

ISSUES IN EDUCATION

First Quarter 2025

www.issuesineducation.org (928) 776-0000 PO Box 12555, Prescott, AZ 86304 Bob & Geri Boyd

Trump wants to abolish the IRS.

President Trump wants to replace the *Internal Revenue Service* with the *External Revenue Service* through tariffs and duties from foreign nations. Tariffs were the primary form of revenue until 1913, when Woodrow Wilson introduced the *federal income tax of 1913*. Wilson also reduced tariffs from **40% to 25%!**

Tariffs were the greatest form of revenue we had up until 1913.

Tariffs raised enormous government funding, upwards of 95%. They encouraged production in America rather than abroad. The original intent of the Revenue Act was to tax the 'robber barons' who supposedly exploited workers! These supposed barons were philanthropists who built concert halls and libraries. So, that was just an excuse. The income tax was government control! When you control people's money, you control their lives.

The corrupt, Marxist, Biden Administration wanted to hire 87,000 new *armed* IRS agents and budgeted \$80 billion dollars in the *Inflation Reduction Act* to hire them. The Democrats wanted to massively increase audits of taxpayers, going over *every tiny detail of income in excruciating scrutiny to squeeze as much revenue out of us as possible*. Now we are finding out through a new *inspector general report* that nearly **6,000 IRS employees owe nearly \$50 million in back taxes**. Yet the IRS has been *scanning through taxpayers private bank accounts* with AI and without authorization in violation of the 4th Amendment to *prosecute taxpayers*. **So they want to scrutinize our private bank accounts so they can go after us when they are guilty of tax evasion!**

USA Taking Over Gaza: Ruse or Reality?

We are witnessing a remaking of the Middle East with prophetic implications. In a news conference standing *next to Israeli PM Netanyahu*, Trump said, "The Gaza Strip would be turned over to the United States by Israel. We will *move all Palestinians out* from Gaza permanently to be relocated in Jordan, Egypt and other Muslim Countries." He said, "The *Gaza Strip is an uninhabitable demolition site. Virtually every building is destroyed*. It's a disaster that would take billions to rebuild and for what? Simply rebuilding it for the same Palestinians will repeat the *same war over and over*." Since Israel became a nation, there has been *unending bloodshed* that won't end as long as Palestinians occupy this land. **The Palestinians started the war and lost the war with Israel.**

Could you imagine Nazi Germany staying in Germany after they lost in WWII?

Netanyahu said, "This is the first good idea that I've heard, and I think it should be pursued and done, because I think it will create a different future for everyone." Trump said, "We will make the *Gaza Strip the 'Riviera of the Middle East!'*" Could this just be a *tactic* from the *Art of The Deal* Maker-in-Chief to attain a better bargaining deal? Without the Palestinians in the land, Saudi Arabia and other nations could *normalize relations with Israel*.

Most Gazans supported the slaughter and kidnapping of Jews in Israel in Oct 7th, 2023. That didn't bother the Biden Administration nor that most Gazans who want to kill Jews. Many of our university campuses foment antisemitism. Research shows that the overwhelming majority of Gazans still support the October 7th attacks.

DEI is Legalized RACISM used throughout Biden's most corrupt government agencies.

Investigation into the tragic death of the 67 people killed when an Army helicopter collided with passenger plane at Washington National Airport showed that *under Biden, the FAA focused on hiring people with 'severe intellectual' and 'psychiatric' disabilities to reach DEI quotas!* White House Deputy Chief of Staff Stephen Miller said, "Over the last four years, the FAA and air traffic control under Joe Biden have been dedicated to a mission *not of public safety... but of DEI.*" The FAA's website stated that people with "severe" mental and physical disabilities are the most underrepresented segment of the federal workforce."

White, Normal, Healthy Christian Men Need Not Apply.

“Because *diversity* is so critical, FAA actively engages in initiatives to accommodate employees from diverse backgrounds,” the FAA site reads. Under the Biden Administration, the FAA *systematically used RACE & GENDER and sexual orientation*, not to just *promote a particular* group of people, but to *exclude others* who were more qualified, who had perfect test scores, *qualifications and experience* to be Air Traffic Controllers.

