"My People are destroyed for lack of knowledge. Because you have forgotten the law of your God, I also will forget your children."

Hosea 4:6

America Needs God Once Again

Barack Obama, as a senator, is the only person to vote against the *Born Alive Victims Act* **four times!** Are there *no consequences* for a nation that elects this man **President?** What's the connection between electing Obama and the *financial crisis* that has vaporized trillions of dollars in wealth?

This nation has **squandered** our God given blessings both materially and spiritually! Massive layoffs, foreclosures; major companies, multinational banks and retirement funds are **bankrupt**. *The trillion dollar stimulus plan* is the greatest **government power grab** in history. *Under the guise* of an economic stimulus plan, we are turning into a **socialist** government that will tell car makers how to make cars, banks how to bank and students what kind of job they will fill. In essence, we have become the **United Socialist States of America**, the USSA! Obama and the Democrat Congress are taking America down a slippery slope with this monstrous stimulus package that will bring this nation to bankruptcy by igniting rampant **inflation**.

"Confidence in an unfaithful man in time of trouble is like a broken tooth, and a foot out of joint." Prov 21:28

Are we, as a nation, out of options? Is this the **imminent demise** of our nation?

*You can **not** establish security on borrowed money. You cannot strengthen the weak by weakening the strong. You cannot help the poor by **destroying the rich**.*

The Economic Crisis 1091

Trillions of dollars are being spent in bailouts but what will America look like when the government goes bankrupt? What happens in a financial MELTDOWN with major unemployment, no money for food or rent, burglaries, bank robberies, defaults, even starvation, chaos and panic in the streets? *How safe are the banks?* Can we count on the **Federal Reserve** to protect us? The Federal Reserve is neither federal – it's a private bank that has monopoly power over money- nor is it reserve, since it has doubtful reserves. Could a major bank failure deplete the whole FDIC fund?

More importantly, what can you do to prepare for it? What do you do when paper money has no value? Take a look at your money. It doesn't say it's redeemable for gold, oil or anything. It's just a piece of paper that doesn't cost much to print. Every dollar is like a check written on an overdrawn account. *What happens when people no longer accept a piece of paper as having any value?*

Will conditions get so bad Americans will exchange capitalism for socialism ? **Dr Larry Bates**, former bank chain CEO, Tennessee legislator - chairman of the Committee of Banking and Commerce, CEO of the *Information Radio Network* and the *USA Radio Network*, is the author of the *New Economic Disorder-Strategies for Weathering Any Crisis*. Dr Bates explains how this crisis happened and says, "*Cash at the crash is king.*" But is your money safe *in the bank?*

Fed Up With Fed Ed 1093

The Bible predicts a **one world government**. How will America's sovereignty *come to an end?* Will the United Nations Declaration of Human Rights replace our Declaration of Independence? Most people are unaware of the new mandated federal curriculum and how it will undermine our national

sovereignty. Our Founders gave their blood sweat and tears to establish this as an INDEPENDENT nation; will we now become just a state in the UN? Now that the Democrats control all FOUR branches of government (the major media is solidly the *propaganda arm of the Democrat Party*), *what will they do to us?* There is coming a major **upheaval** in the land. False and immoral ideas have **grave** consequences.

Bill creates detention camps in U.S. for 'emergencies'

Concerns about a military police state have been raised with Rep. Hastings, D-Fla., bill, H.R. 645, calling for the secretary of homeland security to establish no fewer than six **national emergency centers for corralling civilians** on military installations. The proposed bill, which has received little mainstream media attention, appears designed to create the type of detention center that could be used as *concentration camps* for political dissidents, such as occurred in Nazi Germany.

Detention camps for uncooperative civilians? Are we surrendering our independence by indoctrinating school kids into globalism and *anti-Americanism*? The Federal Government's curriculum, written by radical "leftists", will dictate that all schools teach "religious environmentalism" (paganism), and use schools to change our culture. **Alan Quist**, a professor for 40 years, former MN state legislator on the House Education Comm., was a candidate for governor, and author of *Fed Ed-The New Federal Curriculum, and America's Schools -- The Battleground for Freedom*, has some shocking predictions about our economy.

"Multiculturalism is a **political** agenda masquerading as an education program in which all cultures are equal, except American culture which is inferior." Alan Quist.

