

Fall Quarter 2026

www.issuesineducation.org (928) 776-0000 PO Box 12555, Prescott, AZ 86304 Bob & Geri Boyd

*"If destruction be our lot we must be its author. As a nation of freemen we must live through all time or die by **suicide!**" Lincoln*

Communism is Here #2005

The theory of Communism may be summed up in one sentence. **The abolition of all private property.** The allure of communism promises free money, free housing, free medical care. ***It's very appealing to the youth.*** The Democratic Socialists of America (DSA) have become the "new" communists who are largely atheists, who want to **replace God with government!** These new 'Democrats' are not mere socialists but *hardened communists*. They have an agenda and are *growing in number*, especially in large blue cities, **using the dilapidated cities their party has created** to establish chaos and blame it on capitalism. "An evil man will **burn his own nation** to the ground **to rule over the ashes.**" Sun Tzu

To achieve victory, the Democrats are willing to *burn down their country*, because they are not restrained by belief in God. They know their party is dying, **they are willing to see the country die with them.** The communists have captured New York City and Seattle and are knocking loudly in Los Angeles and Washington, D.C. The ringleaders hate American values. They want to abolish ICE, prisons, police, and open the borders. They want a guaranteed income, guaranteed housing, free health care, the end of Israel, and the end of the Christian Right.

The *establishment Democrats* are losing their grip on the party. The communists made up the term "*democratic socialism.*" There is no such thing. "*Democratic*" and "*socialist*" are contrary terms. You cannot be both. In 1917 communists went from house to house, deciding how many additional families *could live in any particular home.* Private property was **no more.** Socialism/communism mandate confiscation. New York's mayor, Mamdani, is already proposing the **confiscation of private property.**

To a communist, private property leads to exploitation and inequality.

Democrat cities across the country are increasingly supporting communist candidates. They want to replace the two-party system with one party – **theirs.** The result is the *end of the middle class.* Yet only 43% of Americans believe communists are here in the USA. Why don't the nearly 60% get it?

Marxism in the Schools #2000

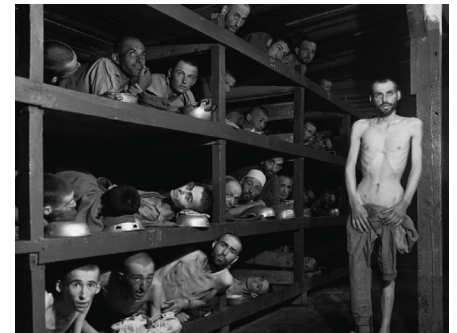

President Trump warns, "Our greatest **threat to our freedom** is Marxism, as *communists are being elected* in major cities and states." He says, "Communism never works anywhere its tried but has killed over 100 million people in the last century." "You can be a **communist or a patriot, but you can't be both. Your loyalty is either to Marx or America.**"

Pete Hegseth, the US Secretary of War and author of *Battle for the American Minds – Uprooting a Century of Miseducation*, says there's a master plan **using schools** to **transform our capitalist culture to Marxist.** Americans suffered and died fighting communism around the world yet it's growing like a cancer here. **Communists are ATHEISTS** who hate our *freedoms* and hate our belief in **God** and they are being *raised up here.* For communists the all-powerful **state is their god.** It's an ideology of massive theft of property, massive lies and massive murder.

They kill, imprison and confiscate property for the good of the all-powerful state.

Is it a surprise that after 16,000 hours of K-12 indoctrination, kids come out of public schools hating capitalism and their own country; disdaining Christianity and turning to communism? **We spend more money on education than ever, but kids can barely read and write--let alone reason with discernment.**

We've voluntarily given over our kids' minds to the left for far too long!

Holocaust victims

Pete Hegseth says no matter what *political skirmishes conservatives win, progressives are winning the war*--by controlling the minds of future citizens. We need to recover a *lost philosophy of education - grounded in virtue and excellence* - that can enliven future generations to fight for freedom.

What do we think of pastors who *said they just preach the gospel when people were being sold into slavery*? Who say today, "The Church shouldn't be involved in politics." That's insane cowardice!

It's no more 'politics' than slavery was.