In just weeks, President Trump has **cancelled DEI** throughout the federal government, cancelled radical **gender** ideology, *slashed the massive bureaucracy*, fired *traitors* inside the FBI and stopped border invasions by 93%.

DEI is DOA

President Trump signed executive orders *stopping openly transgender people from serving in the military*, as well as eliminating DEI programs in the military. According to the order, “Transgender individuals in the military are *not physically capable of meeting the demands of military service*.” This reverses the Biden Administration that expressly *permitted transgenders* to serve in the military. “The demands of military readiness are ‘inconsistent with the *mental health constraints* on individuals with gender *dysphoria*’.” “A man claiming to be a woman and requiring that *others honor this falsehood* is not consistent with a service member.” “One of the dumbest phrases in military history is ‘our diversity is our strength.’ Our diversity is *not our strength*. Our *unity* and our *shared purpose* is our strength, and the Pentagon is excited to get back to that core mission. We don’t have time for *emphasizing differences*, we want everyone treated *equally*.” *Secretary of Defense Pete Hegseth*

Our military has been in a crisis for years because *no one wanted to join it*. Young Americans were adverse to Biden’s “leadership” and the “geniuses” at the Biden Pentagon who tried to boost recruitment by opening up the military to *transgenders* and ran ad campaigns featuring drag queens. The Navy used five sailors as *drag queen recruiters* in a pilot program, yet couldn’t figure out why young people weren’t rushing to sign up. Masculine, patriotic guys would say, “*I’m not going to get on a submarine with this guy*.” Then all of a sudden, recruiting numbers *skyrocketed*, the best in 15 years! People were brought to tears at Trump’s rallies with songs like, “*I’m Proud To Be An American!*” When he was nearly assassinated but stood up with his fist in the air and blood on his face, saying, “*FIGHT! FIGHT!!*,” young Americans saw that and said, “*There’s a leader I can trust*.” Young people love America and are joining the military in record numbers.

DEI Is Absolute Nonsense

“My administration has abolished all *discriminatory diversity, equity, and inclusion nonsense* — and these are policies that were *absolute nonsense* — throughout the government and the private sector. I’ve made it official that there are only *two genders, male and female*, and we will have *no men participating in women’s sports*.”

Of course, leftists went crazy. These are the same leftists who *cheered* when Biden kicked out 8,000 troops because they had *religious objections* to the COVID vaccine. That shows you the incredible contrast in priorities between the left and the right. *Biden kicked out troops with religious principles and welcomed in transgender individuals. Trump is removing mentally unstable individuals and welcoming back our warriors with religious principles*. Trump’s order also went a step further by requiring military academic institutions to “teach that America and its founding documents remain the *most powerful force for good in human history*.” *Amazing!*

DEI is Marxism that divides people based on appearance!

The idea that there are *dozens of genders and that children can choose to change their gender* with powerful drugs and mutilating surgeries is *insane*. It’s anti-science, anti-God, and anti-child. Public schools promote educational failure. Too many children are familiar with all the latest LGBTQ books, know all the signs that they are *trapped in the wrong body*, and they may “know” our Founding Fathers were *evil slave owners*. But they can’t add or read very well. *They don’t know American history even though we’re spending more money than ever*.

It’s *evil* for a teacher or counselor to tell children that they were “*assigned*” to be a certain gender at birth, and they may be the *wrong gender body*. And their teacher offers to help them “*transition*” *without telling their parents*. In previous generations, if a father found out that a teacher was telling *his son that he was a girl*, that teacher would be on the *wrong end of a fist*. We don’t have to tolerate *leftist lunacy*. It’s insane!

CRT Discourages Achievement

Minority children are taught that no matter how hard they work, they will never succeed because they are being *oppressed* by white people. That discourages achievement! Caucasian children are told, “You, as a white person, are an oppressor and must ask for forgiveness.” This *stokes racism*. And it was being subsidized with tax money. Under Joe Biden, if you DO NOT put this *ideological poison* in your schools, he threatened to cut off *funding*.