"We deplore the division of mankind on nationalistic grounds. Instead we've reached the point in human history where the best option is to transcend the limits of national sovereignty and move toward building a one world community based on a trans-national federal government." The Humanist Manifesto II

America can only be transformed through radically transforming our schools away from **academics** and towards changing the attitudes, values and *worldviews of students*. The bottom line: American independence comes to an end and is replaced with the utopian dream of a one world government where they promise **no more war** but *unity* between nations. Isn't it ironic that students in China's Tiananmen Square held copies of our Declaration of Independence in their hands as the communist tanks rolled in on them, yet here in America, so many of our own citizens want to turn in our independence for a **one world government?**

The Power of Words 1092

Marriages have failed, wars have been waged and companies have gone broke because of people's inability to communicate. **Do you keep your word?** Or do you say one thing and do another? Do you say things like, "The check is in the mail," or "Let's do lunch," or "I'll be there at 8 pm sharp!" but you don't mean it. They are just MEANINGLESS WORDS! Did you say, "til death do we part," then got a divorce? **For many people, the sinners prayer was just meaningless words!** If you say Jesus is your Lord, then if you say, "NO Lord," is He really your Lord? If He is your Lord, you do **whatever** He says. If someone is a follower of Christ, it will be *obvious* by what they **do and say**.

*"The man who says, I know Him but doesn't **do** what He commands is a **liar** and the truth is not in him."* 1 John 2:4

- We live in a culture that's breaking God Word and God's **heart**. Schools lie to students through revisionist history and disproven "evidence" for evolution.
- 13,000 young people took a pledge, in the *True Love Waits* campaign, to stay pure until married, but within 7 years 88% broke that promise. Were the words they said **meaningless**? **Tim Coody**, a former Marine helicopter pilot, a licensed counselor and author of *Meaningless Words and Broken Covenants*, exhorts listeners to consider carefully the words they speak.

Some people lie so much they believe their own lies. People who lie to others also lie to themselves; so that reality becomes blurred. Sanity is measured in how people use words. The more a person uses meaningless words, the more insane they are.

God takes our words very seriously. A liar, in our culture, is not unusual. But in Revelation 21:8 it says, "ALL liars will be thrown into the lake of fire." Lying gives the devil a foothold in your life that will lead to more and more serious sin.

- There is *life and death* in our words. Relationships are built on trust. That means keeping your word. That's what **integrity** is.
- "A word fitly spoken is like apples of gold in pictures of silver." Prov 25:11

Martyr's Rewards Last Forever 1089

How did just a few early Christians change the world yet today millions of Christians are changed by the world? Journalist **Ted Byfield** says the world was convinced of the truth of the gospel by how Christians faced the most gruesome tortures and death. **Todd Nettleson**, with the *Voice of the Martyrs*, gives fascinating accounts from the book *Extreme Devotion*, such as the North Korean mother who refused to deny Christ despite being forced to watch her children hanged, and she was run over by a steamroller. These stories of supernatural courage originate with Almighty God.

A Morally Challenged Nation 1088

How has homosexuality gained such acceptance in such a short time by our culture? A whole generation is now officially being trained in gross immorality as schools have degenerated from teaching values to promoting homosexuality. What will be the consequences for our nation? **Dawn Stefanowicz**, home educator, accountant and author of *Out From Under- The Impact of Homosexual Parenting*, testified on "hate crimes" before the Senate in Canada where homosexual "marriage" is now legal. Dawn talks about how this happened in Canada and why ignoring this issue won't stop it from coming here. Canada makes it illegal to say homosexuality is immoral on radio and TV.

Open, blatant and defiant sin against God is now approved and being advanced by our schools. Homosexuality and cross-dressing is presented as normal to students, from preschoolers through university.

HUMOR - A "Made Up" Interview

Q: We've heard that **cardiovascular exercise** can prolong life; is this true?

A: Your heart is only good for so many beats, and that's it. So don't waste them on exercise. Everything wears out eventually. Speeding up your heart will not make you live longer; that's like saying you can extend the life of your car by driving it faster. Want to live longer? Take a nap. (ho ho ho)

Q: Should I cut down on meat and eat more fruits and vegetables? A: What does a cow eat? Hay and corn. And what are these? Vegetables. So a steak is nothing more than an efficient mechanism of delivering vegetables to your system. Need grain? Eat chicken. Beef is also a good source of field grass (green leafy vegetable). And a pork chop can give you 100% of your recommended daily allowance of vegetable products.

