First Quarter 2026

www.issuesineducation.org (928) 776-0000 PO Box 12555, Prescott, AZ 86304 Bob & Geri Boyd

"We fix our eyes *not* on *what is seen*, but on *what is unseen*, since *what is seen is temporary*, but *what is unseen is eternal!*" 2 Cor 4

## **Supreme Muslim Terrorist Leader Ayatollah Khamenei is DEAD!**

Iranians around the world are *celebrating!* The Iranian people are on the **road to freedom** after 47 oppressive years of Islamic terrorism! The satanic dictator, Ayatollah Khamenei, is not just dead - but suffering in the intense flames of **hell!** This one man was responsible for killing tens of thousands (35,000 in the past 2 months) of his own Iranian people for simply wanting freedom from his theocratic tyranny.

### **Khamenei has rivers of human blood on his hands!**

Khamenei, one of the **most evil men** in history was the master mind behind training, promoting and bankrolling Hamas, Hezbollah's and Houthis to slaughter Jews, Americans and anyone

B-2 Stealth Bomber

who violated his 7<sup>th</sup> century- barbaric Sharia law. He made Iran one of the **most notorious terrorist nations in the world** with assassinations and suicide bombers slaughtering untold numbers of innocent civilians for Islamic jihad.

### **The atrocities of October 7<sup>th</sup> were monstrous war crimes.**

He is responsible for **burning families alive** in their homes on October 7<sup>th</sup>, 2023, in Israel, putting babies in ovens, beheadings, rape and torture of children in front of parents and taking 251 innocent civilians hostage, killing them, starving them or holding them underground for years. For what? **Just being Jewish?**

### **Oct 7<sup>th</sup> was the epitome of Khamenei's satanic massacres!**

In the first minutes of the war, the CIA, who had been tracking Khamenei for months, finally saw an excellent opportunity to catch Khamenei and 40 of his top leaders ALL by surprise **in one location!** Trump backed Israel as our CIA

IRGC HQ that ordered the slaughter of protestors

informed the Israelis, who shifted their strike to mid-morning, called in the **200 fighter planes** to drop missiles that removed the MOST PROTECTED man in the Middle East to the **lowest pits of hell.** Daylight bombing was required for this crucial strike that pinpointed their location that struck the top 40 Iranian leaders. A perfect hit with precise timing ended the top brass in the ISRG, *The Islamic Revolutionary Guard Corps*. This ISRG is a 190,000-member, elite branch of Iran's armed forces established after the 1979 revolution to protect the Islamic system. This was the **knife in the heart** of one of the most brutal, satanic regimes in human history.

### **Women without proper head coverings means 'women without heads.'**

President Trump did what no other president could do for 47 years, because he saw the Iranian people being slaughtered and the constant strife of war in the Middle East because of Iran's **inflammatory evil leadership.** Iran, one of the most oil-rich nations on earth, should have been a first world prosperous nation, instead it was brought down to the **poverty of a third world nation** without basic necessities. With this regime change will come an Iranian metamorphosis with the brightest Iranian people pulling their nation out of the ashes!

President Trump urged the Iranian people to take their country back and reclaim their freedom. Trump said: "For many years, you have asked for America's help, but you never got it. **No president was willing to do what I am willing to do tonight. Now you have a president who is giving you what you want.** So, let's see how you respond. America is backing you with **overwhelming strength and devastating force.** Now is the time to seize control of your destiny and to unleash the prosperous and glorious future that is close within your reach. This is the moment for action. Do not let it pass."

**This may be the most consequential decision of Donald Trump's entire presidency.**

Iran is the world's *leading state sponsor of terrorism*. This evil regime was furiously attempting to develop the world's most dangerous weapons for massive catastrophic destruction. Without Iranian leaders, there would be no Hamas in Gaza, no Hezbollah and no Houthi. Much of the instability and strife in the Middle East would not exist.

But not all Americans are celebrating. We have an American political party that seems to *hate their own country!* ***They are acting like enemies to our nation.*** We have seen this spectacular 'peace' mission ordered by President Trump to use the most powerful military in world history, to end this tyrannical, Jew/Christian hating, Iranian regime that's driven by a 7<sup>th</sup> century radical Islamic theocracy.