CRT and transgender ideology *are evil!* Trump’s Executive order of Jan. 29 *prohibits* this “indoctrination” in K–12 schools and *promotes school choice* in every state. The executive order bans federal funding for *schools that use CRT!* The Attorney General will take legal action against schools that violate his order. The order also reinstates the 1776 Commission that focuses on the Constitution & the Declaration that was implemented during Trump’s previous term but was *removed under an executive order by Joe Biden*. Trump’s executive order is a *direct response* to the **1619 Project**, which portrayed the United States as an *inherently racist nation*. *That the main reason for the American Revolution was to preserve slavery.*

Universal School Choice

Under the universal school choice executive order, “*Defending Parental Rights and Educational Opportunity*,” states will *get federal money for K–12 scholarship programs* that cover tuition for *Christian schools*. “Every child deserves the best education available, regardless of their zip code,” Trump said. “However, for generations, *our government-assigned education system has failed millions of students.*” “This Executive Order begins to rectify that wrongs by opening up opportunities for students to attend the school that best *fits their needs.*”

Trump Orders End to DEI and Gender Ideology in Public Education

The Biden Administration *fostered discrimination under the guise of DEI*. Critical Race Theorist, Ibram Kendi, says, “The only remedy to *past* discrimination is *present discrimination.*” No it’s not. Discrimination based on race or gender is wrong ALL THE TIME since it violates individual achievement. President Trump’s wants *to end racism* by cutting off federal funding to *any learning institution* that *mandates discrimination* like DEI (diversity, equity, and inclusion!) According to Trump’s executive order, titled “Ending *Illegal Discrimination* and Restoring Merit-Based Opportunity,” any schools that receive federal money, including colleges and universities, will comply with this mandate. That includes *all Ivy League institutions* and ALL universities.

“Illegal DEI not *only violates the Federal civil-rights laws*, it undermines national unity!” The order stated. “Hardworking Americans who deserve a shot at the American Dream should not be stigmatized or shut out of opportunities because of their *race or sex.*” “President Trump’s executive orders eliminating DEI programs in mark a crucial step toward restoring schools’ focus on exceptionalism and academic achievement. For too long, DEI has prioritized *divisive identity* over education, even as reading and math scores hit record lows.”

Although parents did not want their children taught distorted and immoral sexuality, and they made their voices heard at school board meetings, the Biden/Harris administration labeled them as *domestic terrorists*. If parents successfully stopped LGBTQ propaganda in elementary schools or libraries, gay activists or far-left teachers could report them to *Biden’s book ban coordinator*. Parents could be accused of “*violations of the freedom of speech,*” triggering *civil rights investigations*. Insanity is what *Marxism* is.

The CORRUPT Biden administration clamped down on school districts that had *the morality* to say, “This is an *inappropriate book for seven year-olds.*” But the Trump administration is on the side of parents and morality.

Trump Signs Executive Order Combating Anti-Semitism on College Campuses

‘To all the resident aliens who joined in the *pro-jihadist protests*, we put you on notice: *we will find you, and we will deport you,*’ Trump said. He also signed an executive order to combat *anti-Semitism* on college and university campuses. Students on visas WILL be deported if they express views that support the terrorist group Hamas, the group that was behind Oct. 7, 2023, the largest massacre of Jews since the holocaust. Trump said, “I will also cancel the *visas of all Hamas sympathizers*, which have been infested with radicalism like never before.”

Trump to Shut Down Department of Ed. As Scores Plummet

The Dept of Ed has been infiltrated by radical zealots and Marxists who have destroyed the greatest education system in the world. Once a beacon for education, we can thank the Democrats that we now rank on the bottom of math and sciences in industrialized nations. But our sexualized tots will be experimenting with transgenderism!

23% of Californians over age 15 cannot read this sentence.

