### Poison in Our Food? Issues in Education, part 1 #1956 & pt 2 #1957

Why has our government allowed **foods that contain cancer-causing ingredients to get into our food?** Americans suffer **more from chronic diseases and die earlier than comparable nations**. Could our **food supply** have something to do with it? At a recent US Senate hearing with HHS Secretary Robert Kennedy, Kennedy delivered this broadside, which every American, regardless of political party, should know: **“America is home to 4.2% of the world’s population but suffered nearly 20% of Covid deaths worldwide.” Why?** Because of the Nazi-like restrictions driven by the bureaucrats at the CDC and their allies in the Democrat Party that were imposed during COVID.

Kennedy testifying at Senate Hearing

Bernie challenging RFK

“CDC failed miserably during COVID,” Kennedy said, pointed out the mistake of masking children as young as 2, yet more than 1 million deaths occurred due to COVID. He mentioned the **disastrous Covid policies** with: **“cloth masks on toddlers, arbitrary 6-foot distancing, boosters for healthy children, prolonged school closings, economy-crushing lockdowns, and the suppression of low-cost therapeutics in favor of experimental and ineffective drugs.”**

**It’s amazing how incompetent our CDC/government leaders were.**

Robert Kennedy on our *Issues in Education* program entitled *Poison in Our Food*, said, “When my uncle, John Kennedy was President (1961-1963), only 3% of Americans were obese. Now 74% of Americans are obese, more than any other nation.”

- In **Japan**, only 3% of people are overweight or obese.
- **Italians** have one of the longest lifespans in the world. Why? They eat a healthy Mediterranean diet rich in olive oil, fish, fruit and vegetable that can prevent chronic disease. They also walk more than we do.

RFK says, **“You need to know the impact that your food has on your health. We have an epidemic** of chronic, autoimmune and allergic diseases.” But what about genetics? Kennedy said, “Epidemics are **not** caused by genetics but may provide vulnerability to disease. **Toxins, preservatives and chemicals, more than genetics** are poisoning people.” Kennedy says synthetic foods and dyes are toxic chemicals that have already been banned in other countries. These chemicals are linked to **hyperactivity (ADD/ADHD)** and cause cancer and other diseases.

**We are eating and drinking food and water contaminated with Roundup!**

**Ben Azadi**, author of *Metabolic Freedom*, says *Roundup*, a weed killer sprayed on crops, like oats, corn, soybeans and wheat, is **legally** allowed in our food. *Roundup* (glyphosate) is transferred to crops by the wind or water flow into crops. Glyphosate is an herbicide that is detected in a variety of foods, including:

- Grains (wheat, rice, oats) Fruits (berries, apples, oranges) Vegetables (soybeans, corn, potatoes)
- Processed foods (cereals, pasta, snack bars)

Besides wheat, oats and barley, Roundup and other glyphosate-based herbicides are regularly sprayed on more than 70 crops, including **almonds, apples, dry edible beans, lentils, garbanzo beans, peas, grapes, rice, and sunflowers. Honey** is also regularly **contaminated**. Glyphosate has been classified as a **probable human carcinogen** by the *International Agency for Research on Cancer* (IARC). Permitted levels in **tap water** reach **700 ppb** in USA, which is very high for a **pesticide**, compared to the **10 ppb** level in the European Union.

**Cheerios, for example, measured levels as high as 1,125.3 ppb.**

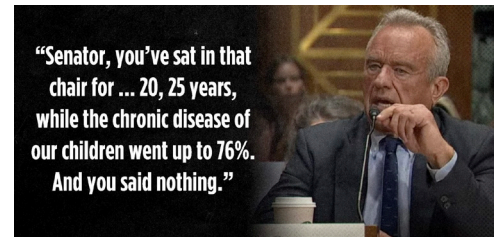

These groundbreaking findings that one of the most iconic cereals in U.S. contained levels as high as 1,125.3 ppb was a **wake-up call for all Americans** regarding the unacceptable levels of pesticide residues in the nation’s food.