- ❑ What do we think of Christians who say that *there's no difference* between the political parties? That's like saying *the freedom to preach the gospel doesn't matter*. Yes, our rights come from God but *government can eliminate those rights*.
- ❑ ***Politics is a useful tool in the hands of God and His people.***
- ❑ Hitler told pastors to *just preach the gospel and leave this world to him*.
- ❑ ***"Silence in the face of evil is itself evil: God will not hold us guiltless. Not to act is to act."*** Dietrich Bonhoeffer
- ❑ ***"Evil is powerless if the good are unafraid."*** Ronald Reagan
- ❑ John the Baptist was executed for being *too political*.

Nazi Holocaust Victims

Persecuted Chinese Christians wish they had the freedoms we take for granted.

But many issues are political but *also moral issues*, including abortion and the mutilation of children. The most basic question is—whether our rights come from God or the state which is a *moral issue*.

The Bible & Socialism #2004

Young Americans are vulnerable to the lies of socialism/communism because they have not been taught true American history! They've been taught this nation was founded on *slavery and inequality*. No mention that we fought a *bloody civil war* to end slavery and welcome *legal* immigrants no matter their ethnicity. America has been literally a "melting pot!"

Do not underestimate the appeal of communism to naïve young people who don't know the EVIL, vicious, brutal, coldblooded carnage of communism.

"Freedom is never more than one generation away from extinction. It must be protected and fought for."

President Ronald Reagan

Just think of how communist nations today imprison and torture Christians. It's the opposite of life, liberty and freedom. Yet the American *left has taken control of the Democrat Party*. Surveys of Democrats say they would rather live in another country. ***Let's send them there with a one-way ticket!***

Communism is Here #2005

Russian born **Jamie Glazov** describes the *terror and oppression under Communism!* "Even in our homes, we spoke in *hushed tones for fear that someone might turn them in to the authorities*." **Fear** reigned, as the *very real threat of family members being taken out of their home in the middle of the night, never to be seen again, was common*. Jamie's fathers took the perilous risk to request a visa to leave the USSR's 'paradise' that could have resulted in his being *imprisoned and drugged for being psychotic, wanting to leave the insane communist USSR!*

As a graduate student, Jamie tells how professors taught that *communism is wonderful and capitalism is oppressive!* How can communist professors be so *deceived* to believe that communism is great *when it has failed to do anything good wherever it's tried* but results in millions of innocent people being slaughtered?

Jamie Glazov describes his astonishment at grocery stores in America being full of a myriad of choices, the ice cream flavors, the TV, books, the free speech – people talking out loud and writing *negative* things about their government, and FREEDOM to live at peace without fear, was like *heaven on earth*. He was amazed at how we take these things for granted.

Leftists attempt to build a HUMANIST heaven on earth results in a living HELL on earth.

Communism is a *religion* of oppression and tyranny. **Christianity** has been the *basis of our freedom*. Patrick Henry said it best, "This nation was founded, not *by religionists* but by Christians, *not on religion* but the *gospel of Jesus Christ*."

After *thousands of years of tyranny, mankind finally made a new form of government*, a unique system of self- government that was "of the people, by the people and for the people." A government controlled by the people, with the consent of the governed. ***America was the first nation in history with a***

foundation based on Biblical concepts. America is the only nation in history to put our sovereignty into the hands of “we the people!”

Russian military scientist, **Dr Igor Shafhid**, author of *Inside the Red Zone*, was a medical doctor who treated nuclear radiated soldiers following the Chernobyl accident, says that **God has supernaturally protected America**, acting as a *Supernatural Shield against devastation*. He said, “We could *lose a city* to terrorists and recover, but if *we adopt a communist ideology, the whole country is lost.*”

Rand Paul and his wife Kelly, say, “Young Americans *don’t know* how about the socialist USSR, Nazi Germany and China slaughtered millions of people through forced labor, state-directed famine, political purges, and systematic **extermination** during the 20th century.”

Breakdown by Regime

- **China (Maoist Era):** Estimates range from **40 to 80 million** deaths, by the catastrophic man-made famines and political violence during the Cultural Revolution.
- **Soviet Union (USSR):** Estimates from **20 to 40 million** deaths in the Gulag forced labor and devastating man-made famines.
- **Nazi Germany:** Responsible for over **17 million non-combatant** deaths through the systematic genocide in the Holocaust of Jews (viewed as their *biological enemy*), Christians, gypsies, handicapped and others they consider *racially inferior and unfit to live*.

Jay Richards, author of *Money, Greed, & God*, says Jesus **parable of the talents** is a classic case for capitalism. Capitalism means *individual ownership of property!* Communism means the state owns everything. Private property ownership is *capitalism*.