Countries that previously lagged behind the United States, such as Poland, Sweden, and Australia, have leap frogged our country. It's beyond dispute that the US Education Dept has failed America's children while spending \$238 billion in 2024, as students show multi-decade lows in testing scores! President Trump may use his executive powers to gut the Department of Education. He is calling on lawmakers to pass legislation that would formally dismantle the department, as an act of Congress would be required to completely eliminate it. *The Education Department is among the federal agencies that Musk is eyeing to cut!*

U.S. students ranked 28th out of 37 countries in math.

THANK YOU! Those of you who helped win this vitally important election of Donald Trump by helping us produce our national radio broadcast. *Issues in Education* produced 11 full ½ hour radio programs, more than any other election programs that we've ever made to get Christians to vote. We did all we could do and you helped. The results of this one election are amazing and ***culture changing***. ***God bless you!***

Joe Biden was just a PUPPET President

Joe Biden entrusted the decision-making to others, namely Barack Obama. ***Obama had always dreamed of being president in the background***, free from the press and public scrutiny. Biden just had to play the role. Biden *never had the mental capacity to be president!* ***He was corrupt, amoral, and certainly had few, if any, core values.*** When President Joe Biden began signing executive orders, he asked ***"What am I signing?"*** He had no idea ***what he was doing*** but was being maneuvered by ***Obama and Obama's minions that were left over from Obama.*** The country was so enamored with having a **Black president** that both Obama and Biden were able to get away with ***election crimes***, breaking every immigration law, building up Iran, almost destroying our military, legitimizing every perversion, sending race relations back thirty years. His horrendous presidency was treasonous.

Sanctuary vs. Safety

As President Trump is deporting thousands of illegal aliens that Biden allowed into our country, some bishops and pastors stand in their pulpits and tell their congregations: ***"Jesus loves migrants. Everyone is welcome."*** They think ***followers of Jesus must tolerate massive lawbreaking by illegals.*** Too many religious leaders forget that ***Jesus loves the residents of these cities***, too. Thanks to Trump, fewer parents will worry their children won't return from school unmolested; or going for a walk without being mugged, raped or killed. That's compassion!

Christ & Common Sense

Trump has formed a task force to "eradicate ***anti-Christian bias***" in government. The task force will ***prosecute anti-Christian violence and vandalism*** and defend the ***rights of Christians***. He said, "If we don't have ***religious liberty***, then we don't have a free country." Trump said that his father took him to a Billy Graham crusades at Yankee Stadium, "I remember it more than any game." He said, "It was **God alone** who prevented the unthinkable (in the attempt on his life in Butler PA). We will NOT FEAR but remain resilient in our faith and defiant in the face of wickedness. I believed in God, but I feel ***more strongly about Him now.***" Something happened ***inside me.***

FEARLESS in the face of opposition!

President Trump went to LA to survey the wildfires damage and meet with government leaders. Homeowners in the devastated areas have been extremely frustrated by bureaucrats who won't allow them to ***return and inspect their homes.*** Trump walked into a room ***full of left-wing Democrat politicians, and he totally dominated the meeting.*** He told the mayor to ***let people go back to their homes now.*** Trump also promised to waive federal regulations to help the area rebuild and recover faster and urged officials to do the same.

What other president, Republican or Democrat, would voluntarily walk into a room where every official was from the opposite party and proceed to take them all on? The very thing that bothers so many good people who get hung up on Trump's ***gruff style*** is exactly what makes him so ***powerful and effective*** at governing. His COURAGE to face the opposition, to challenge the conventional wisdom, and stand up to the establishment is what so many Americans love about him. He is the powerful leader at a time we desperately need him.

The Difference between Joe and Don is as Big as between Marxism and Capitalism

Get used to hearing the words “unprecedented,” and “fascism.” You’re going to hear them every time Trump does anything. Biden hired 87,000 *armed* IRS agents. Trump says reassign the 87,000 newly hired IRS agents to the southern border — or fire them! What a difference an election makes. Referring to Biden’s open borders policies, Trump said that he tried to understand them. But eventually came to the conclusion that, “You’re either stupid or you hate the country. It’s *national suicide* to allow millions of people into your country. That’s an ‘invasion’.” While Biden flew illegal aliens at tax payers expense into the country, Trump is flying them out.