## Glyphosate: Unsafe On Any Plate

These alarming results also show that Bayer/Monsanto, scientists, and government regulators have long ***failed to understand or even explore*** the ***basic risks*** and level of exposure from the U.S. food supply. Glyphosate is never used alone but in commercial formulations containing ***additional toxic agents*** used to increase glyphosate's ***toxicity*** and to allow its ***penetration*** into plants. They are in some cases ***more toxic*** than glyphosate, but they are never included in glyphosate long-term ***toxicity tests*** and are considered to be inert, like water. They are often kept ***secret*** by companies, are never measured in the environment, and are not included in the establishment of pesticide acceptable daily intakes. **Robert Kennedy** is on a campaign to ban toxic chemicals from food.

**Why has it taken so long to ban carcinogens that have been banned in other comparable countries?**

Kennedy also cited a 2000 congressional investigation into physicians and scientists serving on the committee ***with financial stakes in the drugmakers they oversaw***. Kennedy mentioned how US Senator Wyden of Oregon saw a rise in childhood chronic diseases ***when he could have done something about it*** for the ***past twenty-five years!*** Kennedy said, "You saw chronic diseases in our children to up to 76%. ***And you said nothing!***" Kennedy said that during his brief tenure as HHS Secretary he has been ***the most productive*** in history on food dyes, baby formula, fluoride in tap water and ending DEI policies.

### Corruption in high places

Responding to an attack by Senator Elizabeth Warren, Kennedy interrupted her saying, "I know you've taken \$855,000 from pharmaceutical companies in donations from the ***political action committees of the pharmaceutical industry*** during the 2020 election cycle. Although she didn't take it directly, it came through her PAC.

Nutritionist **Dr Ted Broer**, author of best-selling books like *Maximum Fat Loss* and *Maximum Energy*, who has spoken to more than a ***million*** people at ***live seminars***, been on over 5,000 radio and TV talk shows, asks, "Why does the USA lead the world in heart diseases, diabetes, cancer and other diseases." He gives a comprehensive overview of a good diet and foods to avoid. He says ***children who eat just three hot dogs a week have 9 times the risk of getting leukemia. Why? High fat luncheon meats contain sodium nitrite. So don't eat it.*** Don't drink artificial sweeteners like diet drinks. Don't drink tap water with chlorine and fluorine but use distilled or reverse osmosis water. He warns against the drug **Ritalin** for controlling behaviors such as **ADHD**. Why are children put on Ritalin? There are better alternatives!

### DID JESUS EAT PORK?

Jesus was Jewish and under their law it was ***forbidden for Jews to eat pork***. In fact, Jesus destroyed 2,000 pigs that were cast out of a demonic man and forced off a cliff into the sea to drown. Pigs were considered unclean.. Jesus wasn't concerned about the pork for food or profit. They would feed on disgusting waste in Jerusalem's sewer. Although ***we are no longer under the Old Testament Laws*** or their dietary restrictions, we can learn from it. What about Peter's vision in Acts 10:15 when God told him everything was OK to eat. Paul wrote, "Everything is permissible for me, but not everything is ***beneficial***." If you are saved, you will go to heaven no matter what you eat, but if you eat harmful food you might get to heaven a lot earlier. Your body is the ***Temple of The Holy Spirit***. Temple maintenance makes good sense.

### God's Miracles for Israel #1952

The God of Israel, who brought the Jews back into THEIR land is fighting for Israel today. Battlefield miracles demonstrate the Lord is fighting for Israel today just as he did in Biblical times. (2 Chron) **Jack Hibbs** and **Amir Tsfati**, founder of *Behold Israel*, say the brutal massacre of October 7<sup>th</sup> ***awakened Israelis*** to realize they were surrounded by ***evil forces like the Nazi holocaust in WWII that slaughtered 6 million Jews***. The sleeping giant was awakened to obliterate their enemies in the surrounding Muslim nations. Israeli Mossad engineers inserted ***explosives into pagers*** to detonate at a specific time. Then they ***sold the pagers through a proxy*** to the leaders of **Hezbollah** and they were killed or incapacitated. That's like a miracle from the Old

Testament. When it comes to God defending Israel, He doesn't need troops, technology or weapons. **All He needs is a reason.**