Q: Aren't **fried foods** bad for you? A: **YOU'RE NOT LISTENING!!!** Foods are fried these days in vegetable oil. In fact, they're permeated in it. How could getting more vegetables be bad for you?

Q: Will **sit-ups** help prevent me from getting a little soft around the middle? A: Definitely not! When you exercise a muscle, it gets bigger. You should only be doing sit-ups if you want a bigger stomach.

Q: Is chocolate bad for me? A: **Are you crazy?** HELLO! Cocoa beans! Another vegetable!

Q: Is swimming good for your figure? A: If swimming is good for your figure, explain **whales** to me.

Q: Is getting in-shape important for my lifestyle? A: Hey! 'Round' is a shape! Well, I hope this has cleared up any misconceptions you may have had about food and diets. And remember: 'Life should NOT be a journey to the grave with the intention of arriving safely in an attractive and well preserved body, but rather to skid in sideways- body thoroughly used up, totally worn out and screaming 'WOO HOO, What a Ride' And remember:

1. The Japanese eat very little fat and suffer fewer heart attacks than Americans.
2. The Mexicans eat a lot of fat and suffer fewer heart attacks than Americans.

3. The Chinese drink very little red wine and suffer fewer heart attacks than Americans.
4. The Italians drink a lot of red wine and suffer fewer heart attacks than Americans.
5. The Germans drink a lot of beer and lots of sausages and suffer fewer heart attacks than Americans.

CONCLUSION: Eat and drink *whatever* you like. Being an American is apparently what kills you.

Now! The real doctors give you the truth about good nutrition:

The Doctor's Diet 1087

We have a national health crisis. We have a generation where 50% of children will get diabetes with severe adult consequences because of poor nutrition and being overweight. What can be done? It's not a matter of simply reducing calories. **Dr Scott Uloth** is a family medical doctor who has lost over 60 pounds of unnecessary weight. **Joe Klemczewsky** is a nutritionist with two doctorates and is a professional body builder. They are the authors of *The Diet Docs' Guide to Permanent Weight Loss* with practical steps for your whole family to have *vibrant health*.

How To F-o-c-u-s Your Attention 1086

Do you or your child have difficulty concentrating or focusing your attention? If a child has trouble paying attention in class, he is said to have A.D.D. (attention deficit disorder). E-R **Doctor Steve Guffanti**, author of *Does Your Child Really Have ADHD?* and the article *Homeschooling: A Natural Fit for the Kinesthetic Child*, gives seminars on how to overcome ADHD without drugs. Dr Guffanti has suggestions for kids who learn through movement (*kinesthetic* learners). **Peter Freer** invented the computerized, biofeedback machine "PLAY ATTENTION," that teaches how to focus your mind.

Terrorism is still very much a threat

*For those who think the global war on terror is just a bad memory belonging to the Bush administration, you might be surprised to discover it is still a very real threat. An Algeria news report says that 40 al-Qaida operatives were killed at a training base while they were experimenting with biological weapons. They were likely killed by a strain of the bubonic plague – the deadly disease that ravaged much of the world in the 13 and 14th century, wiping out fully a third of Europe's population. The details are horrific! The Algerian victims were afflicted with horrible boils all over their bodies, dying in excruciating pain after just a few hours. **It's an awful way to die.** What worries us is that if the "accident" was part of a wider program to create a deadly bio-weapon to be used against civilians in the U.S. or Europe, then we are in serious danger. The last plague in London in 1665 killed more than 30,000 people.*

Al-Qaida doesn't lack the will to do this, just the means.

How could any human being be so filled with hate and evil that they would purposely want to inflict this pain and suffering on civilian populations? The only explanation is Muslim religious zeal. That's why it's fascinating when a Muslim terrorist, who came to this country to convert and kill the infidel, becomes a loving born again Christian brother. Only God could work this miracle.

