal agencies.

Vote ProLife #1906

We have a generation that is historically illiterate. (Cuts of college students who say they've never heard of Adolph Hitler.) The minds of people are changed from pro-abortion to pro-life by watching a documentary comparing Hitler's holocaust to America's abortion holocaust of millions of babies. **Ray Comfort**, producer of the film entitled "180", makes people think! Killing innocent children in abortion is similar to killing Jews in Nazi Germany. To say it's a woman's choice is comparable to saying it was Hitler's choice to kill Jews. Comparisons are so convincing that people change their minds on abortion.

Celebrating Christ! #1915

What is God like? Hundreds of years before the birth of Christ, Isaiah prophesied about Christ, "Unto us a Son is given: and His Name shall be called Mighty God, the everlasting Father." Was Jesus really God? Was He the Creator? He was. God came to the earth He created in the smallest form possible, as a single cell. Filmmaker **Bruce Marchiano**, who acted the parts of Jesus in more films than any other, is the author of *Jesus Yesterday, Today and Forever*. What was Jesus like as a child? What was it like for Mary, expecting Jesus to rule the world, to see Him crucified? Why did Jesus have so much supernatural joy?

USA vs China #1914

While China is preparing for war with America, America has no plan for defense. China's rapid military buildup of a nuclear arsenal and massive navy is the largest since WWII. Is war with China inevitable? **Gordon Chang** a renowned expert in US China relations and the author of *Plan Red- China's Project to Destroy America*, says, "China's President Xi Jinping has committed the crimes of the century causing the bio-weapon covid to spread to every nation killing millions of people and manufacturing fentanyl causing the death of 75,000 American annually." China's hostile regime is fueled with money and tech from the USA.

From Crime To Christ #1913

One of the most powerful and wealthy Mafia crime bosses has become an ambassador for Christ. **Michael Franzese** made over \$1 billion dollars, \$5 to \$8 million per week, but gave it up for Christ. When Michael's dad went to watch his baseball games with 6 other mobsters, no umpire would count 3 strikes on him. Out of the 50 biggest Mafia bosses in Fortune magazine's list, he is the only one not murdered. After 10 years in prison and 3

years in solitary, he was alone with a Bible and Jesus, he quit the Mob to follow Jesus. He saw his mother-in-law face death from cancer without fear but a joy that she was going home.

Giving God Thanks #1912

Pastor **Garrett Lear**, whose ancestors came here on the Mayflower, says this Christian country is being stolen! **Peter Marshall**, author of *The Light and The Glory*, says the Pilgrims didn't come here for religious freedom but they came here as missionaries. The Pilgrims were starving, with only 5 kernels of corn a day, but God brought an English speaking Indian who taught them survival skills. **Dr John Pafford** says it was the strong Christian faith of the Pilgrims that established this nation as a Christian commonwealth and fostered a free market economy. **Vaughn Shatzer** says Christianity was foundational to all aspects of life.

Soar On Wings Like Eagles #1911

The majestic eagle is a symbol of strength and freedom. Just as opposing winds cause an eagle to soar higher, so adversity strengthens Godly people. So when adversity comes, don't let it get you down, let it push you up as you draw closer to God. Inspirational speaker, **Gary Horton**, says the female eagle tests the male eagle to be sure he will be there to catch the little eaglet as he falls from the nest. So too, we can trust our Lord to be there to catch us when we fall. **Mary Whelchel**, author of *Soaring on High - Spiritual Insights from The Life of An Eagle*, makes parallels between God's amazing eagle and Christians.

God's Power and Design #1910

Dr Richard Swenson, physician, physicist and best selling author of *More Than Meets The Eye – Fascinating Glimpses of God's Power and Design*, describes the wonders of the human body, eye, ear and brain. God works in between space and time and has an eternity to answer the prayers of billions of people in a millisecond. The physical universe is like a tiny molecule on God's throne. God displays power, precision and beauty in His universe! Cuts of **Pastor Chuck Smith** on how seeds propel them to spread away from the tree. God designed coconuts to survive without salt water until the roots can get down to fresh water. **You can order this book.**

The Tragedy in Israel Continues #1905

Student protests in support of Hamas are support for barbarians! **Gov Ron DeSantis** said he would cancel visas of those who support terrorism. US Sen. **Katie Britt**, talked to those who witnessed the horrors of terrorism and said it's evil. **Doug Murray** says, "Hamas enriched their leaders and impoverished the Palestinians. Hamas squandered billions to make terror tunnels instead of a Mediterranean paradise." **Jeff Ballabon** says world-wide anti-semitism portends another holocaust. Pastor Billy Crone, author of *The Final Countdown*, said the God who owns everything gave the land to Abraham and his descendants.

Why The Truth Matters #1907

Could America become tyrannical? **Andy Andrews**, author of *How Do You Kill 11 Million People? - Why The Truth Matters More Than You Think*, says 11 million people is the number killed by Nazi's from 1933 to 1945. Why couldn't they have fought back? **They were lied to** by Nazi leaders like Eichmann, and they believed it. **Hilmar Von Campe**, a soldier under Hitler, says we are being led down the same socialist road Germany did.

55 % of college graduates voted for Kamala Harris

The more degrees someone has, the more likely they are to **vote Democrat** because they have *spent more years in the Marxist indoctrination camps* called *universities*. The left disdains anyone with **Biblical values**. If you believe there are only two sexes and that marriage is between a man and woman, you are a **backward troglodyte, an anachronistic throwback to a bygone era**. They want to erase what we know to be true.

God is Giving America Another Chance

God **cares deeply about His creation and specifically about us**. Nothing has a greater and more profound impact on our lives than knowing God really does love us. Gods' **thoughts about us are innumerable**. He continually thinks about us. We can see God is at work in this nation and Israel. **In Christ's Love,**