In 2 Chronicles, Israel was surrounded by 3 massive armies that wanted to utterly destroy Israel! So, what did the Israelites do? *They prayed!* And the Lord heard their prayers and said, 'Do not be afraid because of this vast army. You **will not have to fight** this battle. Take up your positions; stand firm and *see the deliverance of the Lord!* And **all** the people of Judah and Jerusalem fell down in worship before the Lord. Jehoshaphat appointed **men to sing to the Lord** and to *praise him* as they went out **at the head of the army**, saying: "Give thanks to the Lord, for his love endures forever." As they began to **sing and praise**, the Lord confused the enemy armies to fight against each other until they **destroyed themselves**.

**God used a choir at the head of their army to destroy their enemies.**

At Israel's inception in 1948, *a nation born in a day*, was surrounded by 5 massive armies before Israel could form an air force, army or navy but just had refugees barely armed, outnumbered 20 to 1, yet they were given **miraculous victories by God** who defeated their enemies. One soldier held off an entire Arab platoon simply by changing his position. When an Egyptian soldier was asked why his platoon turned and retreated without an Israel opposition he said they all saw **legions of angelic warriors descending from the hills coming toward them**.

God demonstrated **Divine protection** in *Operation Rising Lion*, as a flawless Israeli air attack on Iran had perfect timing as Iran's radar was not alerted, **they were left defenseless**. It was over before Iranians even knew it happened. Not a single Israeli pilot or plane was lost as Iran was bombed.

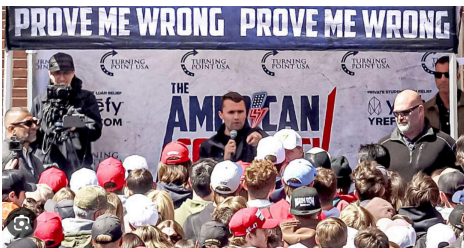

**That's beyond military genius. That's Divine Protection.**

Then in 2025, Iran launched one of the largest direct attacks on Israel in modern times as hundreds of ballistic missiles rained down on Israel's cities. But 90% were stopped by *Iron Dome, David's Sling and David's Arrow*. Very few civilians were killed. Some missiles were **vaporized** in midair as if **God grabbed it and dissolved it**.

**D.E.I. Means "Didn't Earn It."** Charlie Kirk #1954

Is diversity a strength or a weakness? DEI stands for diversity, equity and inclusion and is *embedded in all our educational institutions*. Diversity is **weakness**. **Unity is strength**. Would a basketball team be stronger with short players just to have diversity? No! Would a football team with a few women for diversity be better? **President Trump** says he is cutting the funding for schools that support DEI since **it discriminates against white students**. Discrimination based on race instead of on **skill, merit or competence is unconstitutional!**

**"I Want The Best! Not the Most Colorful."** Charlie Kirk

**Charlie Kirk** of *Turning Point USA* goes onto university campuses to debate students and professors. He gets literally *thousands of students* to listen to his conservative/Christian views. He brilliantly answers a student who claims DEI is needed to protect minorities. Charlie Kirk says it's discrimination to prefer one race based on skin color instead of competence. **You would'nt choose a surgeon based on skin color but on competence.**

⇒ **Harvard** admissions requires Asians to have 300 points higher on the SAT test than blacks. White students had to have 100 points higher than blacks. **That's blatant bigotry.**

⇒ To get a job at the University of California applicants need to fill out a **diversity statement** that's been used to disqualify **75% of white applicants**. That's not EQUALITY but prejudice based on skin color.

DEI forces racial quotas. Professor **Carol Swain** says university Marxists created this *fantasy of systemic racism* using *Critical Race Theory* and DEI to divide our nation. Democrats and the teacher's unions (which are one in the same) strongly support DEI. 63% of Biden's total appointments were women. Were they picked because of DEI? **'DEI hires'** are chosen because of *skin color* and not who is *most qualified and competent*.

⇒ Biden chose a black who is also a woman for the US Supreme Court, Ketanji Brown. A double DEI hire!

⇒ Biden chose Kamal Harris as his vice president and the Dem's chose her as their Presidential candidate.