Loving Our Enemies 1085

How are American universities breeding grounds for recruiting students into Islam? **Kamal Saleem**, a PLO Muslim terrorist, came to this country to recruit students into Islamic Jihad, but instead he was miraculously converted by a supernatural experience with Christ. **Kamal Saleem** had a serious car accident and received such love and care from Christians that he began to question his mission and Allah. Kamal Saleem has become such a fearless and zealous Christian that he goes into Mosques to convert Muslims to Christ. He talks about the strategies of terrorists.

Raising Biblical Kids 1084

Raising Godly children is *not an accident* but requires time and dedication. Do we take the freedom to home-school for granted? Homeschoolers in Germany are so committed to educating their kids that

they risk everything, including huge fines, prison time and the loss of their children, to do it. Why is home schooling so important to these Christians? If you want **Godly** children, don't send them to **un-godly** schools. Attorney **Mike Donnelly**, with the *Home School Legal Defense Association*, and a professor of law, tells why he feels so passionately about *parents educating their own kids*.

Overcoming Stress & Worry 1082

What are you worried about? Are you concerned about the economic collapse? Your finances? Health? Your children? If stress and worry are robbing you of your joy, if your life is ruled by the tyranny of the urgent, you will find help from **Tim Kimmel**, author of *Little House on the Freeway-Help for the Hurried Home*. Worry is trying to solve tomorrow's problems with today's solutions. If your faith is small, your worries will be great. If your faith is great, your worries will be small. Knowing how to *rest* is a discipline. Shift your focus. You need a FAITH lift. Learn to control your thoughts, *not letting them control you*.

A Deadly Idea 1083

What single deadly idea was the main reason our culture went from Christian to secular and now even a socialist culture – so fast? World renowned speaker, **Ken Ham**, author of *The New Answers Book 2*, says generations have been taught to believe evolution and disbelieve the Biblical account of origins. We are engaged in a *war of worldviews*. So why do Christians continue to send Christian kids to schools that only teach one side? Many “proofs” were once presented as scientific, yet are today known to be hoaxes. How old is the earth? Why is the Scopes Trial, and this issue, so significant?

Why don't we, as a nation, celebrate George Washington's birthday? Sure, we have a generic “Presidents Day”, but not Washington or Lincoln's birthday. **Why not?** We have a federal holiday for Martin Luther King's birthday. We don't have a “civil rights leader's” day. So why don't we have a holiday for the Founder of this country's birthday?

- Are we *ashamed* of our nation's heritage? Or are we just **ignorant** of it? Schools have turned away from teaching about our American history. Could it be that it's too Christian?
- In 1782, the American Congress approved and funded the printing of the Holy Bible for use in the public schools! Yet ON **RELIGIOUS FREEDOM DAY**, January 16th, school adminis**TRAITORS** in Florida denied Bible distribution on campus. On **RELIGIOUS FREEDOM DAY!!** How ironic!
- Atheist groups have made it their life's work to eradicate all traces of Christianity from public schools and public places and they've persuaded the public schools and courts to go along with them.

School Administrators Deny Bible Distribution on Religious Freedom Day

On Religious Freedom Day, *World Changers* of Florida has been denied the right to distribute Bibles within the Collier County School District. The superintendent refused to allow the group to set up tables offering free Bibles based solely on the materials being religious in nature. Where is the religious freedom for Christian students even on Religious Freedom Day? It is a sad day when the Bible is treated like contraband when it was once the focus of our educational system! *Liberty Counsel*, 1/15/09 www.LC.org

The ACLU has filed lawsuit after lawsuit to stop Christians from giving out Bibles to students in public schools, yet atheist groups like the ACLU are determined to force all students to undergo indoctrination in homosexual behavior- with or without parental permission. Parents are expressing shock and outrage over a *“partnership” between the ACLU and a growing number of public school officials* who aim to condition children –starting in kindergarten- to embrace and approve of homosexual behavior.

Find out what's going on. Go to our website <www.issuesineducation.org> to see the video *Suffer the Children*, derived from *It's Elementary*, which trains teachers to advance the homosexual agenda in class. In one scene, a fifth grader says, "Some Christians believe that if you're *gay*, you'll go to hell. So they want to *torture* them and stuff." Talk about turning kids away from the faith, this is it.