Pro-abortion Extremism On Full Display

The Senate voted on legislation that would require appropriate medical attention for any baby who survives an abortion. *Every Senate Democrat voted against this bill.* By doing so they are *supporting infanticide. This is a live baby outside the womb, no longer just a part of the woman’s body.* Killing the baby at this point or allowing the child to die through negligence is *infanticide.* They favor abortion after birth! If the baby comes out alive, they still favor **MURDERING** it. Under the law, an *illegal alien* can walk into America, give birth, and the baby is *automatically* a U.S. citizen. All of a sudden, an illegal alien has “a baby” and it has a right to be an American. But when the issue is *abortion*, it’s not a baby! just a “fetus” with no rights at all. *The hypocrisy is mind blowing.*

Christ’s 1000 Year Reign, p 1 #1926

Pastor David Jeremiah says, “There must be a millennium so we can live out our rewards based on work we’ve done on earth.” After we leave heaven, we will *come back* with Jesus to this re-newed earth to rule over those on earth who are still in their natural physical bodies. Author of *Heaven*, Randy Alcorn, says, “Our resurrected bodies will be like Jesus’s body with flesh and bones without blood. When Jesus appeared, the disciples touched him, and he ate food to show he wasn’t a ghost.” Amir Tsarfati, author of *Revealing Revelation*, says, “Our glorified bodies will have great power and capabilities to serve Jesus.”

Christ’s 1000 Year Reign, p 2 #1927

There is coming a paradise on earth where we will have amazing *powers and abilities.* We will see the wolf and the lamb eating together and the lions *eating straw.* Author of *Heaven*, Randy Alcorn, says, “We will not be *disembodied spirits* but have **real resurrected bodies** like Jesus has. We will eat and taste the best food imaginable.” *Your favorite food may be one you have not tasted yet. Every time Jesus appeared in His resurrected body, he ate to show he was tangible, REAL- flesh and bone.* Imagine living in our glorified bodies- *travel will be just a thought away.* We can just think it and we will be there instantly. If you want to visit Jesus in Jerusalem, you can just think it, and you are there with him. Long airplane trips for us will be replaced with “instant trips!” No reservations required. No wings needed. No more suitcases.

Final Days of the Church Age, pt 1 #1924

We have entered a *new era of global crisis as end time events* fall into place. A super crisis will be when millions of Christians are *raptured* out of this world, creating massive chaos and carnage. Most believers are not ready for the rapture but others, like Pastor Jack Hibbs of *Calvary Chapel Chino Hills*, say they are excited, eager and ready to go. Pastor Barry Stagner, author of *The Time of The Signs – A Chronology of Earth’s Final Events*, quotes Jesus as saying ‘This generation shall not pass away.’ The rapture is *the most glorious moment as flesh and blood are replaced with an everlasting spiritual body* with amazing capabilities and powers.

Final Days of the Church Age, pt 2 #1925

We are living in the earth’s final days signaling that the rapture and Great Tribulation are close. Pastor Barry Stagner, author of *The Time of The Signs – A Chronology of Earth’s Final Events*, says we could see the beginning of the Ezekiel 39 war but be raptured out before its end since God’s grace gives way to his wrath on Israel’s enemies. The Anti-Christ will come from the area of the Roman Empire. Amir Tsarfati vividly describes the horrors of God’s judgement in the Great Tribulation.

Answering the Skeptic, part 1 #1922

What are some questions that Christians find hard to answer convincingly? Ironically, they’re the ones that most need to be answered. How do you answer. “What’s the proof for an invisible God’s existence?” How do you know heaven exists? Inadequately prepared students are easily persuaded to give up their Christian beliefs in secular schools. Mark Middleberg, author of *Questions Christians Hope No One Will Ask*, gives fascinating examples of compelling answers to sincere questions that enable skeptics to become believers. *What are the two essential concepts a person must believe before putting their faith in God?*

Why God Allows Pain and Suffering part 2 #1923

How can an all powerful God allow evil and suffering and still be good? Ironically, people blame God for suffering and evil and disregard sin and Satan. What are the supposed Biblical contradictions that skeptics ask about? **Mark Mittleberg**, author of *Questions Christians Hope No One Will Ask*, says, “How can all religions be the same when they are contradictory?” Science teachers ask how anyone honestly believes in God when there’s no proof in this scientific age that He exists? What about those who have never heard the gospel? Can they be saved?