***Just as we are winning the war the Democrats want Trump to stop fighting!***

But automatically, *the first reaction* of Democrat leaders was to *defend the terrorists* just as they defend the illegal aliens and criminals by saying that President Trump's strikes on Iran are illegal. Senator Burnie Sanders called it, "A *premeditated and unconstitutional* war." Senator Tim Kaine (D-VA), with support from Senate Majority Leader Chuck Schumer (D-NY) and others, are pushing this *War Powers Act of 1973* to prevent further, military escalation and stop Trump unless he has *their direct approval. Who do they think they are?*

***What part of the Commander-in-Chief don't they understand?***

Just as they defended Venezuela's Marxist dictator, Nicolas Maduro, Democrats were furious that President Trump took out a regime that chanted "Death to America! Death to Israel!" In fact, "Death to America!" was precisely the response from the campus radicals and Democrat voters at Columbia University. If Iran could, they would destroy America and obliterate Israel. ***If they have no trouble machine gunning down 40,000 peaceful Iranian protestors, they would have no trouble nuking Americans!*** While the United States and Israel are targeting Iran's military assets, Iran is targeting civilians in airports, apartment buildings hotels and schools. Look how they fired massive numbers of missiles at all the other ARAB nations around Iran. As 47 years have proven, *nuts with nukes* are a menace. ***Iran had 460 kilograms of 60% uranium capable of making 11 nuclear bombs.***

***There is something terribly wrong with the Democrat Party.***

At a time we are celebrating the most SPECTACULAR military victory in our lifetimes, the Democrats want to ***snatch victory out of the jaws of defeat.*** Just look at what **harm** past Democrat Presidents have done to our nation. President Obama provided the Ayatollah regime with ***\$150 billion in cash*** without Congressional approval. That's ***what an enemy to our nation would do*** making it possible for them to develop nuclear weapons to be used against us and Israel. The definition of treason is giving aid and comfort, and we would add CASH, to our enemy.

***Democrats show their true loyalties are not with us!***

They are indeed against us ***as they showed*** during President Trump's February 2026 State of the Union address. President Trump urged lawmakers to "stand up and show your support" for the principle that "the first duty of the American government is to protect American citizens, ***not illegal aliens***". While Republicans rose to their feet for a two-minute applause, Democrats largely ***sat in silence***, with some *shouting at President Trump*. This illustrated their true animus ***against the citizens*** of this country in favor of illegals from other nations. Why vote for them?

***Democrats do not want voter ID to be required.***

Democrats did nothing while Joe Biden allowed millions of illegal foreign nationals to enter our country, who we know absolutely nothing about. Yet Democrats would ***open the borders again*** and are *refusing to fund the Department of Homeland Security*. Although 83% of adults support *requiring photo ID to vote*, Democrats said requiring ID to vote is "voter suppression." But it's just the opposite. Requiring photo ID *encourages* voter participation. Think about it: Are you more likely to vote if you think your vote will be cast and counted legally, or if it's rigged for the party that cheats? You even need an ID to attend Democrat events and even the Democrat National Convention. So, why would voting be any different than that? In a way, requiring voter ID will *suppress the votes of two of the Democrats' most loyal constituencies: dead people and noncitizens.*

***How can Democrats get even 10% in the polls as they have become an enemy?***

The Democrats have done everything they could do to ***imprison, impeach and destroy*** the greatest President in our lifetime to try to make him seem like *he's the enemy* when ***they clearly are***. Democrat leaders want to cripple our military forces in ***the middle of a war.*** *That's what an enemy would do.* They are still talking about impeaching Trump if they take the House this November. They don't support our President nor our military.

***If they can't stand behind our military, try getting in front of them!***

As Lincoln said: “If destruction be our lot, it must spring up *amongst us*; it cannot come from abroad. We must ourselves be its author and finisher. As a nation of freemen, we must live through all time or die by *suicide*.”

The Southern Democrats strongly supported slavery and fought the Civil War to try to *preserve slavery*. Just as the Democrats pushed us into war in Viet Nam, they also prevented us from winning that war, so they would prevent us from winning *this war if they could*. The Democrats control public education through the teacher’s unions and are creating more little liberal Democrats to erase our freedoms and bring us under the bondage of communism.