The Bible was used in public schools from 1607 to 1962! That's 355 years of Bible learning. Is it any wonder that this was a Christian nation? Yet recently a federal district judge, Catherine Perry, issued an **order** prohibiting *any Bible distribution* at school. She derisively called the Bible – "an **instrument of religion**." She said, "Bible distribution at public schools is unconstitutional and banned!" Why is this important? Because public schools have the biggest influence on what our culture will become. They, more than any other influence, determine the *beliefs and attitudes* of this generation. What's taught, or CENSORED out of schools, determines what our culture will value and what will be discarded.

So *cynicism and doubts* about our Founders are replacing patriotism in public schools. National test scores show students know very little about our nation's foundations in liberty. Although 22% of Americans can name all the characters in *The Simpsons*, hardly any, only 1 in 1,000, *could name the freedoms guaranteed by the First Amendment*. Incredibly, 21% of Americans thought the right to own a pet is the First Amendment.

So the Bible is treated like contraband, like porn or poison, while schools indoctrinate students into homosexuality. And it's having a profound, devastating impact! A Zogby poll found that 85% of high school seniors support adoption by homosexuals, while more than 60% approve of same sex "marriage."

What is our national motto? Do you know what it is? Many young Americans don't. It is "In God we trust." But as a nation, **do we trust** in God? How does a nation trust in God when they eliminate any mention of Him in our schools?

"If a nation expects to be ignorant and free, it expects what never was and never will be." Thomas Jefferson

The results of a poll commissioned by the American Council of Trustees and Alumni found 35% of seniors at the top 55 colleges thought, "From each according to his ability, to each according to his needs," which is Marxism, **was in our Constitution**. More than half (52%) thought Germany, Italy or Japan was a U.S. ally during World War II. Sixty-eight percent of fourth-graders chose Texas, California or Illinois as one of the original 13 colonies.

Ignorance is a greater threat than terrorism because **ignorance** enables politicians, for example, to manipulate us into *rejecting capitalism* and accepting *socialism*. **Socialism is slavery!** Socialism is where the government decides what kind of work you do and how much money you make. Capitalism says if you're successful you can make whatever you achieve. Socialism abolishes ownership of property, and makes man god and, the extreme, makes you an enemy of the state because you won't violate the First Commandment by putting the state (Caesar) above God.

Founding Father Patrick Henry said, "It's when a people **forget God** that tyrants **forge their chains**." James Madison, the chief framer of the Constitution said, "We have staked America's future on the capacity of each of us to govern ourselves according to the Ten Commandments of God."

Ben Franklin -1787, "Only a **virtuous** people are *capable of freedom*. As nations become more corrupt and vicious, they have more need of **masters**."

Florida Court Sets Atheist Holy Day

In Florida, an atheist sued Christians and Jews over Easter and Passover holy days. His attorney argued that it was unfair that atheists had no such recognized days. After listening to the passionate presentation by the lawyer, the judge banged his gavel declaring, "Case dismissed!"

The lawyer immediately stood objecting to the ruling saying, "Your honor, how can you possibly dismiss this case? The Christians have Christmas, Easter and others. The Jews have Passover, Yom Kippur and Hanukkah, yet my client and all other atheists have no such holidays."

The judge leaned forward in his chair saying, "But you do. Your client, counsel, is woefully ignorant." The lawyer said, "Your Honor, we are unaware of any special observance or holiday for atheists." The judge said, "The calendar says April 1st is April Fools Day. Psalm 14:1 states, 'The **fool** says in his heart, there is no God.' Thus, it is the opinion of this court, that if your *client says there is no God*, then he is a **fool**. Therefore, **April 1st is his day. Court is adjourned!**"

Washington- A Man of Integrity 1090

We got a letter from a listener who wrote, "You painted the **founding fathers** as heroes when they were *murderers, liars and thieves* who stole this country from the Indians." All history is filled with one group or tribe taking land from another. Did Washington own slaves? Yes, but he was the first President to voluntarily FREE his slaves! He even provided for them. Why no mention of that?

Was Washington a Christian or a deist? If he were a deist, he would *not ask God to intervene*. Did Washington believe in a separation of church and state? Washington said, "The two indispensable pillars for any government are *religion and morality*." By "religion" he was referring to Christianity. He says Christianity and morality are *indispensable*. Today government schools have eliminated them!

Pastor **Peter Lillback**, President of *Westminster Theological Seminary* and author of the best selling, 1,000 page book, *George Washington's Sacred Fire*, and *Lessons on Liberty*, brilliantly gives the benefits we have today because of Washington. Washington turned down being KING at the end of the American Revolution and without General Washington, we would still be a colony of Britain.