Abortion Debate part 1 #1920

Life is precious when a woman wants a baby, but it’s a disposable ‘fetus’ when she doesn’t. So the life of the baby is dependent on the mother, not absolute values. The exception for the ‘*Life of the mother*’ has come to mean *quality of life* or convenience. Pro-life speaker **Seth Gruber**, of *The White Rose Resistance* says, “50% of all abortions are done with a pill, RU 486!” Abortion is part of the deeper spiritual war but many pastors miss it. **Charlie Kirk**, president of *Turning Point USA*, joins Seth Gruber to answer questions like, “keep abortion safe and legal.” “What about rape, incest and life of the mother?”

Abortion Debate part 2 #1921

Mark Spence, VP of outreach at *Living Waters*, asked a young couple about abortion. They said they believed that in treating others as they would like to be treated doesn’t apply to unborn babies, since it’s not a person! **Dr Bernard Nathanson** who helped make abortion legal, and aborted 75,000 babies, says he was converted to be pro-life by making a sonogram of an abortion in “Silent Scream.” Radio host **Mark Davis** says “privacy” is not a constitutional justification to keep abortion legal.

Maturing Through Suffering #1919

TV host, **Joni Eareckson Tada**, author of more than 50 books including, *An Unforgettable Story*, has suffered for over 50 years with quadriplegia and extreme pain. What helps is focusing on Jesus and his suffering. **Tim Hansel**, author of *You Gotta Keep Dancin’ - In The Midst of Life’s Hurts You Can Choose Joy*, suffered a tragic fall that broke his back, causing him to be in extreme pain, says, “This *light and momentary affliction* is preparing for us an eternal weight of glory beyond comparison!”

A Faith That Overcame Fear #1918

Do you have a vague hope that you’ll go to heaven or the certain fearless faith that overcomes your fear of death? Pastor **Randy Alcorn**, founder of *Eternal Perspective Ministries*, is the author of over 60 books including *Heaven* and *We Shall See God*, gives an inspirational, heartfelt message at his wife Nanci’s memorial service that will *increase your faith and decrease your fear of death*. Strong faith doesn’t magically or instantly happen but takes study and time to put into practice. Knowing God is Almighty and loves us infinitely allows us to pray, “Thy will be done.” Nanci was transformed by her deep faith in Christ.

Trump’s Proposal for Gaza, #1928

Gaza is a disaster unfit for living until it is cleared of bombs and debris. To rebuild Gaza and let Hamas rearm and continue warring with Israel is insane. Trump said, “Gaza can be transformed from a ‘hellhole’ into the ‘Riviera of the Middle East.’” But is Trump’s plan a realistic goal or a ruse for negotiating with other nations? Israel PM **Netanyahu** says ‘we’ll carry out Trump’s ‘revolutionary’ Gaza plans instead of rebuilding another terror zone.

Moral Confusion #1929

A new sex ed. curriculum re-defines abstinence to promote perversion as normal. **Mat Staver**, of *Liberty Council* says, “Many schools are leading children in to harmful and sometimes deadly *sexual experimentation using graphic magazines and videos*. Teachers coerce students into participating in the *Day of Silence* and become activists to support GLSEN and Planned Parenthood.”

Featured book: *Streams in the Desert*

“Strong faith comes from *enduring great trials*. God’s greatest gifts come through travail. Though Christ may delay His coming *in our time of distress*, it is only that our faith may be tried and strengthened. Our prayers become more intense. When the deliverance comes, we will appreciate it more fully. Remember *Gethsemane*.”

In Christ’s Love, 

Bob & Geri Boyd