### **Stop Calling Them Democrats**

*Alan West, a retired military officer, and former congressman*

They are Marxists who embrace the Ten Planks of the Communist Manifesto. Yes, right up front is the elimination of private property ownership. Winston Churchill correctly stated, ‘socialism is the philosophy of failure, the creed of ignorance, and the gospel of envy.’ Obama said that “We should spread the wealth around!

To believe government can make all people equal is ludicrous and delusional, but that is Marxism. As New York Mayor Mamdani said, “We must replace rugged individualism with the so-called *warmth of collectivism*.” These Marxists are like Karl Marx who reject the ideals of faith in religion. No, *I will refer to Democrats; as what they are, Marxists*. That is who they are in their ideals, principles, policies, and philosophy. And the concepts of Karl Marx are just about as *Anti-American* as they come. As Vladimir Lenin quipped, *useful idiots* would enable communism to destroy the West.

### ***I don't think we should be voting for these useful idiots anymore.***

The Democrat Party is made up of Marxists, Muslims, miscreants, homosexuals, liberal Leftists, illegals and criminals who have *no love for this country* nor basic *Biblical values*. Obama wants to fundamentally *transform* this nation. You don’t fundamentally transform something you like, right? Only what you don’t like!

The Democrat party has become *an enemy and is no longer serving a constructive purpose* to the American people and *should be abandoned* in favor of *a new second party*, a Constitution Party or Patriot Party. They abandoned us long ago and it’s time they were abandoned and disbanded now.

### ***Democrat Reality Deniers. False Gender Identity*** #1977

The Left’s arrogance and extremism were on full display in the U.S. Senate as Dr. Nisha Verma an “expert witness” for Democrats was asked by Sen. Josh Hawley, “Dr Verma, *can men get pregnant?*” Dr. Verma wouldn’t answer. So, Hawley tried again, Does science tell us that *biological men can get pregnant?*” Dr. Verma answered, “Questions like this are a *political tool*.” Hawley asked again, “*Can men get pregnant?*” She refused to answer because she and the Democrats believe *women ‘pretending to be men’ can get pregnant*. Democrats continue to *believe their fantasy* and teach this nonsense to also believe this insanity. Democrats still want boys in girls’ sports and in girl’s locker rooms. Dr Miriam Grossman says gender is based on chromosomes not subjective feelings.

### ***The Religion of Evolution*** #1981

Is evolution scientific or a religious belief masquerading as science that requires faith? Evolution has been *enshrined* in our educational system with laws to protect it. Scientists in the 1800’s believed that life could *spontaneously* come from *non-life*. ***What Darwin believed, Pasteur disproved.*** Dr Carl Werner, author of *Evolution-the Grand Experiment*, asked, “Why would *birds evolve half a wing* or animals that evolve *half a leg* evolve into intermediates that are incapable of life?” Obviously, they wouldn’t, or they’d become extinct. The Bible says that ***God created Adam out of the dust or elements of the earth, not from preexisting animals***. Jesus was there doing the creating (Colossians 1:15-17) as said in MT 19:6: “He made them male and female!”

### ***Terrible Teachers*** Gary Bauer

Radical public-school teachers are using young kids as political propaganda tools. They see their job as preparing the next generation of leftist demonstrators. Their indoctrination is dangerous and one of the biggest domestic threats to our Republic. I served as undersecretary of education in the Reagan Administration, and I will never forget one visit to an elementary school. After speaking to the children, I got two questions from the kids: ***Why do I hate gays, and why won't I let two men who love each other get married?*** That’s why President Trump’s shift is to ***take away power*** from bureaucracies and give it to parents where it belongs.

That's why this federal tax credit that expands school choice for families *is so revolutionary*. So people can get tax credits for donating to organizations, that funds students to attend *private Christian* schools.

***If Kamala Harris was President!***

We could have read headlines like these: "Record High Illegal Immigration Under Harris/Walz" "Harris/Walz Mandate Transgender Policies In All Public Schools" "President ***Harris Applauds 20-Year Sentence After Trump's Guilty Verdict***" Thank **God** Donald Trump won and stopped on the Left's "transformation" of America! But this is no time for complacency. The battle for America in the minds of children rages on.