**"Affirmative action"** means **getting extra benefits because of skin color**. A violation of the 14<sup>th</sup> Amendment.

## America Isn't Beyond God's Grace #1958

No matter how degenerate a culture becomes, *God's plans cannot be thwarted by human sin*. Through God's wisdom and power, *sin and rebellion can become His means to fulfill His master plan!* **'San Fran' Sodom** was so corrupt and *so depraved they wanted to rape two angels*. Yet Jesus said, "If the miracles performed in Capernaum had been *performed in Sodom, it would have remained until this day.*" YES, Sodom could have been saved by the power and love of the Savior Jesus Christ. *With God, all things are possible.*

'gays' for Kammy!

Senior Pastor **Carter Conlon**, at the *Times Square Church in NYC*, gave a powerful sermon entitled **"If Sodom Had Miracles."** Jesus' home base was Capernaum where he did many great miracles, yet the people rejected Him. Pastor **Tim Dilena** said, "Lot offered his two daughters to sodomites and Lot had *incestuous relations with his daughters*. Lot sat in the gate of the city as a government leader in the city of Sodom. His wife couldn't make the break from Sodom, disobeyed God and looked back longingly, and God *turned her into a pillar of salt.*"

**God could take her out of Sodom but couldn't take Sodom out of her.**

**Lot** believed the Truth *but would not stand for the Truth*. He was saved but not *salty like his wife became*.

- ❑ Lot was *so corrupt* that he offered his two daughters to the sodomites. But God called Lot righteous.
- ❑ Peter denied even knowing Jesus but Jesus rescued Peter and made him the leader of the early Church.
- ❑ David was an adulterer and murderer but God transformed him and called him a man after God's own heart.
- ❑ Jesus forgave the very Roman soldiers who hammered the nails into him to the cross! INCREDIBLE!
- ❑ Paul had Christians murdered and imprisoned, yet became one of the greatest apostles.

Why is anyone saved? It's not because anyone is GOOD ENOUGH! But to show God's INFINITE LOVE, extreme GRACE and MERCY. God DEMONSTRATES His unimaginable forgiveness! To show you your salvation is his FREE gift to you. No, your *good works do not outweigh your bad*. Your good works *don't cover up* for the earlier bad works! It's not until you realize you are worthy of hell that God can *save you*. *Jesus saves sinners*, not self-righteous hypocrites. We may think *our culture is too far-gone!*

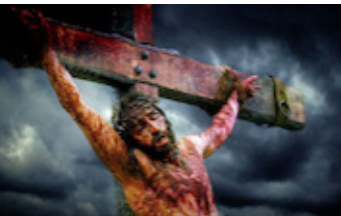

We have schools with *drag queens dancing* in front of innocent school children! Schools confuse naïve school kids about their gender that *they can be a boy or girl*. Here's a quote from a teacher's manual on how to explain gender to young children: **"When we are born, people make a guess about our gender and label us 'boy' or 'girl' based on our body parts. Sometimes they're right, and sometimes they're wrong. Our body parts do not decide our gender. Our gender comes from inside — we might feel different than what people tell us we are."** That's not education. It's indoctrination. Teaching this garbage to our children will lead to cultural chaos!

**I used to be a man trapped in a woman's body. Then I was born.**

**Public schools teach a godless evolution that replaces the Creator and denies His role in creation!** Yes, we have a culture worthy of hell. **"The wicked shall be turned into hell and all the nations that forget God."** Ps 9:17

**Sodom had no Bible. We have millions.** Sodom had no *gospel broadcasts* *We have thousands every day*. **Sodom had no miracles.** We have millions of transformed Christians who are living miracles who have become new creations. No, this culture is not beyond God's grace and mercy when you consider what the great preacher Charles Spurgeon wrote, "Trying to understand God is like a gnat trying to drink the *ocean*. Most people hold a *thimble full of knowledge about God* and think they *know God*."

One thing **we can know** about God is that He **cares deeply about His creation and specifically about us**. Nothing has a greater and more profound impact on our lives than knowing God really does love us. Gods' **thoughts about us are innumerable**. He continually thinks about **us**. We may think our culture is too far gone. But it's not beyond God's grace and mercy.