Did the Founder of America consider government support for Christianity Constitutional? Washington ordered his troops to pray and behave like Christians. He believed that the best way to teach honesty, courage and personal responsibility was through Christianity.

Peter Marshall, author of *The Light and the Glory*, tells how God supernaturally protected Washington and saved the American army.

The nation's school boards have virtually abandoned naming schools after presidents, but instead name them after nature. *The Manhattan Institute for Policy Research* reports that, for example, of the 3,000 public schools in Florida, five are named for George Washington and 11 for manatees, or *sea cows*, 54 for palm trees, 91 for wooded areas and 155 for lakes. So the **sea cow** has trumped the Father of our country so they don't offend anyone.

On a recent test, only 2% of students knew Madison was the Father of the Constitution. Why is that important? Madison declared, "The diffusion of knowledge is the only guardian of true liberty." God says, "My People are destroyed for lack of knowledge." ^{Hosea 4:6} Russian philosopher, Solzhenitsyn, said, "To destroy a culture destroy its history." Our culture is being *destroyed* because of *ignorance of history!*

As our nation let go of a belief in an all POWERFUL GOD, they've accepted a belief in an all POWERFUL STATE! President Obama said, "Only government can provide the short-term boost necessary to lift us from a recession this deep." But 28 years ago, **Ronald Reagan** said government was the *problem, not the solution*. Less government means *lower taxes* and Reagan **lowered** taxes.

We conclude with the words of Kenneth Cribb, President of *The Intercollegiate Studies Institute*:

*America's ability to answer the calls of both war and peace know no rival in human history. We have settled a continent, freed captive peoples, and turned conquered enemies into committed friends. And it did not happen by accident. But in recent years, many leaders in education, church and government have **failed in their duty** to prepare the next generation. We are beginning to see the consequences of a 40 year assault on our values and beliefs. A financial crisis has wiped-out trillions of dollars in wealth, promoting a serious national discussion about whether free enterprise remains a viable system for America- and whether we should bail out the very people who got us into this mess.*

If Socialism has come to America, because it was implanted in the minds of past generations, there is no reason that contrary ideas cannot be taught to a new generation. What has been done **can be undone, if there is a will for it.** Frank Chodorov in Human Events, 1953- A 50 Year Project to Combat Socialism on the Campus.

Ours is a nation bound together not by blood or by birth but by a commonly held set of ideas and beliefs. Once those ideas are defeated, America itself is defeated. American colleges have nearly eradicated the American idea from the minds of generations. Walk through the student union of any major university and you'll see the radical transformation process at work. Black student centers, women's centers, and others -including Latinos and homosexuals- have begun clamoring for their centers.

*At UCLA – the African Student Union conducts its own segregated graduation ceremony, while the Latino group conducts a ceremony that includes a mariachi band and Mexican dances, while a “lavender graduation” is held for homosexuals. There is a racial animosity among our nation's most educated young people. The flames of racial distrust are fanned throughout the college years in ethnic studies courses and diversity seminars that begin with freshman orientation. Former Africana Studies professor at North Carolina State, Dr Kamau Kambon, demonstrates how virulent the tide of radicalism is becoming: “We are going to **exterminate the white people** because they are going to kill us. Now I don't care if you clap or not. We have to stop playing and get very serious in solving the problem and the **problem is white people.**”*

What is needed is a reaffirmation of the *first principles* that united us in defending the blessing of citizenship in a free and civil society. When the rants of the Left are measured against the brilliance of the Founders and the traditional values of Western civilization, radicals always lose.

HUMOR:

- People just don't understand why we don't own a cell phone. So we've decided to wear our **GARAGE door openers** on our belts.
- When employment applications ask, 'Who is to be notified in case of an emergency?' You should write, “a good **doctor!**”
- Why do they put pictures of criminals up in the post office? What are we supposed to do, write to them? Why don't they put their pictures on the postage stamps so the mailmen could look for them while they deliver the mail?
- When you have a lot of things to do, it's best to **get your nap** out of the way first.
- Live your life in such a way that when your feet hit the floor in the morning, Satan shudders and says, “Oh no ...he's awake!”

God's best blessings to you,