Pagan Public Schools #1998

If public schools *just teach academics*, why do nearly **90%** of Christian students lose their faith in God after going through Caesar’s / government public schools? Although there are many factors that have led to the *deterioration of the fabric of our culture*, there is **one common theme**, more than any other, that has **directly** contributed to this nation’s **decadence!** When you consider that the vast majority (90%) of Americans have gone through at least 12 years of *public education* – the most likely cause is *what’s taught in public schools!*

If you send your child to Caesar’s schools, expect them to come back as Romans.

What does the Bible say about educating children? **Voddie Bacham** was raised by a teenage, single, Buddhist mother in the LA ghetto. He had every reason NOT to succeed, to become another drop-out – a criminal who couldn’t make it out of poverty who would turn to gangs and crime, yet with God’s leading, he has earned a Master of Arts degree from *South East Baptist Seminary*. He went through *New Mexico State and Rice Universities*, where he played football as a tight end. He became a pastor, author and educator. Now he warns Christians of the great cause of apostasy.

The majority (90%) of American Christians are making the exact same **HUGE mistake trusting Caesar to disciple Christian students.**

- ✓ Christian parents have no idea *what’s in their child’s curriculum!*
- ✓ Parents have no idea *what textbooks their children will read!*
- ✓ They know nothing about **the person** who will **teach** their child.

Even if they have Christian teachers, that teacher is NOT paid by Caesar to teach *anything Christian*. Christian teachers must teach an **ungodly curriculum or be fired. There’s no neutrality in education.**

Education is discipleship.

A secular system produces *secular students!* Jesus said a student **will** become **like his teacher.** (Lk 6:40) Years later, parents ask what *they did wrong* so that their son or daughter **rejected** their Christian faith. What they did wrong was turn the **discipleship** of their children over to a system that has mastered turning Christian children against their faith. The educational system sees it as their **duty to transform** the minds of Christians to worldly thinking.

If you choose a local public school to teach / disciple your child, you have a near 90% chance they will reject Christ as their savior. **While nearly 94% of home-schooled children retain the Christian faith.**

DO NOT BE CONFROMED TO THE WORLD!

Ro 12:2 "**Do not** conform to the pattern of this world, but be transformed by the *renewing of your mind.*" **Everything about a public education transforms the minds of students to the pattern of this world, just the opposite** of what this scripture says **NOT** to do.

Jesus said, "If anyone causes one of these little ones who believe in me to stumble, it would be better for them to have a large millstone hung around their neck and to be drowned in the sea." Mt 18:6 A school system that *ignores Christ in creation, that ignores Christ in history, morals and salvation is against Christ.* It's **anti-Christ**. Relativism trains kids to break ALL of the Commandments.

Honoring Charlie Kirk, pt 1 #2006

Many people have given up on the younger generation saying they are too woke, too liberal and too atheist. But **Charlie Kirk** claimed that university students *are becoming the most conservative generation.* **Charlie Kirk**, one of the most *persuasive and powerful* voices for conservatism and Christianity in this generation, took on spiritual forces at universities until he was assassinated at 31. **Charlie Kirk** went onto hundreds of liberal universities, set up a booth

and challenged *thousands* of students to debate him. Literally *thousands* (4,000 to 6,000) of students & professors came to listen to his conservative / Christian views. He challenged their liberal *indoctrination*. Some students claim DEI (diversity, equity & inclusion) is *our strength*. DEI is *embedded in all our educational intuitions supposedly to make America stronger*. But Charlie counters by saying diversity is **weakness**. **Unity is strength**. Would a basketball team be stronger with short players just to have diversity? Of course not! Would a football team with a few women for diversity be better? **President Trump** cut funding for schools that support DEI. *It discriminates against white students.*

Harvard admissions **requires** Asians to score **300 points higher** on the SAT test than **blacks**. White students had to have **100 points higher** than blacks. **That's blatant bigotry!**

- ⇒ To get a job at the University of California, applicants need to fill out a **diversity statement** that has been used to **disqualify 75% of white applicants**. That's not EQUALITY but prejudice!
- ⇒ **You would not choose a surgeon based on skin color but on his competence.**
- ⇒ **"I want the best! Not the most colorful."** Charlie Kirk

Discrimination based on **race** instead of on **skill, merit or competence is unconstitutional and wrong!** Just as the Marxist divided the bourgeoisie (owners) against the proletariat (laborers) as opposing groups so *we are being divided according to RACE!*

Young people are taught that *diversity is our strength*.