***Anticipating Heaven*** #1974

Do you have a vague hope that you'll go to heaven or the certain fearless faith that overcomes your fear of death? Pastor **Randy Alcorn**, founder of *Eternal Perspective Ministries*, is the author of over 60 books including *Heaven* and *We Shall See God*, gives an inspirational, heartfelt message at his wife Nanci's memorial service that will increase your faith and decrease your fear of death. Strong faith in Christ and in heaven, doesn't magically or instantly happen but takes study and time to put into practice. Knowing God is Almighty and loves us infinitely allows us to pray, "Thy will be done." Nanci Alcorn was transformed by her deep faith in Christ.

***Debate on God's Existence*** #1980

A college coed says, "The gospels present different accounts of the Resurrection that are contradictory." But just as there were different accounts of how the Titanic sank, so different descriptions aren't contradictory but complimentary. If they were exactly the same, they would be just copies. Eyewitness accounts are among the most convincing evidence in courts of law proving guilt or innocence. What about those who have never heard the gospel? Will they go to hell? **Frank Turek**, author of *I Don't Have Enough Faith to be an Atheist*, who debates college students on the validity of the gospel, says the number one reason many students reject the gospel is *not a belief in evolution* nor clever arguments, but simply they want *sexual freedom*.

***No matter what proof there is for the Resurrection they don't want it to be true.***

God could try to win the love of people by showing spectacular demonstrations of His awesome supernatural power, but that didn't work in the Old Testament. Just as the King's son won the heart of a peasant woman by becoming a peasant himself, instead of the high and mighty prince, so God became a man to SHOW His LOVE to win people's love! ***By becoming a man, Jesus demonstrated the love of God.*** There is a difference between believing God exists, even the demons believe that, but by trusting Jesus as **your Savior**.

***People don't go to hell because they reject Christ, but because they die with unforgiven sins.***

Sin is a disease that keeps people out of heaven. God provides the cure, if you choose not to accept it, that's your choice and not God's fault. God gives us enough evidence to know He exists but also gives us enough freedom to go our own way. The choice is ours. "**For it is by grace you have been saved, through faith**—and this is not from yourselves, it is the gift of God—not by works, so that no one can boast." Eph 2:8-9

***The Question of Suffering*** #1979

**Dr James Dobson**, author of *When God Doesn't Make Sense*, tells how a pastor led his church on a 24-hour prayer vigil to save his daughter's cancerous leg. He was convinced that God would do a miracle to save his 15-year-old daughter's leg, but it had to be amputated. How could the pastor continue to ***pray or preach?*** Sure, he could continue in despair or ***let God be God*** and not try to understand. ***God doesn't need to explain Himself to man!*** HE is the unfathomable God of the universe! The ***honesty and authenticity*** of the pastor in sharing his deepest pain strengthened his faith. So, instead of believing that God is a Santa who drops goodies from heaven, he chose to believe in God's sovereignty! ***God's sovereignty is our SANITY!***

- ❑ Why would **God put His people in grave danger** by leading them to a dead end at the Red Sea? ***It was not an accident.*** God knew they needed a **Red Sea experience to learn to trust totally in Him.**
- ❑ The shepherd David didn't cower in fear as he stood before the mighty giant Goliath. David focused on God and His power. When a lion or bear took a lamb he clubbed it to ***take the lamb from its mouth.*** **That's supernatural power!** Knowing ***what God did in the past*** gave him faith to stand against Goliath. God

***Countering The Skeptic*** #1978

What would you say to a skeptic who asks, "What makes your religion any different?" What do you say to the skeptic who says science has disproved the Bible? Over 30% of young people identify as "unaffiliated." **Bill Foster**, author of *Meet the Skeptic*, says before you give an answer, ***ask a question***, "***How*** has science disproved the Bible?" "What are the ***contradictions*** in the Bible?" Words like, "in Christ," or "inspired by God," have

different meanings for skeptics. Never qualify a Biblical verse with “for me,” which renders the scripture subjective. Why can’t a person get to heaven by being good? What’s the evidence for belief in God?