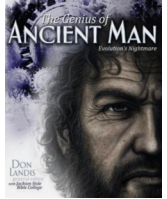

## The Coming Great Awakening #1959

Revival is God's remedy for a morally and spiritually sick nation. Revivals have transformed the lives of people and nations. The First Great Awakening led to America's independence from Britain. **Daniel Norris**, the author of *Trail of Fire – True Stories From Ten of the Most Powerful Moves of God*, vividly describes how Jonathan

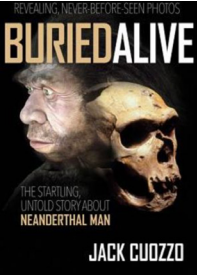

Edward's sermon, "Sinners in the Hands of An Angry God" began a nationwide revival that changed our destiny. The 2nd Great Awakening with Charles Finney led to a great revival that spread worldwide. Great revivals have resulted in entire cities shutting down for prayer meetings.

### Ancient Man, Genius or Caveman? #1955

Was ancient man a genius or a caveman? The idea that ancient men were primitive brutes is a myth based on evolution that contradicts the Biblical account. Ancient people had extreme intelligence, plus lived hundreds of years, and thus invented amazing things. Don Landis, editor of *The Genius of Ancient Man-Evolution's Nightmare*, gives examples such as the thousands of pyramids around the world that used massive 100-ton stones fitted together so precisely you couldn't slide a credit card in the joints. In the religious tower of Babel, man rebelled against God and tried to be God.

### Exposing Evolution #1953

Have scientists censored and fabricated evidence that would disprove evolution? Jack Cuozzo, author of *Buried Alive – The Startling Truth About Neanderthal Man*, was the only creationist who saw the original bones used to support evolution, and he says they are fraudulent. Evolutionists claimed Neanderthal man was a transitional species. Dr Cuozzo says Neanderthal man was one of the ancient people who had a different DNA from ours because they lived hundreds of years. Dr Cuozzo describes the huge bones of these ancient patriarchs. The teeth of ancient lions and crocodiles consisted of molars for grinding vegetation.

### Where is God in Our Suffering? pt 1#1950 & pt 2#1951

After pastoring in Turkey for 23 years, Andrew Brunson, author of *God's Hostage – A True Story of Persecution, Imprisonment and Perseverance*, was imprisoned 2 years in a filthy prison surrounded by Muslim terrorists. He felt abandoned by God and surrounded by evil powers. He went beyond panic and thought he was losing his mind and his faith. Why was God silent? He was like Job turned over to Satan to be tested. But he resolved to declare his love for Christ and submit, without God answering his questions.

Brunson prays with Trump

"Suddenly a man in a camouflage jacket outside our church **pointed a pistol at me and began firing point at blank range -12 feet away. His eyes were filled with rage.** All I could do was **stare at the pistol that was trembling in his grip.** Six shots rang out in succession. Then he dropped the pistol and pulled out a shotgun. I knew **he couldn't miss with a shotgun.** All I could do was rush over and wrap my arms around him in a tight bear hug. I held on for dear life. He cried out, '**You started a Christian church! We will kill you.**'" Andrew Brunson

He describes his cell:

"No bed, no mattress, no sink, no toilet, no windows. **It was winter and I was freezing.** They took away my glasses. No reading, no writing and nobody to talk to. **How could I stop from going crazy? I felt panic! I felt abandoned by God** and surrounded by **evil powers in Satan's territory.**

Then his sentence was **changed to 35 years!** In a cell built for 8 men, there were **20 men so close together my face was just inches away from a Muslim sleeping next to me who hated me and wanted to kill me.** I began thinking of suicide. **Heaven was just a rope length away. I became angry at God and started shouting at him.**

But God used his imprisonment to start a **world wide prayer movement** and **the salvation of Muslims in Turkey.** At his trial, he **BOLDLY** said to the anti-Christian Muslims, "There is only **one way to be saved**, to have your sins forgiven through faith in Christ. It's an **honor to witness for my Lord and suffer for His sake.**"