No, it's not. **Unity is our strength!** Our national motto states, "E Pluribus Unum," out of *many* come **ONE. Not the other way around.** Young people are taught that America was built on immigration, without mention that the immigrants **became Americans** and **adapted to our culture!** *The immigrants didn't try to change our culture or religion to fit their Islamic culture as Muslims do since they do not want to assimilate but remain a culture island dedicated to the destruction of "the great Satan".* Charlie said, "We need to **eliminate Muslim immigrants** who put Sharia, the antithesis, ahead of our Constitution. There is **no freedom in Muslim countries**." Issues: Honoring #2006-2007

God blessed this nation *because* our Founders established this nation under the God of the Bible built on Biblical morality. As scripture says, "Blessed is the nation **whose God is the Lord!**"

Don Trump Jr eulogized Charlie as a modern martyr who brought Light to spiritually & intellectual confused students. Charlie was one of the most powerful voices for life by making pro-abortion students think. ***If it's a baby, how can it legally be killed?*** It's a baby no matter where it's located.

Honoring Charlie Kirk, pt 2 #2007

Secretary of War **Pete Hegseth** eulogized Kirk as a Christian *warrior fighting the spiritual war* with knowledge and **truth**. One student

challenged Charlie accusing the USA of worldwide violence & oppression. Charlie countered by saying that South Korea and even Europe WOULD NOT EVEN exist without American intervention.

"My body, my CHOICE!"

A university student said she is pro-choice. Pro-choice to do what? Kill your baby! It's a woman's body, so it's her choice, right? Charlie Kirk says, "A baby is *not simply a part of its mother, like an appendix, but a separate human life with different DNA.*" Charlie Kirk asks, "Should abortion ever be legal? When does life begin? Abortion is murder no matter what age the baby is. What if YOU were conceived by RAPE?"

Should you be killed?" Charlie Kirk did a *masterful* job making young people **think, THINK and think again**, and not simply *parrot words they've been indoctrinated to believe*. Issues: Honoring #2006-2007

Charlie Kirk said, "The Democrat Party is the embodiment of *every pagan idea* that the Bible detests. Democrat women like AOC, Hillary and Kamala say masculinity is TOXIC, when in reality, the Democrat Party has become the *party of toxic femininity*."

Attacking the Left's intellectual power centers!

Elite private universities like Harvard, Yale, Princeton, and Columbia were once freedom for academic learning but they have become *indoctrination centers producing anti-American students*. Yet they would rather give up billions of federal funds to continue *their war to change our culture through* blatant discrimination based on race, gender and religion (DEI). Harvard does hold *separate graduation ceremonies* for black students, Latino students and Asian students, in addition to the main university commencement. They see it as their mission to segregate to promote DEI with *evangelic zeal*!

These institutions influence all levels of education throughout America.

Trump has prohibited *funding* universities that promote **antisemitism, transgenderism** and discrimination *in admissions, hiring and lesson plans*. The Department of Education's Office for Civil Rights is investigating universities that use *race as a basis for admissions*. DEI promotes *hate and harassment of Jewish students* and professors. Harvard University will *lose its tax-exempt status* and the \$2.2 billion in grants because of Harvard's *refusal to end discrimination*!

A Terrorist Transformed By Christ #2003

With the huge influx of illegals from our southern border, some have been Muslim terrorists! **Kamal Saleem** was a Muslim terrorist who came to recruit students into Jihad, but through a life-threatening car accident, he turned to Christ, and Christ appeared to him. How could anything other than an authentic experience with the Risen Christ explain the complete transformation of the hardened mind of this Muslim terrorist?

Kamal is a fearless Christian who goes into Mosques to convert Muslims to Christ. **Kamal Saleem** comes face to face with Imams to confront them about Christ.

Developing a Love for Learning #2002

How can you develop a genuine love for learning in your child? **Carole Seid**, an educational consultant said, "The single most effective tool in shaping a child's character is great literature. *The right book at the right time can change a child's destiny.*" **How can parents build genius in their children?** **Dr Raymond Moore**, the grandfather of homeschooling, says statistical research of geniuses throughout the ages shows there are three common elements to producing genius. Jesus said, "The greatest commandment is to love the Lord with all your MIND." Secular schools *can't do that* but homeschooling can.