### **God’s Power and Design** #1975

**Dr Richard Swenson**, physician, physicist and best-selling author of *More Than Meets The Eye – Fascinating Glimpses of God’s Power and Design*, describes the wonders of the human body, eye, ear and brain. God works in between space and time and has an eternity to answer the prayers of billions of people in a millisecond. The physical universe is like a tiny molecule on God’s throne. God displays power, precision and beauty in His universe! Cuts of **Pastor Chuck Smith** on how seeds propel them to spread away from the tree. God designed coconuts to survive without salt water until the roots can get down to fresh water.

### **Blood Money** #1973

Can you imagine the owner of the abortion clinic coming into *your child’s school* to teach children sex ed? The abortion clinic owner, **Carol Everett**, author of *Blood Money*, said that’s exactly what she did, because it increased her abortion business. Her clinic prescribed birth control pills they knew would enable girls to become pregnant. Carol Everett, who was responsible for the deaths of over 35,000 babies, tells the truth about sex ed. *Planned Parenthood* counselors have degenerated into telling children to experiment with deviant sexual behavior. Anyone with kids in school needs to hear this fascinating program.

### **The Right to Life** #1972

**Dr Bernard Nathanson**, author of *The Hand of God*, was the infamous abortionist who operated the largest abortion mill in the world, killing over 75,000 babies including his own son. He promoted abortion by calling baby killing simply a woman’s choice. *Partial birth abortion* is really infanticide. **Gianna Jessin** miraculously survived an abortion, and remarkably the nurse called an ambulance to take her to the hospital. She gives one of the most profound/powerful speeches before the Australian Parliament! She says she is a voice from God telling us that we’re killing His babies. **Mark Davis** says we know it is a baby and it’s murder.

### **Creation Mysteries Explained** #1971

How long was each day in the days of creation? 24 hours or 1000 years? What did Jesus believe about the age of the earth? How old was Adam when he was created? **Dennis Petersen**, author of *Unlocking the Mysteries of Creation – The Explorers Guide to the Awesome Works of God*, says post flood/ancient man produced electricity and miniature airplanes. How were human bodies so well preserved that thousands of years later the organs and even the food eaten were preserved. How did ancient man move 100-ton stones into pyramids so precise you could not fit a credit card between the blocks? These ancient people had great knowledge and skill.

### **Answers for Skeptics** #1970

What do you say to someone who asks, “How do you know God exists?” How is Christianity different from other religions? Did other religious leaders do miracles like Jesus did? **Tom Short**, the author of “*5 Crucial Questions About Christianity*,” says **Christianity is a THINKING person’s religion** that has a basis in logic that answers to the toughest questions. Inadequately trained students are easily persuaded by secular teachers to give up their Christian beliefs. When asked, “Was Hitler evil?” Students said, “We can’t judge him since he doesn’t fit into our social constraints.” This generation has been taught not to make moral judgments just like the women in New York who voted for a Muslim mayor, who chose to be sworn in on a **Quran not the Bible**, will bring with him the prospect of **Sharia Law**. **Look how women are treated in Muslim nations.**

### **George Washington’s Faith** #1976

Why are birthdays of Presidents like Lincoln, Roosevelt and Washington not celebrated? Are we ashamed of our heritage? Feb 21 is President’s Day, but few people know or celebrate it. **Peter Lillback**, author of *George Washington’s Sacred Fire*, says Washington was a strong Christian. Lincoln freed the slaves. It’s an attack on our nation in an attempt to destroy it by destroying our history. Washington said, “The two indispensable pillars for government are religion and morality.” **Peter Marshall**, author of *The Light and the Glory*, describes how God supernaturally protected Washington and saved our *rag-tag* Continental army.

### **The Agony of Gethsemane** #1982

From the beginning of time people feared and dreaded death, but the resurrection of Christ changed that by showing death wasn’t the end but the beginning. Our nation’s schools are robbing this generation of this life changing, historical fact, by censoring out the greatest event in all human history – the resurrection. Patriot Pastor **Garrett Lear** tells of Christ’s suffering in Gethsemane where he sweat drops of blood, the beatings, the tortuous

death on the cross and the separation from God the Father. But Jesus wasn't a victim caught in a trap but a wonderful victor filled with resurrection power.