**"If anyone would come after me, he must deny himself and take up his cross daily and follow me."** Jesus

There's a **depth of intimacy** that only comes through **severe testing by God.** The isolation, the fear, the threats drove me to **cling to God** as never before. **I miss** being so completely dependent on God and want the **desperate seeking** that I had." Andrew Brunson, *Suffering in a Muslim Prison*

### Transforming Education pt 1 #1948

Radio hosts Kevin Swanson and Adam McManus say putting a Christian in public school is like playing Russian roulette with their education, their beliefs and their souls. But instead of one bullet, there are 4 or 5 bullets in the gun. Public schools rob children of their innocence and confuse them with critical race theory. Dennis Prager said, "The one thing people can do to fight against the Leftist destruction of our nation is to take

their children **out of public schools.**” **Carole Joy Seid**, said, “The most effective tool in shaping a child’s character is great literature.” *The right book at the right time can change a child’s destiny.*

### Transforming Education pt 2 #1949

“Schools make kids dumber,” says 17 year-old **Eddie Zhong**, who started his own successful computer business. “Schools can stunt creative thinking.” Education for the masses is not as good as one-on-one. **Israel Wayne**, author of *Homeschooling From A Biblical Worldview*, says public schools don’t train young minds to *think critically* to debate both sides of issues, but homeschool does. What is a good education without Christ in every subject? Secular schools make secular students. Education is Biblical discipleship. **Dr Raymond Moore**, the father of homeschooling, says producing genius in children has three common elements.

### Culture War over Islam pt 1 #1946

The fastest growing religion in Europe is Islam so that the European culture is becoming Muslim. **Leo Hohmann**, author of *Stealth Invasion – Muslim Conquest Through Immigration*, says, “Islam is not just another religion, but controls all aspects of life for Muslims and non-Muslims.” Public schools in England are required to teach Islam. Is Islam compatible with our Constitutional freedoms? Sharia Law eliminates freedom as it does in Muslim nations. America was a melting pot as immigrants came here to adapt to our language and culture. But Muslim immigrants today have no intention of assimilating but remaining separate.

### A Muslim Terrorist Comes to Christ part 2 #1947

With the huge influx of illegals from our southern border, which Biden kept wide open for years, some were Muslim terrorists! **Kamal Saleem** was a Muslim terrorist who came to recruit students into Jihad, but through a life-threatening car accident, he turned to Christ, and Christ appeared to him. *How could anything other than an authentic experience with the Risen Christ explain the complete transformation of the hardened mind of this Muslim terrorist?* Kamal is a fearless Christian who goes into Mosques to convert Muslims to Christ. **Kamal Saleem** comes face to face with Imams confronting them about Christ. Jesus called him to be a “warrior for Christ!!”

Kamal Saleem

### True or False Converts? #1945

What does it mean to be a true follower of Jesus Christ? What is a false convert? How can you tell if a child is truly saved? Cuts from the movie *The Atheist Delusion*. Almost 9 out of 10 (88%) of church children lose their faith before high school graduation. What can a parent do to be sure their children keep their faith? **Ray Comfort**, evangelist and author of *How To Bring Your Child To Christ and Keep Them There*, says, “Don’t give your children a false image of God. Give them a true understanding and view of the God of the Bible not “Santa Claus!” Parents should teach their children the fear of the Lord to resist temptations.

### Independence Day #1944

Young people today know virtually nothing of the sacrifices made for their freedoms. To destroy a culture, destroy their history. If we don’t learn from history, we will have to repeat it. **Peter Marshall**, author of *The Light and Glory* –vividly describes the horrendous starving army at Valley Forge, barefoot in the snow, and the courage Washington infused into them to fight on against impossible odds. God miraculously protected our Continental army with a heavy fog that hid them from slaughter from the British. **Tom Dooley**, author of *One Nation Under God-America’s Lost Dream*, describes the cost of freedom in the sacrifices our forefathers paid with their lives.

Peter Marshall

### HUMOR

- If **women** do the same job for less money, why do *companies hire men* to do the same job for **more money**?
- If Liberals don't believe in biological gender, then why did they march for **women's rights**?
- **If guns kill people, then pencils misspell words, cars kill people, and spoons make people fat.**
- Worrying only means you suffer twice.