A Christian in Secular College #2001

The percentage of Christians in this generation has declined to just 4%. A huge percentage lose their faith at college. How can a Christian survive in an anti-Christian campus? **Abby Nye**, a courageous Christian, university student, and author of *Fish out of Water-Surviving & Thriving as a Christian on a Secular Campus*, tells how professors intimidate and convert Christians into humanism. Her literature professor told Abby that the Bible is a book of myths and not a credible source. Yet she was required to buy a Koran for her required class on Islam.

What's the future for the Church if the majority of Christians leave the faith?

Home Education #1999

Parents! The education you choose for your child will determine their success or failure in life! How do home-schooled students do as adults? If a child does not go to school, *how will they learn to interact*

with other people? A comprehensive research study answers all your questions on home schooling. A leading researcher, **Dr Brian Ray**, President of the *Home Education Research Institute*, found that 94% of home-schooled students kept the Christian faith of their parents! While the majority, 90% of those who go to public schools, reject their Christian faith. Home education means *learning as they travel* to museums, art galleries, libraries and The Ark.. **One-on-one teaching is the best** since there's more academic time instead of **crowd control**. Students are integrated with all ages instead of being *segregated according to age*. That means they relate better *with all ages*. They are spared from **indoctrination into socialism, Marxism and homosexuality**. The parents dedicated to homeschooling are a demonstration of the **love and importance of their child and their child's education**.

Evolution is Non-Science and Nonsense #1997

Evolution tries to make atheism sound *intellectual*. *Evolution* is not scientific but a *religion* masquerading as science. **Dr Kent Hovind**, says "Humans have similarities to apes which shows a **common Designer** not evolution. Schools teach that a change in **species** is proof for evolution when it's not a change in **kind**. Finch's beaks **change** shape, but the *birds remain finches*. It's dishonest to call **adaptation proof** for evolution. The missing link is still missing because there never was one." Dr Hovind says, "A piece of a skull and a piece of a jaw don't prove **anything**! Fossils are just a bunch of bones found in the dirt that aren't proof of anything except that **evolution is a fairy tale** for adults. The fossil record is a *farce and evolution is a religion supported by taxes*. Yet this absurd fable is taught as science!

Celebrating 250 Years #1996

Young people today know virtually nothing of the sacrifices made for their freedoms. **To destroy a culture, destroy their history**. **Peter Marshall**, author of *The Light and Glory* –vividly describes the horrendous **emaciated** army at Valley Forge, barefoot in the snow, starving, *eating the bark off trees*, and the courage Washington gave the troops to fight on against impossible odds. God miraculously protected our Continental army with a **heavy fog** that hid them from **slaughter** from the British. **Tom Dooley**, author of *One Nation Under God-America's Lost Dream*, describes the **cost of freedom** in the sacrifices our forefathers paid with their lives.

How do you picture Jesus? A gentle, Jesus, meek and mild? Or do you picture **the risen ascended Lord of all things**? The **sovereign** King of all creation. Jesus Christ is sitting on the throne of heaven at the right hand of God the Father and in **control over all creation**. God's throne room is the **hub of all existence** – the place where God's presence is concentrated. Jesus sits on that throne, exhibiting unlimited power, authority, grandeur, and might.

You must vote!

"The only thing necessary for the triumph of evil is for good people to do nothing".

This is the most important midterm election in our history. We need turnout numbers **so big that cheating can't overcome it!** November's midterm elections will determine whether Hakeem Jeffries or Mike Johnson is speaker of the House, and whether Donald Trump's final two years will be spent warding off endless subpoenas, investigations, and another impeachment.

"Liberty, once lost, is lost forever." John Adams

John Adams warned, The freedom to vote is a privilege many nations around the world don't enjoy. Yet we take it for granted so that fewer and fewer people vote. In New York, three very radical candidates won their primaries with roughly **17% of eligible voters showing up**. Amazing apathy! Will we simply surrender our freedoms as a result of this kind of apathy? Many think, *"Why should I even vote?"* The radical Marxists gaining power around the country **are hoping you feel that way**.

Prayer

Thank you, Lord, that you, left the glories as the **Eternal God of heaven** to become a Man to suffer deep **anguish in Gethsemane and scourging and an excruciating crucifixion** to pay for all our sins and gift us with an eternal body that will **enjoy the wonders** of being with You forever. Amen.

In Christ's Love, Bob & Geri Boyd

Bob and Geri Boyd

Hosts/producers *Issues in Education*, President NACE

www.issuesineducation.org