### ***Our New Heavenly Bodies*** #1983

C.S. Lewis wrote, "We are *too easily pleased* like a child who wants to go on **making mud pies** in a **slum** because he cannot imagine what is meant by the offer of a holiday at the sea." People settle for insignificant pleasures like ambition, sex and drink, instead of accepting the "infinite joy" offered by God! Past generations longed for heaven, but this generation is ***earth bound, centered in the here and now***. Heaven is our home we've never been to.

The ultimate consummation of our lives on earth is for life with Christ in heaven. That's what we were created for. God has put eternity in our hearts. More than just our lives on earth. ***If you could just get a glimpse of your new eternal body*** in heaven, you would *worry less and your anticipation for heaven would greatly increase*. Just thinking about heaven relieves our anxieties and increases our joy for our future. Our new resurrected bodies in heaven won't simply be ***resuscitated bodies*** but ***transformed glorified bodies***. The Resurrected Christ gives us a **vivid picture** of what our resurrected bodies will be like. We will be like Christ (1 Jn 3:2), because we will see Him as He is. Jesus' Resurrected body was *the same yet different*. He was recognizable yet glorified, everlasting, ***luminescent***. This earthly tent is wearing out. So, our earthly body will die and so will our brain with it, but we will have a new MIND ***without an earthly brain that's more lucid, more intelligent and perceptive with great abilities and POWERS!*** 1 Cor 15:42 "The body that is sown is perishable, it is raised imperishable; it is sown in weakness, it is raised in power; <sup>44</sup> it is sown a natural body, it is raised a spiritual body."

Author **Randy Alcorn** says we will have a physical, flesh and bone body that is a **real, tangible** body. We really will be ourselves and recognize others. That's why Jesus appeared to His disciples to reassure them and us what we will be like. Jesus said, "**LOOK AT ME!** And see a spirit doesn't have flesh and bones as you see I have." He wasn't a ghost or ***phantom floating in the clouds***. Thomas even put his fingers into the nail holes and spear hole in Jesus. HE WAS REAL! Every time Jesus appeared, He ate to show He was REAL! We will celebrate with the ***best tasting food we've ever eaten!*** Imagine dining at the Marriage Supper of the Lamb! Delicious food in energized luminescent bodies that are vibrant and powerful. We will be able to travel with just a thought. Just like Jesus we will also be able to pass through doors and walls. Our tears will turn to ***joy*** such as we've never known on earth.

Pastor **David Jeremiah**, author of *The Promise of Heaven*, says, "The more we think of heaven, the less fearful we will be now on earth. Yes, we will recognize each other. Just as Peter, James and John intuitively recognized Moses and Elijah talking with Jesus on the *Mount of Transfiguration* wrapped in luminescent light, we too will recognize and talk to the people from the Bible. ***We will see Jesus face to face*** and meet Moses, Elijah etc. Just as our Resurrected bodies will be REAL so we will live in a **REAL literal city**. Rev 21 & 22 describe the dazzlingly new and stunningly beautiful NEW EARTH! Then, just at the right moment, the great city the New Jerusalem, will, like a bride floating down the aisle, descend onto the New Earth as heaven and earth become united joined together in unity forever! The New Earth will be brilliantly illuminated by the glory emanating from Jesus Christ without sun or moon. How could anyone not celebrate this with eager anticipation?

Revelation 21:4 states: "He will wipe *every tear* from their eyes. There will be no more death' or mourning, or SIN or evil, or crying or pain, for the old order of things has passed away." This verse promises a future, eternal happiness where God removes all suffering, sorrow, and physical/emotional pain, replacing them with a new righteousness and joy in perfection that comes from Christ.

One thing **we can know** about God is that He **cares deeply about His creation and specifically about us**. Nothing has a greater and more profound impact on our lives than knowing God really does love us. Gods' **thoughts about us are innumerable**. He continually thinks about us. ***God is a God of inexhaustible imagination. He's a God of incredible creativity and infinite resources. You can trust your life to Him!***

In Christ's Love,

Bob & Geri Boyd *Bob and Geri Boyd*
